

2014  
CTS COUPE AND SPORT WAGON

*IT IS PERHAPS THE SMALLEST SPACE  
KNOWN TO MAN.*

*THAT RAREFIED SLIVER BETWEEN THE GOOD AND THE TRULY GREAT.  
THERE'S NO MAP TO HELP YOU FIND THIS ELUSIVE PLACE. THE ONLY  
WAY TO GET THERE IS SIMPLY TO BELIEVE YOU CAN.*

*At Cadillac, we've set out to create our own uniquely  
American breed of extraordinary. It's why we've created our own daring  
school of design that bends steel way beyond its comfort zone. It's why  
we've pushed technology two generations ahead by pioneering a bold  
new way for drivers to intuitively access entertainment and information  
with the flick of a finger. And why, in everything from safety  
to performance, we're setting the standard.*

*BOLD. DARING. ORIGINAL. These are the kinds of luxury vehicles we  
build. It takes tenacity, a refusal to leave well-enough alone. That is the  
difference between good and great. That is the difference between  
just making luxury vehicles, and making Cadillacs.*

*Cadillac*

FEATURES AND OPTIONS 40

AN EXAMPLE OF FORM  
NOT FOLLOWING ANYBODY.

What happens when you give automotive designers carte blanche? You get a car that questions everything. First glance tells you this is the case. The CTS possesses an angular silhouette that expresses a singular philosophy untouched by the competition. Where creased sheet metal gives way to a nearly perfectly balanced Rear-Wheel Drive chassis, revealing its intent as you take every corner. And, whether you choose a coupe, wagon or potent V-Series model, each is engineered to deliver a level of exhilarating performance that is nothing short of world-class. Proof that not following anybody is how you become a leader.

CTS SPORT WAGON

WELCOME TO THE ASPHALT LABORATORY  
KNOWN AS *THE NÜRBURGRING.*

While horsepower often gets the spotlight, a truly great driver's car is a balancing act: an inspiring combination of generous power, exemplary brakes and tenacious grip. To ensure that the CTS delivered on all points, we took it to Germany's famous Nürburgring, where the world's supercars are tested and evaluated. Of course, we went for reasons other than simply watching the speedometer. We went to fine-tune the chassis and suspension on the 'Ring's treacherous curves. The result is a ride that feels firmly planted and responsive at any speed. When it comes to world-class performance, the CTS has shifted the balance in your favor.

**POTENT V6 ENGINE**

The available<sup>1</sup> direct-injection 3.6L V6 engine in the CTS produces an impressive 318 HP, while remaining remarkably fuel efficient.<sup>2</sup>

**NÜRBURGRING-TESTED**

Not only did we test our suspension components on the legendary Nürburgring racetrack in Germany, we went a step further—recreating the most demanding corners of the world's most legendary tracks in our own backyard to build the ultimate test track. So, we can challenge ourselves every single day.

1. Available on CTS Sport Wagon, standard on CTS Coupe.  
2. Coupe: EPA-est. mpg 18 city / 27 hwy. Sport Wagon: EPA-est. mpg 18 city / 26 hwy.

*CTS COUPE*

HEADS WILL TURN.

HEARTS WILL RACE.

CTS COUPE / Radiant Silver Metallic

Its deeply sculpted lines and chiseled design required us to rethink how to shape steel. Combined with a wide, aggressive stance and sweeping roofline, every aspect of the CTS Coupe irrefutably communicates performance. A call that is dutifully reinforced the moment its Adaptive Remote Start is initiated. Its impressive 318 HP and 275 lb.-ft. of torque ensure that the Coupe's road presence is best appreciated from behind the wheel.

**INTEGRATED REAR SPOILER**

The V-Series spoiler shown here is included with the available Touring Package. In addition to doubling as a center LED brake lamp, the spoiler also generates downforce for a planted feel at high speeds.

**CENTER-MOUNTED EXHAUST**

Chrome, center-mounted exhaust outlets are the final, dramatic exclamation point on a powerful statement.

**INVISIBLE DOOR HANDLES**

Ingenious hidden door handles help maintain the seamless coupe design.

YOU SPEND A LOT OF TIME HERE.  
WE OBSESSED ACCORDINGLY.

