

Prius v

2016

TOYOTA | *Let's
Go
Places*

Lots of space. A world of possibilities. Let's start exploring together.

The 2016 Toyota Prius v is built for the family that's always discovering new things. Its sleek, aerodynamic shape has the style you love and the versatility you crave. Inside you'll find tech like the Entune™ Audio system, plus 34.3 cu. ft. of cargo space,¹ so you can carry the essentials you need for a fun-filled journey. And with its proven Hybrid Synergy Drive,[®] Prius v has an EPA-estimated 42 mpg combined,² so you can focus more on finding new adventures, not gas stations. The future is just around the corner, so let's bring everyone along for the ride. Let's go places.

Left to right: **Prius v Two** shown in Absolutely Red; **Prius v Three** shown in Midnight Black Metallic; **Prius v Four** shown in Clear Sky Metallic; **Prius v Five** shown in Toasted Walnut Pearl with available Advanced Technology Package.

1. See footnote 34 in Disclosures section. 2. See footnote 35 in Disclosures section.

Let's make the next family trip bigger than ever.

"Let's get the family together, pack the paddles, load the kayak and explore the coastline like never before."

Prius v Five shown in Toasted Walnut Pearl with available Advanced Technology Package. Cargo and load capacity limited by weight and distribution.

Stylish details. Thoughtful design. It's a great place to plan the day's activities.

Come on in and get comfortable: Prius v is ready for your next journey. Inside, we've created a space as inviting as your family room, so you'll never want the road trip to end. Prius v has available SofTex®-trimmed seats with power lumbar support for the driver, and rear seats that slide and recline for advanced comfort. Smaller, integrated storage compartments in the rear cargo area help keep small items within reach, while an available Panoramic View Moonroof helps everyone soak in the sun, making this hybrid the perfect family hangout.

PANORAMIC VIEW MOONROOF

Prius v offers you two windows to the world above with its available Panoramic View Moonroof. It features power shades that operate simultaneously and give every occupant an uplifting perspective.

8-WAY POWER-ADJUSTABLE DRIVER'S SEAT

With Prius v, it's easy to find your comfort zone. The driver's seat offers an available 8-way power adjustment with power lumbar support.

SLIDING/RECLINING REAR SEATS*

The rear seats in Prius v offer an array of seating and cargo configurations. The plush upholstery and extensive rear-seat leg room will make passengers in back feel like top priority. The seats not only slide forward and backward, but also recline for optimal comfort.

*Do not allow passengers to sit in a seat that has been fully or severely reclined while driving. This feature is intended for use only when the vehicle is parked. While the vehicle is being driven, all vehicle occupants should have the seatback upright, sit well back in the seat and properly wear the seatbelts provided. In the event of a collision, the more the seat is reclined, the greater the risk of death or personal injury. See *Owner's Manual* for additional information.

Prius v Five interior shown in Black SofTex® with available Advanced Technology Package.

For those who like to do it all, your ride has arrived.

With ample room for heads, legs and everything in between, Prius v helps everyone feel like they're rolling in first-class comfort. There's plenty of room out back too. A clever under-floor storage system lets you securely stash your smaller items so the big stuff can fit with ease. And if you need to carry even bigger things, the rear seats fold flat, helping you carry up to 67.3 cu. ft. of gear, supplies and anything else you might need.¹

SPLIT REAR SEATS

You've got lots of gear, and so do your friends. Prius v is here to help with a wide array of seating and cargo configurations, so you'll be able to easily access your stuff in the back. Now, that's smart seating.

REAR-SEAT CARGO TRAY

In addition to its cavernous cargo area, Prius v offers a wealth of smaller storage compartments for items like gloves, a flashlight or even a first aid kit.

CARGO SPACE

You've got multiple ways to carry things. Pop open the rear hatch-style door, and you'll unveil a full 34.3 cu. ft. of cargo space!¹ Now the term "fill 'er up" can refer to all your gear.

¹. See footnote 34 in Disclosures section.

