

1982 PONTIAC PHOENIX

Get ready for a good time. The 1982 Phoenix is designed to turn a dreary drive into fuel-efficient fun.*

PHOENIX LJ. For starters, try this formal approach to driving fun. It all begins with

new electronic fuel injection for the standard 2.5 liter 4-cylinder engine. Rack and pinion steering. Front-wheel drive. And full coil suspension.

But then LJ adds a few formal touches

all its own. Like a distinctive hood ornament, hood windsplit molding and custom wheel covers.

From there, turn your attention inside. You'll get caught up in an inner world of

driving pleasure highlighted by a luxury cushion steering wheel, luxury notchback front seat with center armrest, and the rich look of lower door trim carpeting. There's also acoustical insulation to help keep

outside noise from interfering with inside fun. And it's all standard!

For an even more distinctive look, add available whitewall tires, wire wheel covers, removable glass sunroof and padded

Landau top (Coupe only).

Then go to town! Whatever the event, your Phoenix LJ is dressed for the occasion!

*See back cover for EPA fuel economy ratings.

Phoenix LJ livens up any fling—formal or fancy-free! Some available features shown.

IMPORTANT: A WORD ABOUT THIS CATALOG.

We have tried to make this catalog as comprehensive and factual as possible and we hope you find it helpful. However, since the time of printing, some of the information you will

find here may have been updated. Also, some of the equipment shown or described throughout this catalog is available at extra cost. Your dealer has details and, before ordering, you should ask him to bring you up to date.

The right is reserved to make changes at any time, without notice, in prices, colors, materials, equipment, specifications and models. Check with your Pontiac dealer for complete information.

PHOENIX. This bird is a product of the same good breeding as LJ. And just like LJ, Phoenix is designed to handle all the fun you can muster!

Up front, there's new electronic fuel injection to help the standard 4-cylinder engine run smoothly when you take to the streets.

Along the way, Phoenix supplies you with standards that keep the good times going strong. Like a floor-mounted 4-speed manual transmission with overdrive. Rack

and pinion steering. MacPherson strut front suspension. And front-wheel drive for darting over backroads or dashing through the snow.

If you're looking for Phoenix flair in a cargo carrier, look into Phoenix Hatchback. You get Pontiac's kind of sporty styling. Comfortable seating for five. Plus an ample cargo

compartment in back. And with its rear seat folded down, you'll find plenty of space for suitcases or sports equipment—41.3 cubic feet of it!

Phoenix Hatchback is ready to play when you are! Some available features shown.

PHOENIX SJ. SJ is the Phoenix for people who absolutely love to drive. Who relax by hitting the streets instead of the hammock. And who make sure to take one last lap

around the block before calling it a night. Phoenix SJ is one street machine that does more than just look the part. Its standard Pontiac-style grille, black side window

frames and cast aluminum wheels give it a road stance all its own. And with its bold graphics and available rear spoiler, the world will be well aware of how you like

to drive your new Phoenix SJ! Move inside for a spin and watch SJ's long list of standards come alive! With the ready response of a 2.8 liter H.O. (High

Output) V-6 engine. A 4-speed manual trans with overdrive. Power steering. Power brakes. A rally gage cluster

that includes tach, trip meter and clock. And the road rally comfort of bucket seats. For extra convenience add an available tilt steering wheel and 6-way power driver seat.

High output excitement characterizes this road-ready street machine! With an available rear deck spoiler to complete the SJ Coupe scene! Other available features also shown.

Slick up your Phoenix with available Delco-GM AM/FM stereo radio and cassette tape, electric rear window defogger, and rally gages with tach and clock (standard on Phoenix SJ). Other available features also shown.

Available luxury notchback seats (standard on Phoenix LJ) add an extra touch of richness that helps make Phoenix as comfortable as it is beautiful. Other available features also shown.

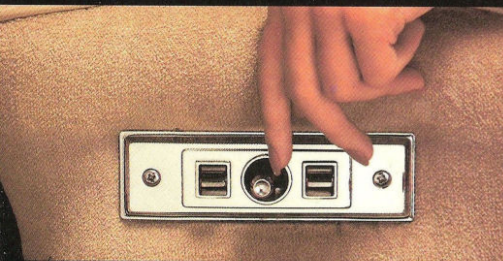

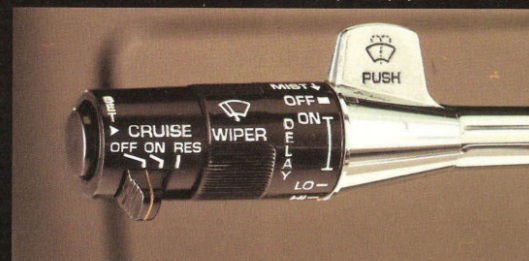

An available removable glass sunroof lets the fun of Phoenix shine through!

A removable cargo cover is available on Hatch (standard on Phoenix LJ) to help keep your valuables out of the public eye.

Six-way power driver seat is available on all Phoenix models.

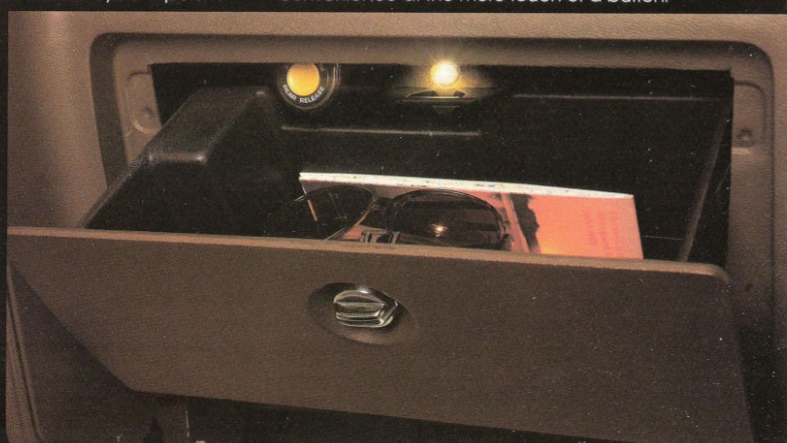

Standard multi-function lever with available cruise control (requires power brakes) and controlled-cycle wipers.