CTS COUPE / Ebony with Sapele wood trim

AVAILABLE SIDE BLIND ZONE ALERT

MOTORCYCLE-INSPIRED HIGH-PERFORMANCE GAUGES

Every stitch, examined. Every finish, closely appraised. Even the lighting was addressed with a keen eye. Because when you demand more from an interior, it shows. Hand-craftsmanship with cut-and-sewn features comes alive with the warm glow of the available LED ambient lighting. Polished metal accents, available Sapele wood trim and elegant French stitching on the available leather seating surfaces provide a refined touch. Further enhance your surroundings by adding heated and ventilated front seats. An optional 10-speaker Bose® Cabin Surround® sound system strikes the perfect chord; additional available features include a Rear Vision Camera and Side Blind Zone Alert<sup>1</sup> to help keep you aware of hazards you might not see—proving once and for all, it's the details within the details that set the CTS apart.

1. Before making a lane change, always check the SBZA display and the side and inside mirrors, look over your shoulder for vehicles and hazards, and activate the turn signal.

CTS SPORT WAGON

EFFECTIVELY BLURRING THE LINE BETWEEN  
EMOTION AND FUNCTION.

Every sculpted line is designed to maintain the seamless profile, right down to the integrated roof rails. In back, signature vertical LED taillamps with light pipe technology extend up and along the liftgate, helping push the CTS Sport Wagon's distinctive blend of performance and practicality farther into the left lane. Choose a torque-rich 3.0L direct-injection V6 engine with 270 HP or a more powerful, competition-leading 318 HP 3.6L direct-injection V6, each paired with a 6-speed automatic with Driver Shift Control. What's more, either engine can be mated to Rear-Wheel or available track-tuned All-Wheel Drive. You can even add the available Touring Package on Luxury Collection models that includes a dark-accented grille, High-Intensity Discharge (HID) headlamps, fog lamps, chrome-accented door handles, dual-exhaust outlets and 18" aluminum wheels with Pearl Nickel finish. The Premium Collection with its available Touring Package adds beautiful 19" polished aluminum wheels.

*THE PERSONALITY OF A COUPE?  
THE ROOM OF A WAGON? YES.*

Imagine the indulgent design of the CTS Coupe interior, now on a larger scale. When you need the space, the rear seats fold flat, creating a generous 58 cu. ft. of space. A concealed underfloor storage compartment is ready and waiting. Even the floor rails are fitted with attachment points for tie-downs, and a retractable cargo shade keeps valuable items out of sight. What's more, the available Touring Package on Luxury Collection models adds Midnight Sapele wood trim, sport alloy pedals, and microfiber sueded steering wheel, seat inserts and shift knob. Select the Premium Collection Touring Package, and you'll also add front bolstered RECARO® performance seating for secure, confidence-inspiring support during spirited driving. As you see, no matter what the endeavor, no detail is too small.

**POWER LIFTGATE WITH MEMORY HEIGHT**

*The power liftgate can be programmed to suit any height. Besides full-open, it can be set for a lower opening to avoid contact with a garage ceiling.*

THE WILD BRANCH  
OF THE FAMILY TREE.

**BADGE OF HONOR**

The "V" badge is a clear signal to those in the know that something very special lurks inside.

**EXTRAORDINARILY POWERFUL**

The 556 HP supercharged V8 in the CTS-V Coupe, Sedan and Wagon will, quite simply, take your breath away.

The CTS-V family of high-performance cars—Coupe, Sedan and Wagon—takes ordinary performance and dials it up to a remarkably high level. No apologies. No caveats. Not an asterisk in sight. The V-Series models make up the world's fastest family of production cars. Under the V-Series hood is a 556 HP supercharged engine that propels the Sedan from 0 to 60 in 3.9 seconds and the Coupe and Wagon in a mere 4.0 seconds. Their dual-mode Magnetic Ride Control suspensions are so ingenious that the technology has been licensed by some of the world's most revered supercars, while race-bred Brembo® brakes bring everything to a halt. Is the V-Series more car than you need? We certainly hope so.

# COLLECTIONS

THE PREMIUM COLLECTION:

WHY SETTLE FOR A SMALL STEP WHEN  
YOU CAN MAKE A GIANT LEAP?

