

ELANTRA

2016 HYUNDAI

2016 HYUNDAI ELANTRA FAMILY

UPDATE YOUR STATUS.

Can a compact car actually expand your horizons? Can it be far from an ordinary small car, filled with the sort of premium features you'd only expect to find on luxury cars?

It can, if it's a Hyundai Elantra. We approached the design of Elantra as a modern form of art. Its exterior sculpts creases, character lines and curves for aerodynamic efficiency and stunning visual impact.

Inside, we created an interior with so much room for passengers and cargo, the EPA considers Elantra to be a midsize [the next largest class above compact]. We've expanded Elantra's robust standard feature sets in our Limited and all-new Value Edition models. And we engineered Elantra with performance, safety and communications technologies so advanced, it's capable of doing things beyond any compact car you've ever owned.

Like what, you ask? For starters, Elantra can help protect you – each model earned an NHTSA 5-Star Overall Safety Rating and was an IIHS Top Safety Pick in 2015.¹ It can also send soothing warmth to you and your passengers – Elantra sedan was the first compact car to offer both front and rear heated seats (on Elantra GT, heated front seats come standard). America's Best Warranty, a staple of every Hyundai, offers an entirely different – but no less rewarding – level of soothing comfort.

Then, there's Hyundai Blue Link,[®] our dynamic and innovative connected car solution. With Blue Link, you'll tap into a range of remote functionality, safety, car care and infotainment features that use the latest digital technologies to make you – and your car – smarter.

ELANTRA 1.8L

145 HP **38** EPA-estimated
MPG highway²

¹Government star ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program. For details, visit safercar.gov. IIHS Top Safety Pick based on Insurance Institute for Highway Safety 40 mph moderate overlap frontal crash test, 31 mph side-impact test, 20 mph rear-impact test and roof strength testing. Test performed by the Insurance Institute for Highway Safety. For details, visit iihs.org. ²EPA estimates with automatic transmission for comparison only. Mileage may vary. Your actual mileage will vary with options, driving conditions, driving habits and the vehicle's condition.

ELANTRA GT Tech Package in Windy Sea Blue / ELANTRA LIMITED Ultimate Package in Shale Gray Metallic

INTERIOR ROOMINESS

SO THIS IS WHAT A PERFECT FIT LOOKS LIKE.

Perhaps you're thinking we've printed the wrong photograph on this page? Slipped in an interior shot of our Genesis luxury sedan, maybe? Nope. That's an Elantra. If it looks roomier than the typical compact sedan, that's because it *is* roomier. In fact, Elantra is so spacious inside, the U.S. government classifies it as a midsize car, not a compact.

And here's where you'll notice the difference: Elantra has more front legroom than the Honda Civic and Toyota Corolla. Elantra also has more total space and cargo volume than the Honda Civic, too.¹

But it's what we did with all of that space that really matters. For starters, we made it comfortable, with available heated seats front and rear. Elantra's available dual zone automatic temperature control system features a CleanAir Ionizer, and the power driver seat comes with lumbar support. We made all of the seating environmentally friendly as well by using a soy-based material for the foam cushions.

And we made Elantra's technology seamless, with a Bluetooth® hands-free phone system that lets you make calls and stream music from your compatible smartphone using simple voice commands. We made it intelligent, too, with proximity key entry, push-button start, a rearview camera and a navigation system that features SiriusXM Travel Link® services (traffic, weather, movie times, fuel prices, stocks, sports and more).²

We made it, in other words, perfect.

¹Competitive claims based on comparison of 2015 model specifications on manufacturer websites at time of printing. ²Travel Link movie times and fuel prices only available on Elantra GT. All SiriusXM services require a subscription, sold separately by SiriusXM after a three-month trial subscription. Fees and taxes apply. All fees and programming are subject to change. To cancel, please call 1-866-635-2349. See our Customer Agreement for complete terms at siriusxm.com. Sirius, XM and all related marks and logos are trademarks of Sirius XM Radio Inc.

ELANTRA SPORT

A PRECISION INSTRUMENT THAT ANYONE CAN HANDLE.

