

# 1981 CHRYSLER LeBARON

---

## LeBARON FOUR-DOOR. PRESTIGE IN AN EFFICIENT SIZE.

**Y**ou might call the '81 LeBaron Chrysler's finest mid-size sedan ever. Go ahead. You wouldn't be far from the truth. Because, whether you choose the elegant top-of-the-line Medallion (shown here) or the surprisingly well-appointed Salon, you'll be getting a four-door that's built to be driven and enjoyed for years to come.

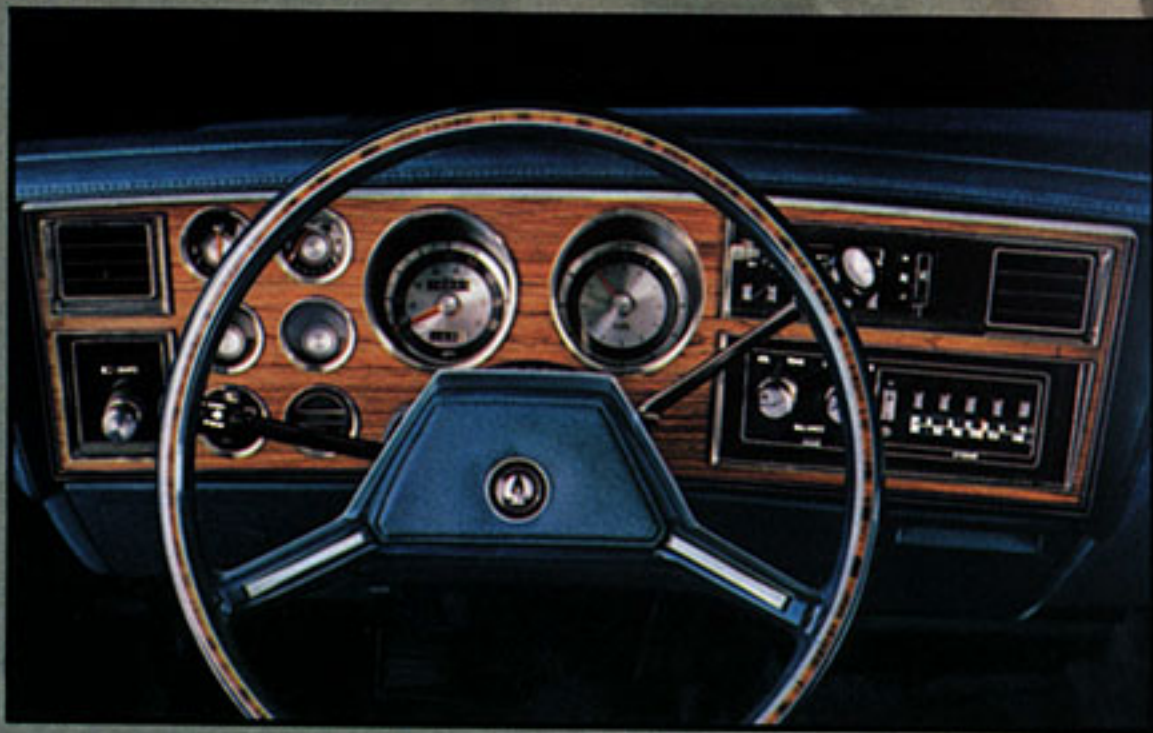

LeBaron Medallion four-door's standard 60/40 seating upholstered in rich cloth. Shown here in Dark Blue.

LeBaron's quality is the result of many things. An extensive use of corrosion-resistant materials. Strong Unibody construction. A proven Slant Six power plant and TorqueFlite automatic transmission that have been refined over the years for performance, efficiency and dependability. And a height-adjustable transverse torsion bar front suspension for smooth riding comfort.

Never before has Chrysler given so much attention to quality materials, assembly techniques and inspection procedures...all designed to make this year's LeBaron more than just a handsome, easy-to-handle mid-size car.

In fact, The New Chrysler Corporation is so sure of LeBaron's quality engineering and construction, it offers a 30-Day/1,000-Mile (whichever comes first) Satisfaction Money-Back Guarantee that's available at many dealers. See page 12 of this catalog for full details.

This handsome gauge-filled instrument panel is standard on all LeBaron models.

LeBaron Medallion four-door in Pearl White.

**About this catalog:** We have tried to make this catalog as complete as possible. And we hope you find it useful. However, since the time of printing, some of the information you'll find here may have been updated. Also, some of the equipment shown or described throughout this catalog is available at extra cost. Your dealer has details and you should ask him for current information before ordering.

## LeBARON TWO-DOOR. A PERSONAL CAR WITH CLASSIC STYLE.

**L**eBaron is a name that has long been associated with the most stylish and exciting Chryslers ever built. And this year's LeBaron two-door easily maintains that tradition. With lines that are both confident and appealing. Smooth sheet metal and crisp, clean corners. A perfect blend of the classic and the contemporary. Inside and out. In Medallion and Salon models.