**ULTRAVIEW SUNROOF**

The thoughtful design of the UltraView sunroof<sup>3</sup> spans both front and rear seats and gives the CTS an even more spacious feel. If the sun feels too intense, a power sunshade is at hand to cool things off.

**RECARO® SEATING**

The available Premium Collection Touring Package includes RECARO performance seating with 14-way adjustable pneumatic bolster controls that provide firm back and thigh support for driver and front passenger.

**GLIDE-UP NAVIGATION**

Glide-up navigation<sup>2</sup> features an 8" touch screen with 10 GB of hard drive storage.

For those seeking the utmost luxury, the Premium Collection delivers. A deep, rich-sounding 10-speaker Bose® Cabin Surround® sound system and 10 GB of music storage keep you entertained, while a glide-up, touch screen navigation system<sup>2</sup> keeps you informed. The power-tilt and telescoping steering column also features a heated steering wheel that is the perfect antidote to a cold morning, while heated and ventilated front seats keep you comfortable in any temperature. The UltraView power sunroof<sup>3</sup> enables the cabin to fill with a wealth of natural light. Add in the enhanced awareness from ultrasonic Rear Park Assist, then top off the alluring lines of the CTS with available 19" polished aluminum wheels, and luxury is elevated to a whole new level.

1. As shown on 2013 CTS Sport Sedan.  
2. Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico, and Canada.  
3. UltraView sunroof on Sport Wagon; available power-tilt sunroof on Coupe.

THE PERFORMANCE COLLECTION:

## PUSHING THE ENVELOPE

AROUND EVERY CORNER.

AVAILABLE POLISHED ALUMINUM WHEELS

HID HEADLAMPS WITH ADAPTIVE FORWARD LIGHTING

### **DIRECT-INJECTION V6 ENGINE**

Delivering 318 HP and 275 lb.-ft. of torque, the 3.6L direct-injection V6 engine provides superior motivation for whatever challenge lies ahead.

It's impossible to argue with more power. The Performance Collection wholeheartedly agrees. A stout 3.6L direct-injection V6 engine<sup>1</sup> delivers an impressive 318 HP. Vibrant HID headlamps with Adaptive Forward Lighting, fog lamps, and 18" wheels<sup>2</sup> along with the FE2 sport performance suspension<sup>1</sup> further complement what is already a stunning expression. Mix in the available track-tuned All-Wheel Drive, torque-shifting limited-slip differential<sup>3</sup>, available performance cooling and performance brakes, and the case for more power all but makes itself. What's more, the available steering-wheel-mounted paddle shift controls further reinforce its performance credentials.

1. Standard on Coupe and available on Sport Wagon.

THE LUXURY COLLECTION:

BECAUSE MORE OF WHAT YOU WANT IS  
EXACTLY WHAT YOU NEED.

**FRENCH-STITCHED SEATING**

Luxury extends to every detail. French stitching on the leather seating surfaces, door trim and instrument panel top pad is highlighted by Sapele wood trim with a warm, lustrous finish. Combined, they add a touch of sophistication and understated elegance.

**AMBIENT INTERIOR LIGHTING**

**REAR VISION CAMERA**

Luxury steps to the forefront in this artfully bold Collection. Standard on the Sport Wagon, the Luxury Collection begins with soft-touch leather seating surfaces. The heated front seats are further refined with 10-way power-adjustability that includes memory presets for two drivers. Exotic Sapele wood trim is accented by the glow of warm ambient lighting that traces throughout the cabin. The Bose® sound system with SiriusXM Satellite Radio<sup>1</sup> delivers excellent sound quality. And features like Rainsense wipers and a Rear Vision Camera not only add convenience, but also help to enhance safety. It's an exceptional Collection, all set in motion by a smooth 3.0L direct-injection V6 engine with 270 HP.

1. Requires active SiriusXM subscription.

THE ONLY INSTANCE

WE PLAY IT SAFE.