Prius v Five interior shown in Black SofTex® with available Advanced Technology Package.

Easy. Helpful. Efficient. The high-tech life is good.

Spend a minute behind the wheel and you'll soon feel right at home. Prius v's advanced steering wheel is ready for many eco-sensitive miles of driving and features integrated controls for your entertainment, Bluetooth^{®1} connectivity and more. And with its easy-to-read information displays and intuitive, high-tech controls, Prius v opens up a world of possibilities.

STANDARD BACKUP CAMERA²

When you're backing up, the area behind Prius v that's visible to the camera is displayed on the touch-screen of the Entune™ Audio system.

ENERGY MONITOR

The energy monitor screen indicates the operation of the hybrid system in real time. Hybrid Synergy Drive[®] employs the most efficient source of power possible.

AVAILABLE TOUCH-SCREEN NAVIGATION³

Setting your course is a few simple touches away. Just use the touch-screen controls to find your destination on the map, and a voice prompt guides your every turn. Need an ATM or gas station? Just ask, and the system will help find what you're looking for and guide you to it.

AUDIO CONTROLS

With Prius v's steering wheel controls, your music and more are right at your fingertips — now you can be in total command.

Prius v Five interior shown in Black SofTex® with available Advanced Technology Package.

Hybrid tech that allows you to save and still have fun.

This is reliability you can trust. Prius v's innovative Hybrid Synergy Drive® has proven itself mile after eco-sensitive mile, year after year. And just as impressive, over 95% of all Toyota Prius models sold in the last 10 years are still on the road!¹ With an EPA-estimated 42 mpg combined,² Prius v continues to offer the great gas mileage you love. Better start planning a few extra road trips.

EV/ECO/POWER MODES

Prius v offers different modes for different types of driving. ECO Mode helps maximize fuel economy. EV Mode³ runs solely on battery power for up to one-half mile under certain conditions. And POWER Mode increases gas pedal response for enhanced acceleration.

HYBRID SYSTEM INDICATOR

The informative Hybrid System Indicator can show you how efficiently you're driving and help you learn how to get the most out of your vehicle's remarkable fuel efficiency.

TRIP INFORMATION DISPLAY

Keep an eye on your gas mileage and get an instantaneous readout of your current and average mpg with Prius v's fuel-usage screen. With this handy information, you can adjust your driving habits as needed to help maximize Prius v's fuel efficiency.

From initial acceleration to low speeds, Prius v is designed not to use fuel, because under certain conditions it's powered solely by the high-torque electric motor.

During heavy acceleration, the gasoline engine is used while the battery supplies increased drive power to the electric motor.

When slowing, the gasoline engine shuts off and the electric motor converts momentum into electricity, storing it in the hybrid battery.

When accelerating lightly, Prius v uses its electric motor along with the gasoline engine to help with greater fuel efficiency. When Prius v comes to a stop, its gasoline engine shuts off to help conserve fuel and reduce smog-forming emissions.

ELECTRIC MOTOR

Prius v is a full series-parallel hybrid that uses a separate electric motor and generator.

GENERATOR

Unlike a mild hybrid, Prius v can generate electricity even when the electric motor is helping propel the vehicle.

GASOLINE ENGINE

The series-parallel Hybrid Synergy Drive® helps the gasoline engine deliver both power and fuel efficiency.

Prius v Five shown in Toasted Walnut Pearl with available Advanced Technology Package.

When it comes to entertainment and safety, you've got options.

Prius v has the cutting-edge tech to back up its futuristic looks. Its available Dynamic Radar Cruise Control (DRCC)¹ system automatically adjusts vehicle speed to help maintain a preset distance between you and the vehicle traveling directly in front of you. Features like the available Entune® App Suite² help keep you and your family connected to your music, entertainment and more. And when equipped with the available Entune™ Premium JBL® Audio with Integrated Navigation³ and App Suite, you'll have the perfect soundtrack, no matter what journey you're on.