The driving force behind the Elantra Sport is, well, driving. Its 2.0L GDI engine, suspension and steering systems are tuned for high performance. Engine combustion is optimized by Dual Continuously Variable Valve Timing, an innovation that also works to reduce emission levels.

With its standard 6-speed manual transmission, you're actively engaged in shifting up through the gears to bring Elantra Sport up to speed. To help get you there securely, every Elantra comes standard with a Vehicle Stability Management system complete with Traction Control that kicks in when the road gets slippery.¹

And how's this for slick? With a mere 0.28 coefficient of drag, Elantra is more aerodynamic than Toyota Corolla.² The secret to creating these fuel-saving surface dynamics is in the details: Shielding the tires to minimize resistance. A center floor deflector to smooth airflow around the fuel tank. A kick-up trunk edge, wraparound rear taillights...and more. It all makes for a slippery surface designed to smooth the air and save precious fuel.

¹ The Traction Control System is meant to enhance conscientious driving habits and is not a substitute for safe driving practices. ² Competitive claim excludes Eco trim and is based on comparison of 2015 model specifications on manufacturer website. ³ PZEV engine rated at 166 horsepower. ⁴ Blue Link[®] subscription service agreement required. Features vary by subscription plan. Blue Link service works using CDMA-based cellular networks in the 50 United States. Blue Link service is not available where there is no cellular coverage, particularly in enclosed or remote areas. Service availability may be affected by signal strength, foliage, weather, topographical conditions (mountains) and nearby structures (tall buildings, tunnels) and other factors. For additional details and system limitations, visit HyundaiBlueLink.com. ⁵ Available on Elantra SE and Sport, standard on Elantra Limited.

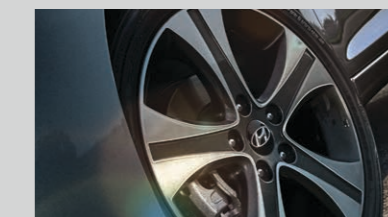

POTENT TORQUE Elantra Sport's 2.0L GDI engine produces 173 horsepower.³ But what you'll really feel is the force of the engine's torque. Thanks to a specially designed exhaust camshaft, the Elantra Sport's engine punches up the torque at low and midrange RPM. Press the gas pedal, and brisk acceleration is yours for the asking.

TECH PACKAGE Opt for Elantra Sport's available Tech Package, and you'll get a power tilt-and-slide glass sunroof. A navigation system with 7-inch touchscreen and Pandora[®] radio. A 360-Watt premium audio system with a digital external amp. And our award-winning Blue Link connected car solution.⁴

MANUAL OR AUTOMATIC A 6-speed manual transmission comes standard on Elantra Sport and Elantra SE. There's also an available 6-speed automatic transmission with SHIFTRONIC[®] manual shift mode. Either way, you'll enjoy the hands-on approach to driving excitement.⁵

SPOTTER'S GUIDE See those stylish, 17-inch alloy wheels? The LED rear taillights, glistening chrome exhaust outlet and available rear lip spoiler? Those are just some of the visual design cues that let you know Elantra Sport is no ordinary compact sedan.

ELANTRA LIMITED

IT'S TIME YOU GOT WHAT YOU DESERVE.

From the moment you approach Elantra Limited, it lets you know you've arrived. With the proximity key in your pocket or purse, you simply walk up to your car, and it recognizes you as its owner, granting you instant access.

Once inside, you and your passengers can settle into Elantra Limited's heated leather front and rear seats. The driver and front-seat passenger can select individual settings for the car's dual automatic temperature control – another premium feature that's now standard on the 2016 Elantra Limited. Adjust the tilt-and-telescopic steering wheel to your preferred position, press the engine's start button...and off you go.

Now that you're comfortable, how about some music? Elantra Limited is equipped to satisfy the most demanding audio enthusiast, thanks to an available 360-Watt premium audio system that uses an external amplifier to achieve pure, rich sounds – perfect for listening to music from Pandora or SiriusXM® Satellite Radio. With all of this standard content, it begs the question: What exactly is so limited about Elantra Limited?