**SIDE BLIND ZONE ALERT**

*When changing lanes, this available system's radar<sup>1</sup> sweeps both sides of the CTS Coupe. When a vehicle approaches from behind and enters the radar coverage, a light in the mirror alerts you to help you move safely. It will also alert you if a vehicle merges toward you.*

At Cadillac, we believe the best way to survive a collision is to avoid one in the first place. Active safety begins with a responsive engine, powerful brakes with an advanced antilock braking system (ABS), an agile suspension with StabiliTrak Electronic Stability Control System, and the confidence of available All-Wheel Drive (AWD). To these we add available features like a Rear Vision Camera and Side Blind Zone Alert.<sup>1</sup> But when a collision can't be avoided, we've engineered a rigid body structure and strategically placed crumple zones. Peace of mind also comes with six standard airbags<sup>2</sup> and a one-year subscription to OnStar<sup>®3</sup> Automatic Crash Response. In most crashes, built-in sensors in your vehicle can automatically send an alert to an OnStar Advisor, who is immediately connected in to your vehicle to see if you need help.

1. CTS Coupe only. Before making a lane change, always check the SBZA display and the side and inside mirrors, look over your shoulder for vehicles and hazards, and activate the turn signal. 2. Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger air bag. See the Owner's Manual and child safety seat instructions for more safety information. 3. Visit [onstar.com](http://onstar.com) for coverage map, details and system limitations. Services vary by model and conditions. OnStar acts as a link to existing emergency service providers.

PAINT FINISHES

**TINTCOAT**

A premium 2-layer paint application with the addition of a tinted clearcoat, lending the finish an extra depth and brightness.

**TRICOAT**

A meticulous 3-layer process that results in a dramatic hue-shifting color.

**RADIANT SILVER METALLIC**

**WHITE DIAMOND TRICOAT<sup>1</sup>**

**SILVER COAST METALLIC**

**RED OBSESSION TINTCOAT<sup>1</sup>**

**MAJESTIC PLUM METALLIC<sup>1</sup>**

**MOCHA STEEL METALLIC<sup>2</sup>**

**OPULENT BLUE METALLIC**

**PHANTOM GRAY METALLIC**

**BLACK RAVEN**

**BLACK DIAMOND TRICOAT<sup>1</sup>**

# CADILLAC SHIELD

THE STANDARD OF LUXURY OWNERSHIP

### WARRANTY PROTECTION

Cadillac's 6-year or 70,000-mile<sup>1</sup> Powertrain Warranty offers more years and miles standard than BMW and Mercedes-Benz. In addition, our 4-year or 50,000-mile<sup>1</sup> Bumper-to-Bumper Warranty covers repairs on your entire vehicle, including parts and labor, to correct problems in materials or workmanship.

### PREMIUM CARE MAINTENANCE

Standard on all 2011 and newer vehicles, Cadillac's Premium Care Maintenance program covers routine oil changes, tire rotations, certain air filter replacements and a thorough multipoint vehicle inspection for 4 years or 50,000 miles.<sup>2</sup> Mercedes-Benz and Lexus programs do not.

The standard one-year Directions and Connections<sup>®</sup> Plan allows you to push one button to connect with a live Advisor to find the things and places you want. Get directions or a diagnostics check while you drive. Make calls safely with both hands on the wheel and control your vehicle with the RemoteLink<sup>3</sup> mobile app. And as always, get help immediately in a crash or an emergency. These are just a few examples of the level of personal service we think you deserve as a Cadillac owner.

### SECURITY BY ONSTAR

If you've reported your Cadillac stolen, OnStar<sup>4</sup> can use GPS technology to help authorities quickly locate and recover it. An OnStar Advisor can further assist authorities by sending a remote Stolen Vehicle Slowdown<sup>®</sup> signal to your vehicle to slow it down. Advisors can also enable a Remote Ignition Block, making it impossible to restart a stolen vehicle once it has been turned off.

### DIAGNOSTICS BY ONSTAR

With best-in-class diagnostics from OnStar<sup>4</sup>, maintaining your Cadillac can be as simple as checking your e-mail or your OnStar RemoteLink<sup>™3</sup> mobile app. Every month, you can receive an e-mail with the status of key operating systems or push your OnStar button for a real-time diagnostics check on demand.

### ROADSIDE ASSISTANCE

Cadillac offers more years of Roadside Assistance standard than any leading luxury brand, with services for 6 years or 70,000 miles.<sup>5</sup> The program provides lockout, towing, refueling, Dealer Technician Roadside services, and more.