But don't get the idea that this LeBaron two-door is just another handsome mid-size automobile. Try to look beyond its shiny surface for a moment and you'll discover a solid, well-built car. The product of fine engineering, exceptional workmanship and one of the most demanding quality control programs in the automotive industry.

These cloth-and-vinyl seats with folding center armrest are standard on the Salon two-door. Shown here in Red.

LeBarons are selected at random for special checks as they come off the assembly line and as they wait in shipping yards—before they're delivered to Chrysler-Plymouth dealers all over America.

The way Chrysler sees it, all the great styling, beautiful interiors, terrific new colors and dazzling options aren't going to mean much if your new LeBaron two-door isn't put together properly.

Make no mistake—with standard equipment like a proven Slant Six engine, power steering, power brakes, a TorqueFlite automatic transmission and an isolated transverse torsion bar front suspension—the 1981 LeBaron two-door is one very enjoyable car to own and drive. But it's Chrysler's unswerving commitment to quality that makes LeBaron the truly fine car it is. And an unquestionable value for the money. Right now... and in the years ahead.

# LeBARON TOWN & COUNTRY. A NEARLY UNLIMITED CAPACITY FOR LUXURY.

**T**own & Country. The very name tells you that this is no ordinary means of transportation. Of course, it can carry a generous 73.3 cubic feet of cargo with the rear seat down or six adult passengers with the rear seat up. But how it carries them! In the lap of luxury. With carpeting, stainless steel skid strips and lockable stowage bins in the cargo area. With soft vinyl seating standard. In a car as quiet and solid as Chrysler can make it.

Luxury unlimited. The Town & Country's optional 60/40 leather-and-vinyl seating.

Outside, the Town & Country offers the characteristically handsome, even elegant styling you've come to expect in a Chrysler LeBaron. But with a look all its own. With unique simulated ash moldings and teakwood applique on the sides and rear to set it apart from every other wagon on the road. Chrysler's engineering and superb quality control program also help make this wagon unlike any other available. From the smoothness of its transverse torsion bar suspension ride to the response of its refined Slant Six engine and the fit of its doors and body panels, the Town & Country remains an outstanding achievement in automotive design and execution.

For people who prefer their elegance and utility . . . but not their quality . . . understated, there is also a more affordable LeBaron Wagon. Whichever one you choose, rest assured that you have selected a mid-size wagon with a remarkable capacity for the finer things in life.

## SPECIAL SEDAN. TRADITIONAL MID-SIZE VALUE.

**T**here's another LeBaron tradition well worth talking about. It's the tradition of value. And these days that's just as important to most people as a tradition of richness and style. Despite its obvious attention to elegance and comfort, LeBaron remains first and foremost a car of exceptional value. That has never been more true than in the case of the 1981 LeBaron Special sedan. In fact, many people think it's the best value in its class today. For a lot of very good reasons.

The most obvious one, of course, is this LeBaron's solid good looks. From front to back and top to bottom, there are few more handsome. That goes for the interior as well. Its roomy dimensions are filled with good-looking materials and well thought-out design. Like a standard cloth-and-vinyl bench seat. A comfortable driving position that places you squarely in front of a finely crafted, gauge-filled instrument panel. And controls that are easy to reach. Controls that put you firmly in command of the power steering, power brakes, automatic transmission and 225 six-cylinder engine that are all standard in this surprisingly affordable Chrysler.

These—and Chrysler's constant attention to quality in every detail—are all part of what makes the 1981 LeBaron Special sedan such an extremely valuable commodity in today's mid-size market.

LeBaron Special sedan's optional split-back bench seat in soft vinyl with folding center armrest. Shown here in Cashmere.

# LeBARON... A NEW SET OF VALUES.

Unibody construction  
for strength.

Standard power  
steering for easy,  
precise control.

A standard proven  
and improved six-  
cylinder engine for  
a good blend of  
response and  
economy.

A patented  
transverse torsion  
bar front suspension  
for a quiet, controlled  
ride.

Extensive use of  
galvanized sheet  
metal for corrosion  
protection.

Standard wide-ratio  
automatic  
transmission.

Electronic ignition for  
sure, quick starts.

Standard power  
brakes for sure, fade-  
resistant stopping.

#### Slant Six engine.

LeBaron's standard power plant is the proven 225 Slant Six engine which has demonstrated its reliability over the years in millions of miles of both private and commercial service... improved for '81 with the addition of hydraulic valve lifters. It's an engine that's both responsive and economical to maintain, thanks in part to the TorqueFlite automatic transmission that's also standard on LeBaron.

#### Corrosion protection.

Chrysler Corporation's corrosion protection is among the best in the industry. It includes the use of galvanized sheet metal panels, one of the best known methods of corrosion protection, as well as the seven-step dip-and-spray process. Both keep your LeBaron looking new for years to come.

#### Radial-ply tires.

Chrysler was the first American automotive manufacturer to make

radial-ply tires standard on all its cars. And for good reason. Because of their advanced design, radial-ply tires roll more easily than standard bias-ply tires for greater fuel savings. Radials also wear better under normal driving conditions. And they grip the road more firmly for improved handling. Glass-belted radial white sidewalls are standard on all LeBaron models. Steel-belted radial wide white sidewalls are optional on all LeBaron models.