SHIFTRONIC WITH ACTIVE ECO SYSTEM Elantra Limited comes standard with a 6-speed SHIFTRONIC automatic transmission that makes the most of the engine's silky-smooth 145 horsepower. It features a locking torque converter for better fuel economy at freeway speeds, and an Active ECO System that modifies engine and transmission controls at the press of a button for further fuel economy efficiencies.

DRIVER SELECTABLE STEERING MODE For 2016, Elantra Limited comes standard with a Driver Selectable Steering Mode. As the driver, you get to choose your preferred steering control and feel – comfort, normal or sport – for a driving experience precisely tailored to your mood.

LUXURY ALL AROUND No matter where you sit, Elantra Limited offers exceptional leather-clad comfort. Up front, a 6-way power driver seat with lumbar support accommodates an ideal driving position for any size of driver. Elantra was also the first compact car with heated seats for front and rear passengers.

BLUETOOTH TECHNOLOGY Elantra Limited earns its name when it comes to technology, too. Standard Bluetooth hands-free phone integration lets you control a variety of functions using simple voice commands. Streaming music from your smartphone through the car's audio system is just as easy.

ELANTRA GT

IT'S GOT A HIDDEN CAMERA. EVERYTHING ELSE IS RIGHT THERE FOR THE WORLD TO SEE.

There's nothing subtle about the 2016 Elantra GT. From its bold new grille and muscular wheel arches to its bodycolor spoiler and 17-inch alloy wheels, Elantra GT asserts an aggressive personality.

And it backs up that look with a performance-car feel. Its high horsepower and low weight give Elantra GT best-in-class power-to-weight ratio – better than the Subaru Impreza, Ford Focus or Volkswagen Golf.¹ So it's a lean machine with quick acceleration and nimble handling.

It's a versatile performer, too. Open door number five of the 5-door design, and you access 51.0 cubic feet of maximum cargo volume with the rear seats folded down. A total of 96.1 cubic feet of passenger volume gives Elantra GT more cargo and more total space than the Ford Focus 5-Door.¹ There's so much room inside, it feels like a CUV, not a compact car.

Now, what about that hidden camera? It's concealed beneath the badge on the rear hatch. Put the car in reverse, and the badge flips open to provide a behind-the-car view that appears on the center console's screen.

A LEVEL ABOVE Take a look at Elantra GT's list of available features, and you'll find two that aren't even offered on other cars in its class – ventilated front seats and a panoramic sunroof. Now ask yourself: How much more enjoyable will each of your excursions behind the wheel become?

STORE MORE You bring it all onboard – cell phones, wallets, water bottles and more. Elantra GT knows exactly where to stash it. From an overhead sunglasses holder and cavernous center armrest storage to the cooled glovebox and underfloor storage,² there's a secure place to store all your stuff.

SAFETY FIRST Advanced high-strength tensile steel supports Elantra GT's light, remarkably strong and rigid body structure. A stiffer body structure makes for a safer vehicle – and Elantra GT is one of the few cars in its class that offers a driver's knee airbag for added protection.

SWEET FRONT SEATS You already know Elantra GT is one hot hatch. But did you know it comes standard with heated front seats? For 2016, you can also chill with the compact car segment's first available ventilated front seats as part of Elantra GT's Tech Package.

¹Competitive claims based on comparison of 2015 model specifications on manufacturer websites at the time of printing. ²Included in Style Package.

ELANTRA GT Tech Package in Black Leather

ELANTRA GT ADVANCED TECHNOLOGIES

JUST THINK OF IT AS TECHNOLOGY BURNING RUBBER.

How fast is technology moving these days? In Elantra GT, this fast: The latest generations of its navigation, audio and Blue Link systems integrate advanced voice recognition and Apple's Siri Eyes Free functionality to create a seamless experience unimaginable just a few short years ago.¹

The user interface for all of the tech onboard has been enhanced, making it easier than ever for you to get what you want. Need the best route to a destination that factors in real-time traffic updates? Just ask Blue Link. Need to check out a map while keeping tabs on your tunes? The 7-inch touchscreen can split to display both the map and your music menus at the same time.

Need to call your third cousin, twice removed? If he's on your iPhone's contacts, just ask Siri to place the call. Want to know how your stocks fared today? With SiriusXM Travel Link, you can access real-time market data. Looking for the lowest gas prices along your route? That – and much, much more – is also possible.