### COURTESY TRANSPORTATION

This Cadillac program provides alternate transportation and/or reimbursement of certain transportation expenses if your Cadillac requires warranty repairs for 6 years or 70,000 miles.<sup>5</sup> That is more years of service standard than any luxury automaker.

### NAVIGATION BY ONSTAR

Just push the OnStar<sup>4</sup> button and an Advisor can download voice-guided turn-by-turn directions to your Cadillac, and a voice will call out every turn or send them to your navigation system, if equipped. You can also plan routes using MapQuest.com<sup>®</sup> and send them to your Cadillac.

### CONNECTIONS BY ONSTAR

Available Hands-Free Calling capability from OnStar<sup>4</sup> allows you to make and receive calls safely from your Cadillac. With the OnStar RemoteLink<sup>3</sup> mobile app, you can access real-time information and control your Cadillac from anywhere you have cell phone service. Now you can even find a destination with RemoteLink<sup>3</sup> and send directions right to your vehicle.

### EMERGENCY BY ONSTAR

In most crashes, built-in sensors can automatically alert an OnStar<sup>4</sup> Advisor who is immediately connected in to your Cadillac to see if you need help sent to your exact location. Other OnStar<sup>4</sup> emergency services include Injury Severity Predictor and First Assist, which ensure you quickly get the help you need when seconds matter most. All Cadillac models come with 1 year of OnStar service standard.

MYCADILLAC APP

The ingenuity of the CTS doesn't stop with the vehicle. As a Cadillac owner, an advanced complimentary app is available for your new car. From virtually anywhere at anytime, a few taps of your finger on your iPhone or Android smartphone let you access features like parking reminders, Roadside Assistance, and more. Plus, in conjunction with the OnStar RemoteLink app, you'll have the ability<sup>5</sup> to remotely start your vehicle from any place you have cell service, and lock and unlock your doors. In addition, you can access key diagnostic information, including fuel tank level and range, and remaining oil life.

1. Whichever comes first. See dealer for limited warranty details. 2. Whichever comes first. See dealer for select scheduled maintenance details. 3. Available on iPhone, Android™ and select BlackBerry® devices. Services vary by phone, vehicle and conditions. Requires an active OnStar subscription. 4. Visit onstar.com for coverage map, details and system limitations. Services vary by model and conditions. OnStar acts as a link to existing emergency service providers. 5. Requires active OnStar subscription.

1. Always use safety belts and the correct child restraint for your child's age and size, even in vehicles with airbags. Even in vehicles equipped with Passenger Sensing System, children are safer when properly secured in the rear seat, in an appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See the vehicle Owner's Manual and child safety seat instructions for more safety information. 2. RDS only functions where stations broadcast RDS information. 3. Not compatible with all devices. 4. Go to gm.com/bluetooth to find out which Bluetooth phones are compatible with this vehicle. 5. Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico, and Canada. 6. Visit onstar.com for details and system limitations. 7. Before making a lane change, always check the SBZA display, check the side and inside rearview mirrors, look over your shoulder for vehicles and hazards, and start the turn signal. 8. If you subscribe after your trial period, subscriptions are continuous until you call SiriusXM to cancel. See SiriusXM Customer Agreement for complete terms at siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change. For more information about NavTraffic, visit siriusxm.com/navtraffic. For more information about Travel Link, visit siriusxm.com/travelink. XM satellite service is available only to those in the 48 contiguous U.S.A., and D.C. Sirius, XM and all related marks and logos are trademarks of SiriusXM Radio, Inc. 9. Not available with navigation system. 10. Requires rear-wheel drive. 11. Summer-only tires tend to wear faster and are more susceptible to damage from road hazards or curb impact than standard profile tires. This type of damage is not covered by the GM New Vehicle Limited Warranty. You may want to get different tires if you expect to drive in winter conditions. See your dealer for proper tire selection.

