

2015
Subaru Life

Love. It's what makes a Subaru, a Subaru.

 **SUBARU.**
Confidence in Motion

Live by the moment. Love by the mile.

There's no telling where life will take you, but you can definitely take advantage of every adventure that comes your way in a Subaru. Go ahead. Hit your favorite trail, take that perfect road or tackle your daily adventures, Subaru vehicles are more than ready for the challenge. And, because of the way they're engineered for control, you're able to confidently drive where you want, when you want, to do whatever you want. Smart features to help you do more of what you live for. And the reassurance of award-winning safety for peace of mind. It's why we hear again and again, "I love my Subaru."

Love. It's what makes a Subaru, a Subaru.

Passionate people do passionate things.

True commitment shows through. For Subaru owners, it shows in kayak scuffs and mud-coated boots. It can take the form of dog hair that just won't come out, fresh coats of dust, or extra coats of wax. For many, the Subaru Badge of Ownership lets them show their commitment to the life they live and the confidence that has inspired them to fully embrace it. Owners can order badges online for free, stick them on, and let everyone know how they experience the world. Which one will you get?

Subaru Badge of Ownership

[subaru.com/
badgeofownership](http://subaru.com/badgeofownership)

More miles, more milestones.

One thing you'll notice about Subaru owners is how long they hang on to them. Terry Prine remembers the day he brought his 2003 Subaru Forester home, and all of the great moments he's had with it by his side. Memories like passing the 100,000 mark on the odometer. With devoted owners like Terry, it only makes sense that 95% of all the vehicles we've sold in the last 10 years are still on the road today*. Terry loves his Forester so much that he even plans on handing it down to his son Miles (that's really his name).

A memory in every mile.

000475

Going on tour with my band in '03, the Forester was my bus. I could load in all of my buddies and gear and still had room to pick things up on the way. An amazing time.

038000

Packing up the family and taking our first road trip. I tried never to take the same road twice and the kids loved it. They especially enjoyed seeing all the different landscapes through the big windows and giant moonroof.

102000

The joy of having two healthy kids is only surpassed by having our third. With a growing family, I know that they're always safe in my Subaru, and that one day, my son Miles will get the Forester to make his own memories.

135500

The kids and I set out for one last trip before they had to go back to school. In search of California's state fish, the golden trout, we car-camped with friends near Mono Pass and day-hiked into this incredible string of lakes known as Little Lakes Valley. We caught 25 fish within three hours. Rainbows, brookies and yes, the elusive golden trout! The kids were in heaven.

For more on EyeSight®,
visit Subaru.com/eyesight

An extra set of eyes
every time you drive.

"The Subaru Legacy, Outback, Forester, Impreza and XV Crosstrek earned the highest possible rating for front crash prevention from IIHS when equipped with Subaru EyeSight."

—Insurance Institute for Highway Safety (IIHS)

The most important thing a Subaru can do is protect the people in it. We're always looking for better ways to do it, and now the 2015 Outback, Legacy, Forester, Impreza and XV Crosstrek are all available with our innovative driver assist technology, Subaru EyeSight^{®2}. Like a second pair of eyes for the road ahead, EyeSight[®] warns you when there's potential danger and can even apply brakes to help you avoid it. It's added comfort and peace of mind you can count on in your daily drive.

Safety from all sides.

With more IIHS Top Safety Picks than any other brand, we put a lot of focus on protecting who's inside. In every Subaru you'll find an abundance of airbags⁹ and the sturdy Ring-Shaped Reinforcement Frame to help protect all aboard, and nearly every model has both the control of Subaru Symmetrical All-Wheel Drive and a standard Rear-Vision Camera to give you a clearer view of the area behind your vehicle. Now the 2015 Outback and Legacy also offer new available features like Rear Cross-Traffic Alert⁴ to help in parking situations and Blind-Spot Detection with Lane Change Assist⁴ to help alert you to approaching vehicles.

"Subaru is the only manufacturer with IIHS Top Safety Picks for all models for the last five years (2010-2014)."

—Insurance Institute for Highway Safety (IIHS)

Do a lot on very little.

MPG + AWD

Capable and fuel efficient, Subaru vehicles are proof that you can have fun and get great MPG, too. Just look at the 2015 Outback, the most fuel-efficient vehicle in its class⁵, plus most models achieve 30 highway MPG or more⁶, particularly the redesigned 2015 Impreza that earns an impressive 37 highway MPG⁷. Now more than ever, Subaru vehicles help you do more with less impact on your wallet and the environment.