HYUNDAI BLUE LINK In Elantra, even the technology is calming. Blue Link Connected Care – which includes Enhanced Roadside Assistance, SOS Emergency Assistance, Monthly Vehicle Health Reports and more – is standard for the first year of ownership.² Other Blue Link feature sets include an available Remote Package that adds convenient remote access and safeguard features. Visit HyundaiBlueLink.com to learn more.

FEEL SECURE Someone borrow your car? Set geography, drive-time or speed limits – if they're exceeded, you'll be notified by text or email. Dining out? A Valet Alert monitors Elantra's moves within a predefined boundary. And with Blue Link's Stolen Vehicle Recovery technology, its location can be pinpointed.

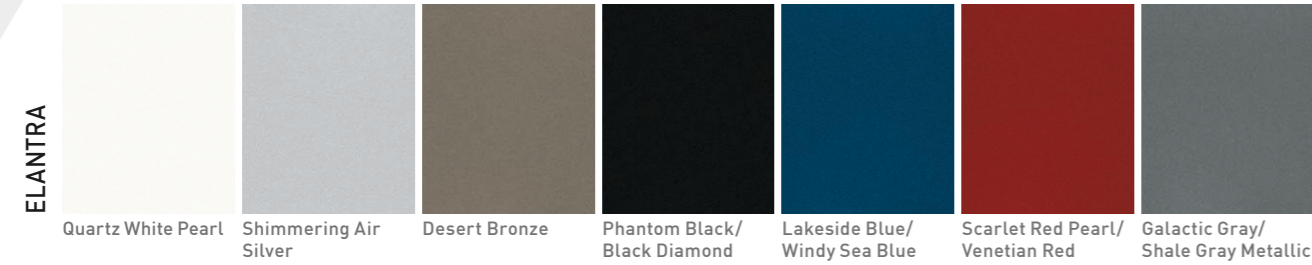

EXPERT GUIDANCE Your voice commands Blue Link's Destination Search powered by Google™ to find an address or point of interest while keeping your eyes on the road ahead. For quicker navigation, you can send search results from your phone's browser or mobile app directly to Elantra's navigation system.³

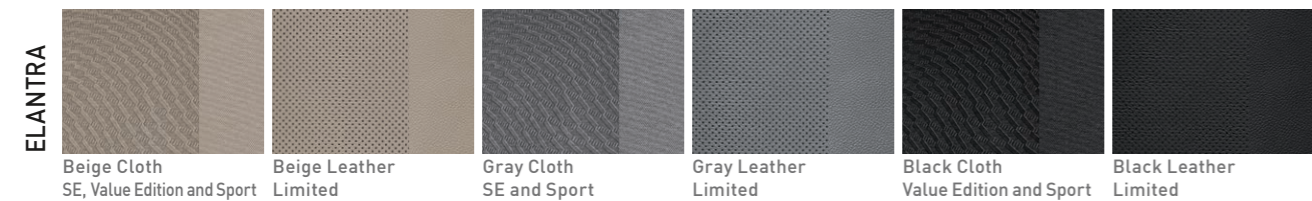

REMOTE ACCESS With the Blue Link mobile app, your smartphone can remotely start your Elantra, and remotely lock or unlock the car from virtually anywhere.⁴ Looking for where you parked after the concert or game? Our app lets you flash the lights and honk the horn to help locate your car.

¹ Siri is available on the Apple® iPhone 4s or later, iPad with Retina display, iPad mini and iPod touch (5th generation), and requires Internet access. Siri may not be available in all areas, and features may vary by area. Cellular data charges may apply. Siri, iPhone, iPad and iPod are registered trademarks of Apple Inc. ² Blue Link Connected Care includes one year of the Blue Link Connected Care Package and requires an active Blue Link subscription. One-year term starts from the new vehicle date of first use and is available for new vehicle purchases and leases based upon terms and conditions on the Blue Link subscription enrollment pages. ³ Google and the Google logo are registered trademarks of Google Inc. ⁴ Remote Vehicle Start is only available for push-button start equipped vehicles with an automatic transmission. Not available on all models.