<b>RECARO® PERFORMANCE SEATS</b>			
<b>WHEELS/TIRES</b> – 19" polished wheels/summer-only <sup>9</sup> or all-season performance tires			◦

1. Always use safety belts and the correct child restraint for your child's age and size, even in vehicles with airbags. Even in vehicles equipped with Passenger Sensing System, children are safer when properly secured in the rear seat, in an appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See the vehicle Owner's Manual and child safety seat instructions for more safety information. 2. RDS only functions where stations broadcast RDS information. 3. Not compatible with all devices. 4. Go to gm.com/bluetooth to find out which Bluetooth phones are compatible with this vehicle. 5. Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico, and Canada. 6. Visit onstar.com for details and system limitations. 7. If you subscribe after your trial period, subscriptions are continuous until you call SiriusXM to cancel. See SiriusXM Customer Agreement for complete terms at siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change. For more information about NavTraffic, visit siriusxm.com/navtraffic. For more information about Travel Link, visit siriusxm.com/travelink. XM satellite service is available only to those in the 48 contiguous U.S.A. and D.C. Sirius, XM and all related marks and logos are trademarks of SiriusXM Radio, Inc. 8. Only available on rear-wheel drive models. Not available with 19" All-Season Tire Performance Package. 9. Summer-only tires tend to wear faster and are more susceptible to damage from road hazards or curb impact than standard profile tires. This type of damage is not covered by the GM New Vehicle Limited Warranty. You may want to get different tires if you expect to drive in winter conditions. See your dealer for proper tire selection. 10. Not available with 19" Summer Tire Performance Package.

## CADILLAC CTS COUPE AND SPORT WAGON

### **ABOUT THIS CATALOG**

We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing (06/13), please check with your Cadillac dealer for complete details. Any variations in colors shown are due to reproduction variation in the printing process. Cadillac reserves the right to lengthen or shorten the model year for any product for any reason, or start and end model years at different times. Note: Some photographs in this catalog show vehicles with optional equipment.

**ONSTAR** OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Call 1-888-4ONSTAR (466-7827) or visit [onstar.com](http://onstar.com) for OnStar's Terms and Conditions, Privacy Policy and details and system limitations.

**ENGINES** Cadillac products are equipped with engines produced by GM Powertrain or suppliers to GM worldwide. The engines in Cadillac products may also be used in other GM makes or models.

**TIRE SEALANT AND COMPRESSOR KIT** If your vehicle has a tire sealant and compressor kit, it uses a liquid tire sealant to temporarily seal up to a 1/4-inch puncture in the tread area of the tire. After using the inflator kit, it is recommended to take the tire to an authorized dealer for inspection and repair as soon as possible but at least within 100 miles of driving. The tire sealant cannot seal and inflate sidewall damage, punctures larger than 1/4 inch, or a tire that has unseated from the wheel. The sealant can only be used on one tire one time before its expiration date.

**ASSEMBLY** Cadillac vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Cadillac vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

**UPDATED SERVICE INFORMATION** Cadillac dealers receive useful service bulletins about Cadillac products. You may purchase them from Helm Incorporated by calling 1-800-551-4123 or by visiting [www.helminc.com](http://www.helminc.com).

**NEW-VEHICLE LIMITED WARRANTY** World-class coverage comes standard on every 2013 Cadillac. This warranty is for Cadillac vehicles registered in the U.S.A. See your Cadillac dealer for terms and conditions.

**COVERED FOR 6 YEARS/70,000 MILES (WHICHEVER COMES FIRST)** Powertrain Limited Warranty with no deductible, Roadside Assistance Program,<sup>1</sup> Courtesy Transportation Program<sup>2</sup>

**COVERED FOR 4 YEARS/50,000 MILES (WHICHEVER COMES FIRST)** Bumper-to-Bumper coverage; Tires - Defects in material and workmanship; Repairs made to correct any vehicle defect; Corrosion on body sheet metal panels.

**RUST THROUGH PROTECTION** Cadillac vehicles are designed and built to resist corrosion and rust-through corrosion. Any body sheet metal that rusts through (in the form of an actual hole in the sheet metal) is covered for six years unlimited mileage. Cosmetic or surface corrosion, resulting from stone chips or scratches in the paint, for example, is not included in the Rust Through coverage. Application of additional rust-inhibiting materials is not required under the Rust Through coverage and none is recommended. See your Cadillac dealer for terms of this limited warranty.

**FLEET ORDERS** Some standard content may be deleted with fleet orders. See dealer for details.

1. Roadside Assistance Program and Courtesy Transportation Program are not a part of the New Vehicle Limited Warranty. A separate booklet entitled "Warranty and Owner Assistance Information" furnished with each new vehicle provides detailed warranty coverage information.
