

1981

AMERICAN MOTORS CORPORATION

RAMBLER

Eagle... 1981

Experience driving in the 4th dimension

Here is one of the most innovative automobiles ever built in America. The new Eagle SX/4 from American Motors. It is the result of years of four-wheel drive expertise. The SX/4 provides the secure motoring confidence of four-wheel drive traction in an automotive package that is sporty and fun to operate. Surely, the new Eagle's styling, roadability and appointments are exceptional. But consider, too, that it is backed by the exclusive 1981 Buyer Protection Plan from American Motors.

It's a plan that includes Ziebart® Factory Rust Protection with galvanized steel on the inside of all exterior body panels. The AMC full five-year No Rust-Thru™ Warranty. Full 12-month/12,000-mile New Automobile Warranty. All yours as standard equipment

on the new 1981 Eagles and all at no extra cost with the Buyer Protection Plan.

The Eagles have arrived road-ready for rugged driving and fuel-efficient operation. Two new bodystyles are available in '81 — the Eagle SX/4 (shown here) and the Eagle kammback. For size and economy, they compete with almost any subcompact. And they get you where you want to go... through rain, mud, snow and icy conditions. That super roadability comes from AMC's unique automatic four-wheel drive system, and independent front suspension. All nestled on a highly maneuverable 97.2-inch wheelbase.

The new Eagles' bigger brothers show important improvements for 1981. Following

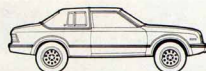

high acceptance by the motoring public, the 109.3-inch wheelbase Eagle 2-door sedan, 4-door sedan and popular wagon models are even more fuel-efficient this year. They maintain the driving security and control of four-wheel drive traction for those people who want and need the capability to drive under difficult road conditions as well as everyday traffic situations. On the outside, lower bodyside Kraton™ and bumper systems are integrated, while the grille has been restyled with a textured rectangular insert. Under the hood, a new standard powertrain: 2.5 liter 4-cylinder engine and 4-speed transmission, gives an EPA estimated MPG rating of 22 and a highway estimate of 29 mpg. Use EPA est. MPG for comparison. Your mileage may vary with

Eagle 4-door sedan

Eagle wagon

speed, weather, trip length. Actual highway will probably be less. Calif. ests. may vary.

The American Eagles for 1981. Experience driving in the 4th dimension.

Eagle SX/4

The spectacular new Eagle SX/4 is the first sport machine that doesn't always need a road. Experience superb traction and control as all four wheels, not just two, power you over good roads and bad, and even where there are no roads.

This new 4-wheel drive Eagle outcramers Trans Am in soft sand. Outaccelerates Mustang Turbo in loose dirt. Outbrakes MGB on dry pavement. And Eagle SX/4 beats the gas mileage of all three.

The creature comforts are yours aplenty in SX/4 as standard equipment, including custom bucket seats, carpeted passenger and cargo area, and a folding rear seat back to accommodate extra loads. Add to your comfort with luxury items offered in the optional DL model . . . niceties such as reclining buckets, woodgrain instrument panel, bright exterior moldings and styled wheel covers. Or, go for the optional gutsy Sport Package and get extras like high/low beam halogen headlights, sport fog lamps, steel-belted radials, blackout grille, bumpers and exterior trim.

This sport-minded machine comes powered with the 2.5 liter 4-cylinder engine and 4-speed gearbox standard. EPA ratings for the 4-cylinder version @ estimated mpg; 29

highway estimate. Use EPA est. MPG for comparison. Your mileage may vary with speed, weather, trip length. Actual highway will probably be less. Calif. est. may vary. For optional power, choose the 4.2 liter 6-cylinder engine with four-on-the-floor or 3-speed automatic transmissions. All powertrain combinations are fuel-efficient, yet fun to run.

Shown here is the SX/4's Sport Package interior; custom bucket front seats in black Deluxe Grain vinyl with sport steering wheel. Optional gauge package includes tach, clock, voltmeter, oil and vacuum pressure gauges.

Experience what lies beyond the sports car.

The new Eagle SX/4.

Eagle SX/4 DL model

Eagle SX/4 DL interior in Deluxe Grain vinyl

Eagle Kammback

So much practicality, so much affordability . . . all wrapped up in a smart appearing four-wheel drive package. Whether the new Eagle kammback is your only automobile or a second family automobile, it's a truly sporty subcompact.

The 1981 Eagle kammback has four seat roominess and comfort. And it's extremely dependable underway . . . with a four-wheel drive system and independent front suspension that keeps you going through difficult climate and driving situations, on or off the road. It takes the worry out of snowy, rainy, heavy-mud and icy conditions.

The kammback DL model delivers superior luxury matched with sporty utility that includes reclining buckets, split folding rear seat, woodgrain accented steering wheel and specially styled wheel covers.

The standard powertrain: a 2.5 liter 4-cylinder engine coupled with a 4-speed manual transmission provides an EPA rating of 22 estimated mpg, 29 highway

estimate. Use EPA est. MPG for comparison. Your mileage may vary with speed, weather, trip length. Actual highway will probably be less. Calif. ests. may vary. For optional go-power, select the improved 4.2 liter six with 4-speed manual or 3-speed automatic transmission.

And all new Eagles have something special American Motors can provide: the 1981 Buyer Protection Plan. It includes Ziebart® Factory Rust Protection with galvanized steel on the inside of all exterior body panels. Full five-year No Rust-Through Warranty. Full 12-month/12,000-mile New Vehicle Warranty. All standard equipment . . . all at no extra cost.