AVAILABLE ENTUNE® APP SUITE

With Prius v's available Entune® App Suite, you can access Pandora⁴ and iHeartRadio for music, make restaurant reservations with OpenTable⁵ and buy movie tickets with MovieTickets.com.

SINGLE LED HEADLIGHTS

Available Single LED (light-emitting diode) projector low- and high-beam headlights with auto on/off and an LED accent light produce a clean white light, offer extremely long life and require 20 to 30 percent less energy than traditional headlights.

SAFETY CONNECT⁵

Via Toyota's 24/7 call center, available Safety Connect⁵ offers subscribers helpful features such as Emergency Assistance, Stolen Vehicle Locator, Roadside Assistance and Automatic Collision Notification.

Prius v Five shown in Toasted Walnut Pearl with available Advanced Technology Package.

A range of technologies to help you drive more confidently.

Prius v features a suite of active and passive safety features. Its available Lane Departure Alert (LDA)¹ can help “see” the visible lines in the road, giving an audible alert should it think you’re venturing out of your lane. An available Pre-Collision System (PCS)² employs the radar to help determine if a frontal collision is unavoidable, and in the event that the driver does not respond to the audible warning, automatically applies the brakes and retracts the front seatbelts to help prepare for such a scenario. And with the standard Star Safety System™ — which includes Enhanced Vehicle Stability Control (VSC)³, Traction Control (TRAC), Anti-lock Brake System (ABS), Electronic Brake-force Distribution (EBD), Brake Assist (BA)⁴ and Smart Stop Technology® (SST)⁵ — you’ve got advanced technologies to help provide you with more protection and control.

LATCH

LATCH (Lower Anchors and Tethers for CHildren) helps protect the smaller members of your family. LATCH includes low-mounted anchors and tethers on each outboard rear seat.

SEVEN AIRBAGS⁶

Prius v comes standard with seven airbags, including both driver and front passenger airbags and a knee airbag to further enhance the driver’s protection.

WHIPLASH-INJURY-LESSENING (WIL)⁷ FRONT SEATS

In certain rear-end collisions, WIL seatbacks are engineered to yield in a controlled fashion, reducing the motion differential between head and torso, and helping minimize injury.

TWO

Exterior Features

- Projector-beam halogen headlights with auto-off feature
- LED tail and stop lights
- Heated power outside mirrors with folding feature
- 16-in. 10-spoke alloy wheels with full wheel covers with P205/60R16 tires
- Daytime Running Lights (DRL)

Interior Features

- Entune™ Audio — includes the Entune™ Multimedia Bundle² (6.1-in. touch-screen display, AM/FM CD player, MP3/WMA playback capability, six speakers, auxiliary audio jack, USB 2.0 port³ with iPod^{®4} connectivity and control, advanced voice recognition⁵; hands-free phone capability, phone book access and music streaming⁶ via Bluetooth^{®7} wireless technology) with integrated backup camera⁸ display
- Single-dial automatic climate control with dust and pollen filtration mode
- Integrated backup camera⁸
- Fabric-trimmed front seats; 6-way adjustable driver's seat; 4-way adjustable fold-flat front passenger seat
- Tilt/telescopic steering wheel with audio, climate and Bluetooth^{®7} hands-free phone controls
- Digital instrumentation with speedometer, fuel gauge, odometer, tripmeters, Hybrid System Indicator, hybrid battery state-of-charge indicator, instant/average fuel economy, distance to empty, shift-position indicator and EV^{15,16}/ECO/POWER Mode indicators
- 60/40 split, sliding, reclining fold-down rear seats
- Smart Key System¹⁷ on driver's door with Push Button Start and remote illuminated entry
- Power windows with auto up/down
- Power door locks
- SofTex[®] center console with armrest and storage compartment
- Cargo area under-floor storage, umbrella holder and side panel storage
- Cargo area tonneau cover
- One front center console and one cargo area 12V auxiliary power outlet
- Rear dome light and cargo area light
- Three front and two rear cup holders; two front and two rear bottle holders
- Cruise control