Available power windows give you extra driver convenience at the mere touch of a button.

For added Phoenix flair, order available sport mirrors.

There's even a remote control deck lid release available—for quick and easy access to boxes or baggage!

A WORD ABOUT ASSEMBLY, COMPONENTS AND OPTIONAL EQUIPMENT IN THESE PONTIAC PRODUCTS.

The Pontiacs described in this brochure are assembled at facilities of General Motors Corporation operated by Pontiac, GM Assembly Division or GM of Canada. These vehicles incorporate thousands of different components produced by various divisions of General Motors

and by various suppliers to General Motors. From time to time during the manufacturing process, it may be necessary, in order to meet public demand for particular vehicles or equipment, or to meet federally mandated emissions, safety and fuel economy requirements, or for other reasons, to produce Pontiac products with different components or differently sourced components than initially scheduled. All such components have been approved for use in Pontiac products and will provide the quality performance associated with the Pontiac name.

With respect to extra cost optional equipment,

make certain you specify the type of equipment you desire on your vehicle when ordering it from your dealer.

Some options may be unavailable when your car is built. Your dealer receives advice regarding current availability of options. You may ask the dealer for this information. GM also requests the dealer to advise you if an option you ordered is unavailable. We suggest that you verify that your car includes the optional equipment you ordered or if there are changes, that they are acceptable to you.

STANDARD FEATURES ON 1982 PHOENIX MODELS

SAFETY FEATURES

Occupant Protection

- Manual lap/shoulder belts with push-button buckles for driver and right front passenger (driver side includes visual and audible warning system)
- Manual lap belts with push-button buckles for rear passenger positions
- Energy-absorbing steering column
- Passenger-guard door locks
- Safety door latches and stamped steel hinges
- Folding seatback latches
- Energy-absorbing instrument panel and front seatback tops
- Laminated windshield/tempered side and rear glass
- Safety armrests
- Identification symbols for controls and displays
- Glove box door latch and console cover latch impact security (when applicable)
- Smooth contoured door and window regulator handles
- Automatic locking rear outboard seat belt retractors
- Pressure lock radiator cap

Accident Avoidance

- Side marker lights and reflectors
- Parking lamps that illuminate with headlamps
- Four-way hazard warning flasher
- Backup lights
- Lane change feature in direction signal control
- Windshield defrosters, washer and dual-speed wipers
- Vinyl-edged inside mirror
- Outside rearview mirror

- Dual master cylinder brake system with warning light
- Starter safety switch
- Dual-action safety hood latches
- Low glare finish on instrument panel top, inside windshield moldings, wiper arms and blades, and steering wheel metallic surfaces.
- Safety wheel rims
- Front disc brakes with audible wear indicators
- Self-adjusting brakes
- Illumination of heater and defroster controls on instrument panel
- Pressure relief gas cap

Anti-Theft

- Audible anti-theft ignition key reminder
- Anti-theft steering column lock
- Inside hood release
- Anti-theft key system (one key for ignition only, second key for doors, trunk/hatch and glove compartment)
- Visible vehicle identification number

OTHER STANDARD FEATURES

- Body by Fisher
- Delco-GM Freedom® II battery
- Heater/defroster system
- Carburetor air preheater
- Evaporative emission system
- Foam seat cushions
- Full-flow oil filter
- Labeled instrument panel control switches
- Radio interference-suppression ignition
- GM's Computer Command Control with catalytic converter
- On-board "check engine" light on instrument panel
- High-energy ignition
- Speedometer graduated in kilometers per hour as well as miles per hour (odometer registers miles)

A WORD ABOUT ENGINES

Some Pontiacs are equipped with engines produced by other GM divisions, subsidiaries, or affiliated companies worldwide. See back cover or your dealer for details.

THE GM CONTINUOUS PROTECTION PLAN

The GM Continuous Protection Plan is now available to anyone purchasing a new Pontiac. It is one of the most extensive programs of its kind, providing extended repair protection (over and above the usual Pontiac limited warranties) against the cost of UNEXPECTED REPAIRS plus an allowance for towing expenses during and after the GM New Vehicle Limited Warranty period. And it's transferable.

The Plan covers up to ten major assemblies (inc. engine, front-wheel drive, factory air conditioning, even the electrical system) plus most seals and gaskets.

The Plan offers an allowance toward the cost of a RENTAL VEHICLE should your car be inoperable and kept overnight for repairs covered by the GM Continuous Protection Plan.

The Plan also provides an allowance for TOWING or EMERGENCY ROAD SERVICE in the event any part covered by the Plan should fail—and during the New Vehicle Limited Warranty period if your car is disabled for any reason at all.

The GM Continuous Protection Plan lets you cancel within 60 days and receive a full REFUND, providing you have filed no claims under the Plan. Best of all, the GM Continuous Protection Plan is honored at participating Pontiac and other GM dealers across the country.

See your Pontiac dealer today for complete details on this exciting GM Continuous Protection Plan. (Available in United States and Canada only.)

PHOENIX FACTS & FIGURES

Now that you've decided on a Pontiac, you're ready for the next step: selecting the combination of "extras" that will make it uniquely yours. Take your time and study Pontiac's long list of standard and available features. Then see your dealer about buying or leasing a 1982 Pontiac.
