

2007 G6

Innovation by innovation and detail by detail, G6 reshaped old standards to create a more personal definition of performance. Its design is taut and contemporary, shaped to outlast fickle twists of style. Its responses are crisp and immediate but always instinctive and composed. Its functional systems are technically advanced, tuned to feel solid and rewarding at first drive. A machine that makes the refinement formerly exclusive to expensive imports accessible to an entirely new group of driving enthusiasts.

G6 Convertible in Blue-Gold Crystal Metallic, GTP Coupe in Black and GTP Sedan in Electric Blue Metallic, all shown with optional equipment.

1 With the optional six-speed manual transmission, the GT attains 18 MPG city and 27 MPG highway. 2 Cargo and load capacity limited by weight and distribution. 3 Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. Trailering is not recommended for four-cylinder or Convertible models. See your Pontiac dealer for additional details. 4 Not available on GT Convertible. 5 Available on G6 Value and G6 Sedan only. 6 Included and only available with Sport Package. 7 Not available with Sport Package. 8 Requires Sun & Sound Package. 9 Four-wheel disc brakes upgradable to four-wheel antilock brakes. 10 P225/50R18 touring blackwall tires upgradable to P225/50R18 performance summer-only blackwall tires. 11 Always use safety belts and the correct child restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active air bag. See the vehicle Owner's Manual and child safety seat instructions for more information. 12 Head-curtain side-impact air bags are designed to help reduce the risk of head injuries to outboard front- and rear-seat occupants during certain side-impact collisions. 13 Requires 3.5 Liter engine. 14 Call 1-888-4ONSTAR (1-888-466-7827) or visit onstar.com for system limitations and details. 15 XM is available only in the 48 contiguous United States. Service fees apply. Visit gm.xradio.com for more details. 16 XM is included with this package on Convertible models only. 17 Not available with Sport Package on GT models. 18 Power sunroof upgradable to power panoramic roof. 19 RDS functions only where stations broadcast RDS information. 20 Requires upgrade to AM/FM stereo with CD player and equalizer.