THREE

Adds to or replaces features offered on TWO

Exterior Features

- Projector-beam halogen headlights with auto on/off feature

Interior Features

- Entune™ Premium Audio with Integrated Navigation⁹ and App Suite¹⁰ — includes the Entune™ Multimedia Bundle² (6.1-in. high-resolution touch-screen with split-screen display, AM/FM CD player with MP3/WMA playback capability, six speakers, auxiliary audio jack, USB 2.0 port³ with iPod^{®4} connectivity and control, advanced voice recognition⁵; hands-free phone capability, phone book access and music streaming⁶ via Bluetooth^{®7} wireless technology), Entune[®] App Suite¹⁰ HD Radio^{™11} HD predictive traffic and Doppler weather overlay, AM/FM cache radio, SiriusXM All Access Radio¹² with 3-month complimentary trial, Gracenote[®] album cover art, and integrated backup camera⁸ display. Access to Entune™ services is subscription-free. See toyota.com/entune for details.
- Entune[®] App Suite¹⁰ — includes Destination Search, Facebook Places, iHeartRadio, MovieTickets.com, OpenTable[®], Pandora^{®13}, Yelp[®] and Slacker Radio; real-time info including traffic, weather, fuel prices, sports and stocks. Access to Entune™ services is subscription-free. See toyota.com/entune for details.
- 4.2-in. TFT Multi-Information Display with odometer, clock, climate control settings, fuel economy history, current/average fuel economy, cruising range, average speed, hybrid system information, Hybrid System Indicator, and energy monitor
- Smart Key System¹⁷ on three doors with Push Button Start and remote illuminated entry
- Fabric-trimmed front seats; 6-way adjustable driver's seat with power lumbar support; 4-way adjustable fold-flat front passenger seat

FOUR

Adds to or replaces features offered on THREE

TOYOTA FINANCIAL SERVICES

Toyota helps you get more out of every dollar you spend. By rewarding you for every purchase you make, the Toyota Rewards Visa® adds even more value to doing the things you love.

Turn everything you buy into points to redeem toward parts, accessories or an eligible vehicle purchase or lease at your Toyota dealer. Earn 5 points for every \$1 spent at participating Toyota dealers and 1 point for every \$1 spent everywhere else Visa is accepted.*

Visit www.toyotarewardsvisa.com for complete details.

Toyota Rewards Visa®

Toyota Financial Services (TFS)[†] is a leading provider of automotive financial services, offering an extensive line of financing plans along with a variety of vehicle and payment protection products to Toyota customers and dealers in the U.S. For more information on TFS products and services, visit www.toyotafinancial.com

*On approved credit. You must have a valid permanent home address in the 50 United States or the District of Columbia. Terms, conditions and restrictions apply and are fully described in the Toyota Rewards Visa Cardmember Agreement and the Toyota Rewards Program Terms and Conditions received with your card. Points earned are based on net purchases. Points-earning maximums apply and points will expire as described in the Rewards Terms and Conditions. Redemption only available at participating Toyota dealerships in the continental U.S. and Alaska. Points cannot be redeemed for cash. Please contact your participating Toyota dealer for information regarding restrictions your dealer may impose on the use of credit cards related to vehicle purchases or leases. The creditor and issuer of the Toyota Rewards Visa is Toyota Financial Savings Bank. Toyota Financial Services is a service mark used by Toyota Financial Savings Bank.

†Toyota Financial Services is a service mark for Toyota Motor Credit Corporation and Toyota Motor Insurance Services, Inc.

See numbered footnotes in Disclosures section.