#### Large trunk capacity.

Although some LeBaron models have gotten smaller and lighter in recent years, they still offer plenty of space for luggage or cargo. 14.8 cubic feet in the trunks of two-door models. 15.6 cubic feet in the trunks of four-doors. 73.3 cubic feet in wagon models with the rear seat down. And 81.5 inches of cargo length to back of front seat. In addition, trunks are fully carpeted in Medallion models; the cargo area is fully carpeted in the Town & Country Wagon.

#### Electronic ignition.

Another first for Chrysler is electronic ignition. It's standard on LeBaron, of course, to assure you of improved highway performance and sure, quick starts in all kinds of weather. It also helps prolong the life of spark plugs. And, because ignition points and condenser are eliminated, it reduces tune-up costs.

#### Six-passenger room.

And comfort. Every LeBaron with standard seating offers plenty of both to handle the needs of six full-grown passengers. Some competitive models seat only five, even with front bench seats. LeBaron, unlike some competitors, offers seat construction similar to that used in fine furniture. Seats offered in a choice of soft vinyl, rich cloth, or even optional leather and vinyl in some models.

# PICTURED OPTIONS

1. An illuminated entry system lights up your interior and the door key cylinder when you lift either door handle . . . for added convenience and security.

2. Automatic speed control and an intermittent wiper feature are two options every LeBaron owner will enjoy.

3. You have a lot of entertaining options with this AM/FM stereo radio and cassette player with Dolby\* option.

\*Dolby is a trademark of Dolby Laboratories, Inc.

4. No need to simmer in the summer . . . just order your '81 LeBaron with air conditioning and keep cool on even the hottest days.

5. Want to add a little road appeal to your new LeBaron? Then order these five-spoke forged aluminum road wheels.

6. The classic look of luxury is all yours for the ordering, when you specify these glamorous wire wheel covers.

7. The sound system that lets you have your say. Our AM/FM stereo radio with CB. A great option for long distance drivers.

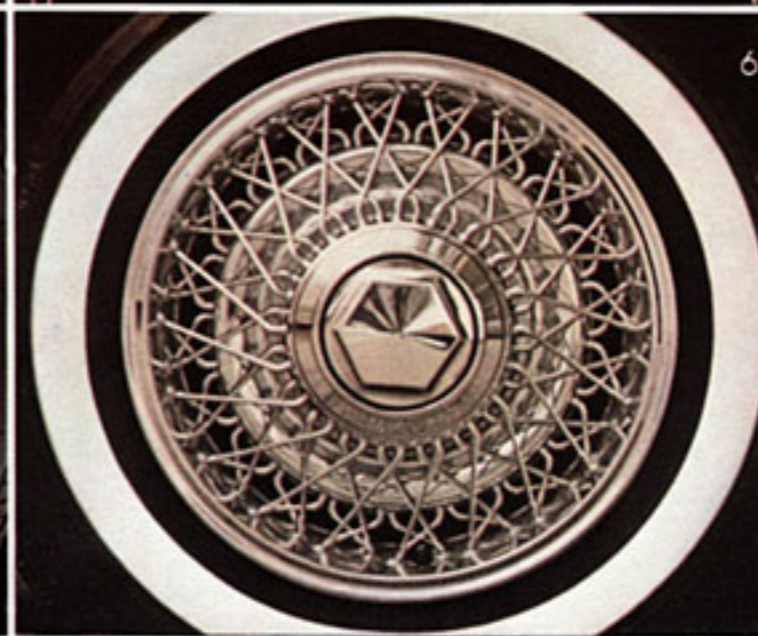

8. Illuminated vanity mirrors are available for both driver and front seat passenger.

9. What's good enough for your windshield is good enough for your liftgate. LeBaron's wiper/washer system for wagons.

10. Pull the vinyl over prying eyes . . . and valuable goods. With this cargo security cover for wagons.

11. Wrap your hands around this handsome woodgrain trimmed luxury steering wheel. It's the finishing touch to LeBaron's handsome interior. (Standard on Medallion models.)

12. **5/50 Protection Plan** is an optional service contract. It's the longest protection plan of any domestic manufacturer\* and covers major power train components for five years or 50,000 miles (whichever comes first) from the time you take delivery of your new Chrysler LeBaron. Coverage begins after the limited warranty expires. The plan, which has a \$50 deductible per repair visit, also has an allowance for alternate transportation and towing. Ask your dealer for full details, including plan availability in your area.

## READY-TO-ORDER FORM EXTERIOR

- LeBaron Salon Two-Door**  
Includes bright windshield, back window, roof drip, belt, bright center pillar, quarter window, wheel opening and sill moldings; body-side accent stripes.

**30-Day Satisfaction Money-Back Guarantee.** If you are not completely satisfied with your new LeBaron, bring it back in good condition with no metal damage. Once your dealer receives clear title we'll refund your money less finance and insurance charges and less the difference, if any, between the trade-in refund value (as shown on the "Trade-In Refund Agreement") and the trade-in value allowed on the retail sales contract. One refund per customer. See your dealer for details.
