

PANEL DELIVERY
2 AND 4-WHEEL DRIVE

LOAD MORE=GO MORE IN THE 'JEEP' PANEL DELIVERY

Businessmen make sure their company never
has a problem in this month-long survey!
And the Panel Delivery's driving qualities
insure it's in the good books. Easy handling
' Jeep dependability lets you glide through
heavy traffic almost without effort. Yet, the
Panel Delivery has a bigger load capacity than
many competitive vans.

You'll go more places, too. With ' Jeep's
6-wheel drive traction underfoot, the Panel De-
livery handles full loads over rough roads and
snow, or wherever the going gets tough.

...and more. Drive a van. A real
van! The Panel Delivery's big load
capacity and 600 cubic feet of cargo
space let you make more money from
every working hour. ... And you
know your investment will pay for itself
in a hurry. You'll find out soon
why. Just ask the man in charge of
deliveries. And the Panel Delivery is
the most important investment you can make!

...handling and parking in congested
traffic areas are simplified by the
Panel Delivery's compact size and
wide wheelbase. And by
expansion options available for the
interior seats. ... And, the Panel
Delivery's 12-volt battery
system and independent rear
suspension (only available with 4WD)
also a variety of other accessories
are available with your van.

...and you'll know it's worth the price. Simply
ask for a free brochure. You don't have to
bring cash to buy it. ... We want to help
you get the most out of your Panel
Delivery van. So that's why we
offer you the best financing
options available. Call
for financing details. We
...and help you take
the most from your van!

...More information
about the Panel Delivery van is
available from 1-800-4-A-JEEP.
The Panel Delivery is the
best way to get more from your
van. Call for details. We'll
...and help you take
the most from your van!