Subaru Symmetrical All-Wheel Drive

A confident drive is the signature of every Subaru vehicle, especially when it's equipped with Subaru Symmetrical All-Wheel Drive. This unique system offers better balance for stability and a more efficient flow of power than other AWD systems, providing greater grip and giving you better traction and control.

All-weather Conditions

Traction and stability helps keep you connected to the road in adverse conditions.

Accident Avoidance

Being more responsive to the unexpected takes natural agility.

Spirited Handling

Dynamic steering and intuitive control comes from a near-perfect side-to-side symmetry.

SUBARU BOXER® Engine

The SUBARU BOXER® engine is remarkably different because it generates more than power. The pistons are laid flat in a horizontally opposed design, providing powerful yet smooth acceleration. And better yet, its design helps lower the vehicle's center of gravity for increased handling stability.

Horizontally Opposed Design → Smoother Operation

Durable Construction → Increased Reliability

Lower Center of Gravity → Greater Handling Agility

9,000,000

1,000,000

12,900

353

Through our Share the Love sales events, Subaru and new owners have donated nearly \$35 million over the last six years to charities such as the ASPCA®, Meals on Wheels Association of America®, Make-A-Wish®, and National Park Foundation. We look forward to continuing the trend in the years to come.

We are dedicated to supporting and improving surrounding communities through the Subaru of America Foundation (SOAF) and corporate contributions. Our combined efforts support youth-based initiatives in the areas of education, environment, and local community projects. Established in 1984, SOAF has awarded more than \$9 million to programs across the United States.

Subaru hunger initiatives provided more than 350,000 pounds of food and fresh produce last year alone, with over 1 million pounds over the last four years.

Our employees are actively engaged in community service and share the company's belief that it takes much more than money to create real change. In 2013, they donated more than 12,900 hours to help their neighbors and improve their local communities.

Subaru recognizes and rewards the academic achievements of children of Subaru of America, Inc. employees and encourages them to further their higher education. Since 1996, SOAF's Scholarship Program has awarded 353 scholarships to employees' children totaling \$703,000.

Because it's not always what you give, sometimes it's what you hold back, Subaru builds fuel-efficient vehicles in ecologically minded plants. Subaru of Indiana Automotive, Inc. (SIA) is the first manufacturing facility in the U.S. to reach zero-landfill status. Subaru is also headquartered in a zero-landfill office in Cherry Hill, NJ.

Some things are worth doing.

Getting out there and pursuing our passions is the Subaru way of life for our owners, our partners and us. We also find great satisfaction in getting out there with people that get involved and make a difference in our world. Because what matters most to our owners, matters to us.

- Subaru Sea Otter Classic
- Down & Dirty Obstacle Race presented by Subaru

Challenge met. Victory claimed.

Subaru Rally and RallyCross Racing

There is no more punishing—and exciting—way to prove our engineering than rally and rallycross racing. We have conquered challenging terrain from snow to gravel to tarmac and sometimes air on our way to winning ten Rally America National Championships since 2001. It's an accomplishment we're proud of, and one we look forward to claiming again and again.

For the latest rally news,
visit subaru.com/rally

Enthusiasm is contagious.

The love for a Subaru goes way beyond a wave to a fellow owner on the road. All over the world and all over the internet, loyal enthusiasts—united by their passion for life and for Subaru—gather for rallies, events, or just to talk about their favorite subjects.

2015 Outback

The all-new 2015 Outback helps you seize every free moment with an abundance of standard drop-everything-and-go features. Forget the aftermarket, every Outback comes standard with retractable roof cross bars with tie-downs, so you'll always arrive fully geared up. Also a standard feature, Subaru Symmetrical All-Wheel Drive featuring push-button X-MODE® with Hill Descent Control helps you conquer rougher terrain. When you want to spend more time adventuring and less time preparing, there's no other choice. This Outback is built to take you to the place you've never been.

"This new fifth generation of the Outback impresses with not just an abundance of utility, but a newfound level of class within the spacious cabin."

—Edmunds.com, July 2014

2015 Forester

The Forester is all about potential. To do what you enjoy with those closest to you and to be there for those that need you. It's efficient, achieving 32 highway MPG¹², versatile with Subaru Symmetrical All-Wheel Drive with available X-MODE[®] featuring Hill Descent Control, and roomy with a large cabin and ample cargo room. It's safe too, having been named an IIHS Top Safety Pick for eight years running (2007–2014) and a 2014 Top Safety Pick+ when equipped with optional EyeSight^{® 2,10,13}

There's a lot you can do,
when there's nothing
saying you can't.