DISCLOSURES

1. Toyota strives to build vehicles to match customer interest and thus they typically are built with popular options and option packages. Not all options/packages are available separately and some may not be available in all regions of the country. If you would prefer a vehicle with no or different options, contact your dealer to check for current availability or the possibility of placing a special order. 2. Entune™ is a trademark of Toyota Motor Corporation. Always drive safely, obey traffic laws and focus on the road while driving. Services vary by phone/carrier. Functionality depends on many factors. Services subject to change. For enrollment and more details, see toyota.com/entune. 3. May not be compatible with all mobile phones, MP3/WMA players and like models. 4. iPod® and iPhone® are registered trademarks of Apple Inc. All rights reserved. 5. Advanced voice recognition capabilities vary by head unit. 6. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps and services subject to change. See toyota.com/entune for details. 7. Concentrating on the road should always be your first priority while driving. Do not use the hands-free phone system if it will distract you. The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Toyota is under license. A compatible Bluetooth®-enabled phone must first be paired. Phone performance depends on software, coverage and carrier. 8. The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Cold weather will limit effectiveness and view may become cloudy. 9. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Availability and accuracy of the information provided by the navigation system is dependent upon many factors. Use common sense when relying on information provided. Services and programming subject to change. Services not available in every city or roadway; updates may be available at an additional cost from your dealer. See your *Navigation System Owner's Manual* for details. 10. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps and services subject to change. See toyota.com/entune for details. 11. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. HD Radio™ Technology manufactured under license from iBiquity Digital Corporation U.S. and Foreign Patents. HD Radio,™ and the HD, HD Radio, and "Arc" logos are proprietary trademarks of iBiquity Digital Corp. 12. SiriusXM services require a subscription after 3-month trial period. **Subscriptions governed by SiriusXM Customer Agreement available at www.siriusxm.com. If you decide to continue your SiriusXM service at the end of your complimentary trial, the plan you choose will automatically renew and bill at then-current rates until you call 1-866-635-2349 to cancel.** Fees and programming subject to change. Available only to those at least 18 years of age in the 48 contiguous United States and D.C. 13. PANDORA®, the PANDORA® logo, and the Pandora trade dress are trademarks or registered trademarks of Pandora Media, Inc., used with permission. 14. Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. Please see your *Owner's Manual* for important instructions and cautions. 15. EV Mode works under certain conditions at low speeds for up to a mile. Please see your Toyota vehicle *Owner's Manual* for further details. 16. CAUTION! When driving a hybrid vehicle, pay special attention to the area around the vehicle. Because there is little vehicle noise in electric-only mode, pedestrians, people riding bicycles or other people and vehicles in the area may not be aware of the vehicle starting off or approaching them, so take extra care while driving. 17. The Smart Key System may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. 18. HomeLink® and the HomeLink® house icon are registered trademarks of Gentex Corporation. 19. Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control. Please see your *Owner's Manual* for further details. 20. Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions. 21. Smart Stop Technology® operates only in the event of certain simultaneous brake and accelerator pedal applications. When engaged, the system will reduce power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology® is not a substitute for safe and attentive driving and does not guarantee instant stopping. Please see your *Owner's Manual* for further details. 22. All the airbag (AB) systems are Supplemental Restraint Systems. All ABs (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions: frontal and knee ABs typically inflate in frontal collisions; side and side curtain ABs in side collisions; Roll-Sensing Curtain ABs at a severe tilt degree, roll or lateral G-force. In all other accidents, the ABs will not inflate. To decrease the risk of injury from an inflating AB, always wear seatbelts, sit upright in the middle of the seat as far back as possible and do not lean against the door. Do not put objects in front of an AB or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. The force of an inflating AB may cause serious injury or death. See your *Owner's Manual* for further information/warnings. 23. Whiplash-Injury-Lessening front seats can help reduce the severity of whiplash injury in certain rear-end collisions. 24. The Toyota Tire Pressure Monitor alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See your *Owner's Manual* for details. 25. This device is not a substitute for safe driving practices. It is the driver's responsibility to maintain a lookout for pedestrians, cyclists, other cars and objects and to drive the vehicle in a safe and prudent manner to avoid making contact. 26. Contact with the Safety Connect® response center is dependent upon cellular connection availability and GPS satellite signal reception, which can limit the ability to reach the response center or receive emergency service support. Enrollment and Subscription Service Agreement required. One-year trial subscription available only with new vehicle purchase of Safety Connect®-equipped vehicles. Additional subscription terms available; charges vary by subscription term selected. 27. The Pre-Collision System is designed to help reduce the crash speed and damage in certain frontal collisions only. They are not collision-avoidance systems and are not substitutes for safe and attentive driving. System effectiveness depends on many factors such as speed, driver input and road conditions. See your *Owner's Manual* for further information. 28. HAC is designed to help minimize backward rolling on steep ascents. It is not a substitute for safe driving judgment and practices. Factors including grade, surface conditions and driver input can all affect whether HAC will be effective in preventing a loss of control. Please see your *Owner's Manual* for further details. 29. The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a Smart Key fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle's immobilizer. Because the transponder chip is embedded in the key/fob, it can be costly to replace. If you lose a key or fob, your Toyota dealer can help, or you can find a qualified independent locksmith to perform high-security key services by consulting your local Yellow Pages or by contacting www.aloa.org. 30. Lane Departure Alert is designed to read the lane markers under certain conditions, and provide visual and audible alerts when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness depends on many factors. See *Owner's Manual* for more information. 31. The automatic high beam system operates at speeds above 21 mph. Situations such as a dirty windshield, variable weather, lighting conditions and hilly terrain will limit effectiveness, requiring the driver to manually turn off. See *Owner's Manual* for details. 32. Meets Tier 2/Bin 3 Federal emissions standard. 33. Hybrid vehicle battery expected life is 150,000 miles based on laboratory bench testing. 34. Cargo and load capacity limited by weight and distribution. 35. 2016 EPA-estimated mileage. Actual mileage will vary. 36. This floor mat was designed specifically for use in your model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each mat must be secured with its fasteners. Do not install a floor mat on top of an existing floor mat. 37. The Toyota Genuine Accessory Warranty will only apply when the installation is performed by a trained Toyota-approved installer. Please see dealer for details. 38. Based on IHS Automotive: Polk U.S. Vehicles In Operation vs. new vehicle registrations for MY 2005-2014 as of October 2014.