"Competitive fuel economy, a spacious cabin and available turbocharged power make the 2015 Subaru Forester a solid pick for a small crossover SUV."

—Edmunds.com, 2015 Forester Review

2015 Legacy

Confidence and trust are their own kind of freedom in the all-new 2015 Legacy. With a stylish new look inside and out and standard SUBARU STARLINK™ in-vehicle technology, the new Legacy is a midsize sedan like no other. Considering that 95% of all Subaru Legacy vehicles sold in the last 10 years are still on the road today,¹⁵ it's no surprise that this is the longest-lasting midsize sedan in its class.¹⁵ What makes it so different? It's the capability of standard Subaru Symmetrical All-Wheel Drive (AWD), the efficiency of 36 highway MPG¹⁶ and the assurance of an outstanding safety reputation. Legacy. It's not just a sedan. It's a Subaru.

Efficient

Engaging

Roomy

Safe

- 256-hp 6-cylinder or 175-hp 4-cylinder SUBARU BOXER® engine
- 36 highway MPG¹⁶ and Partial Zero Emission Vehicle (PZEV)⁹
- Subaru Symmetrical All-Wheel Drive (AWD) with Active Torque Vectoring
- Lineartronic® CVT (Continuously Variable Transmission) with manual-mode paddle shifters
- Retuned 4-wheel independent suspension with double-wishbone rear architecture
- EyeSight® Driver Assist Technology^{2,10}
- Blind-Spot Detection with Lane Change Assist and Rear Cross-Traffic Alert^{4,10}
- 6.2- or 7.0-inch touchscreen SUBARU STARLINK™ Multimedia in-vehicle technology featuring Pandora®, iHeartRadio® and Aha™ smartphone app integration¹¹
- Premium audio system with Harman Kardon GreenEdge® speakers and 576-watt equivalent amplifier¹⁰
- Rear-Vision Camera

See how far
trust can take you.

"After spending some time in the 2015 Subaru Legacy, we've come away thinking that this is easily one of the best midsize sedans on the market."

2015 WRX

Street cred wasn't enough. Subaru engineers wanted track-cred. So they stiffened the chassis, revised the suspension, sharpened the steering, and increased the lateral grip. They gave it a new look inside and out, and revitalized it with a new direct-injected, 268-horsepower turbocharged SUBARU BOXER® engine that sends the power to all four wheels via Subaru Symmetrical AWD and a new 6-speed manual transmission. They also added Vehicle Dynamics Control with Active Torque Vectoring to enhance cornering performance. The result is the best-handling, best-performing WRX ever.

2015 BRZ

Absent of fluff, with a direct connection to the road, the BRZ delivers fun at any speed. Engineering this level of driving engagement was anything but easy. It required starting with the right technology—namely, the low-slung SUBARU BOXER® engine—and placing it in a vehicle with a supremely low center of gravity and the perfect power-to-weight ratio. The end result is no less than the ideal sports car driving experience. Creating elegant simplicity is anything but simple.

2015 XV Crosstrek Hybrid

Getting out there and protecting it is at the heart of all we do. The 2015 Subaru XV Crosstrek Hybrid reflects our commitment to staying green. It's made in a zero-landfill plant, and achieves a remarkable 30/34 city/highway MPG¹⁸, making it kind to the green in your wallet, too.

We try not to waste a thing.
Even waste.

In 2004, Subaru of Indiana Automotive, Inc. (SIA) became the first manufacturing facility in the U.S. to reach zero-landfill status and all Subaru vehicles are built in zero-landfill plants, where 100% of manufacturing waste is either recycled or turned into electricity. Plus every Subaru plant continues to use green suppliers, reduce manufacturing wastes and CO₂ emissions. Subaru is also headquartered in a zero-landfill office in Cherry Hill, NJ.

In 2003, Subaru of Indiana Automotive, Inc. became the first automotive assembly plant to be designated as a Backyard Wildlife Habitat by the National Wildlife Federation. SIA's 800+ acres serve as a home for a wide variety of animals.

We've spent decades building relationships with those who believe in building a cleaner and greener world as much as we do. That's why we support organizations like Leave No Trace Center for Outdoor Ethics, United By Blue and Greensgrow Farms.

This brochure was printed with vegetable-based inks and produced using a "Green Printing Process." The Forest Stewardship Council® (FSC®) is an international organization that brings people together to find solutions which promote responsible stewardship of the world's forests and environments.

By producing these brochures in a green way rather than by traditional methods, we saved 16 trees preserved for the future; 7,663 gallons of wastewater flow saved; 513 lbs solid waste not generated; 1,413 lbs net greenhouse gases prevented; 7,000,000 BTUs energy not consumed. Calculations provided by Environmental Paper Network. FSC® is not responsible for any calculations on saving resources by choosing this paper.

1. Based on IHS Automotive: Polk U.S. Total Registrations MY2004–2013. 2. EyeSight is a driver assist technology which may not operate optimally under all driving conditions. The driver is always responsible for safe and attentive driving. System effectiveness depends on many factors such as vehicle maintenance, weather and road conditions. See Owner's Manual for complete details on system operation and limitations. Please remember to turn off EyeSight when going through a carwash. 3. Always wear seatbelts. Children should be properly restrained in the rear seat. 4. Blind-Spot Detection, Lane Change Assist and Rear Cross-Traffic Alert are systems designed to assist the driver by monitoring the rear and side areas of the vehicle during a lane change or reversing and are not a substitute for safe and attentive driving. 5. Based on EPA estimated highway fuel economy for 2015 model vehicles within the IHS Automotive: Polk Non-Luxury Midsize SUV segment. 6. Based on EPA estimated highway fuel economy for 2015 Legacy, Outback and Forester 2.5i models and 2015 Impreza, XV Crosstrek and BRZ models. Actual mileage may vary. 7. EPA estimated fuel economy for 2015 Subaru Impreza non-Sport CVT models at 37 highway MPG. Actual mileage may vary. Visit fuelconomy.gov for more information. 8. EPA estimated fuel economy for 2015 Subaru Outback 2.5i CVT models at 33 highway MPG. Actual mileage may vary. Visit fuelconomy.gov for more information. 9. 2015 Subaru Impreza and XV Crosstrek 2.0L, and Forester, Outback and Legacy 2.5L models achieving a Partial Zero Emission Vehicle (PZEV) rating by the California Air Resources Board are available in all 50 states. Only those registered in California, Connecticut, Maine, Maryland, Massachusetts, New Jersey, New York, Rhode Island and Vermont will be eligible for the 15 years/150,000 mile emission warranty. Delaware, Oregon, Pennsylvania and Washington vehicles are not covered by the PZEV emissions control warranty. See your warranty maintenance booklet for additional information. 10. Availability varies by trim level. See your retailer. 11. Compatible smartphone and free application required. For application to operate, latest version of application and SUBARU STARLINK equipped in-vehicle technology system required. Data provided by smartphone is displayed on navigation screen. Some state laws prohibit the operation of handheld electronic devices while operating a vehicle. Smartphone apps should only be launched when vehicle is safely parked. Your wireless carrier's rates may apply. 12. EPA estimated fuel economy for 2015 Forester 2.5i CVT at 32 highway MPG. Actual mileage may vary. 13. Ratings based on Insurance Institute for Highway Safety's (IIHS's) 40-mile-per-hour moderate overlap frontal crash test, 40-mile-per-hour small overlap frontal crash test, 31-mile-per-hour side-impact test, 20-mile-per-hour rear-impact test, and roof-strength test. Top Safety Pick+ rating requires optional EyeSight Driver Assist Technology. For more information, contact IIHS or visit their website at www.iihs.org. 14. Activation and required monthly subscription sold separately. Includes 4-month trial subscription. See your retailer. 15. Based on IHS Automotive/Polk U.S. total new light vehicle registrations in the model years 2004 through 2013 (through October 2013) in the non-luxury traditional midsize sedan segment for models which

have been on the U.S. market for the entire ten-year time period. 16. EPA estimated fuel economy for 2015 Subaru Legacy 2.5i at 36 highway MPG. Actual mileage may vary. Visit fuelconomy.gov for more information. 17. EPA estimated fuel economy for 2015 Subaru XV Crosstrek CVT at 34 highway MPG. Actual mileage may vary. Visit fuelconomy.gov for more information. 18. EPA estimated fuel economy for 2015 XV Crosstrek Hybrid. Actual mileage may vary. Visit fuelconomy.gov for more information.