WARRANTIES

Every Toyota Car, Truck and SUV is built to exceptional standards. And that's not idle boasting. We back it up with these Limited Warranty Coverages:

Basic: 36 months/36,000 miles (all components other than normal wear and maintenance items).

Hybrid-Related Component Coverage: Hybrid-related components, including the HV battery, battery control module, hybrid control module and inverter with converter, are covered for 8 years/100,000 miles. The HV battery may have longer coverage under emissions warranty. Refer to applicable *Warranty and Maintenance Guide* for details.

Powertrain: 60 months/60,000 miles (engine, transmission/transaxle, drive system, seatbelts and airbags).

Rust-Through: 60 months/unlimited miles (corrosion perforation of sheet metal).

Emissions: Coverages vary under Federal and California regulations. Refer to applicable *Warranty and Maintenance Guide* for details.

Accessories: For Genuine Toyota Accessories purchased at the time of the new vehicle purchase, the Toyota Accessory Warranty coverage is in effect for 36 months/36,000 miles from the vehicle's in-service date, which is the same coverage as the Toyota New Vehicle Limited Warranty.

For Genuine Toyota Accessories purchased after the new vehicle purchase the coverage is 12 months, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new vehicle warranty, whichever provides greater coverage, with the exception of car covers. Car covers are warranted for 12 months from the date of purchase and do not assume any coverage under the Toyota New Vehicle Limited Warranty.

You may be eligible for transportation assistance if it's necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

For complete details about Toyota's warranties, please visit www.toyota.com, refer to the applicable *Warranty and Maintenance Guide* or see your Toyota dealer.

Some vehicles are shown with available equipment. Seatbelts should be worn at all times. For details on vehicle specifications, standard features and available equipment in your area, contact your Toyota dealer. A vehicle with particular equipment may not be available at the dealership. Ask your Toyota dealer to help locate a specifically equipped vehicle.

All information presented herein is based on data available at the time of posting, is subject to change without notice and pertains specifically to mainland U.S.A. vehicles only. Prototypes shown. Actual production vehicles may vary.