Eagle Wagon

The American Eagle was enthusiastically received last year by U.S. motorists as well as the automotive press. And the Eagle wagon took top honors for popularity. Why such great acceptance? Only from American Motors will you get true engineering innovation in a four-wheel drive system that distributes driving power and traction to the wheel that requires it most. Plus an independent front suspension that

gives exceptional ride and handling qualities. Even off-road driving is no longer a concern when you're behind the wheel of an Eagle wagon. In difficult driving conditions, the Eagle gets you there like no ordinary passenger car can.

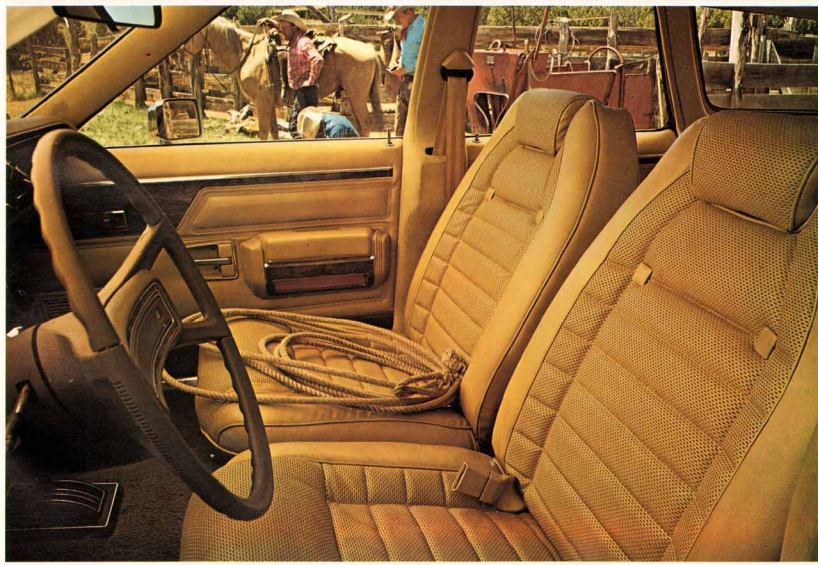

The 1981 Eagle wagon is just as trim and maneuverable as the Eagle sedans. It gives you the same passenger room and comfort... the same great four-wheel drive system. But out back where the loads go in, this Eagle becomes all wagon. The spacious tailgate opening provides entry to 57 cubic feet of cargo area with the rear seat folded down. A separate cargo storage compartment is lockable to protect valuables.

To move passengers and loads, Eagle wagons are powered by the standard 2.5 liter 4-cylinder engine and 4-speed transmission, with a 22-gallon fuel tank. A proven fuel-efficient package for short-haul shopping or vacation cruising. Functional options such as trailer towing package and the 4.2 liter 6-cylinder engine and 3-speed automatic can be added to increase Eagle's capacity for work or play.

Order the Eagle wagon in the elegant Limited model and enjoy individual reclining seats in Chaisea leather and richer 18 oz. carpeting in passenger areas.

Eagle Sedans

When your concern is how to get where you want to go, securely and comfortably, look to the driving alternative designed for the '80s ... the 1981 Eagle 2-door and 4-door sedan models. Security ... furnished by a built-in four-wheel drive system that handles on- and off-road driving situations with ease. Family-sized ... with the roominess afforded by efficient design. And comfort ... with all the conveniences and appointments of a luxury automobile.

There's no mistaking the styling refinements of the 1981 Eagle sedans either. On the outside the lower bodyside Kraton™ system blends neatly into the front and rear bumpers. The grille is re-styled with a textured rectangular insert. The 2-door sedan is also highlighted by a new distinctive opera window treatment in both the standard and Limited models. And a wide range of new options include 6-way power seats, aluminum wheels, floor shift console and gauge package, to name only a few.

The standard Eagle sedan powertrain is the 2.5 liter 4-cylinder engine with 4-speed manual transmission. Optional powertrain choices include both the 4.2 liter six and 3-speed automatic transmission.

An exciting Eagle Sport Package is also available as an option with the 2-door

sedan. Features include a color-keyed leather sport steering wheel with woodgrain hub on the inside, low gloss black Kraton™ wheel flares, black bumpers and bumper guards, dual remote sport mirrors, black grille insert, silver 4x4 graphics and "Sport" nameplates.

Of course, at no extra cost you get the benefits of the 1981 Buyer Protection Plan. It includes Ziebart® Factory Rust Protection with galvanized steel on the inside of all exterior body panels. Full five-year No Rust-Thru™ Warranty. Full 12-month/12,000-mile New Vehicle Warranty. All yours as standard equipment on all new Eagles for 1981.

The American Eagles for 1981 ... unbelievable motoring traction and control uniquely combined with automotive luxury. Experience driving in the 4th dimension.

Eagle Limited 2-door sedan

Eagle Options & Accessories

Some options listed are standard on certain models, or are included with Sport or other select packages.

Power

- 6-way power driver's seat (standard and Limited model sedans and wagons)
- 6-way power driver's and passenger's seat (standard and Limited model sedans and wagons)
- Power lift side windows (standard and Limited model sedans and wagons, SX/4 and kammback DL models)
- Power door locks (standard and Limited model sedans and wagons, SX/4 and kammback DL models)
- Power decklid release (sedans)
- Power liftback release (SX/4)

Audio

- AM radio
- AM/FM stereo radio
- AM/FM cassette stereo radio
- AM/FM/CB stereo radio
- Premium audio system
- Power antenna

Convenience

- Air conditioning system (includes heavy-duty cooling system, heavy duty alternator and parcel shelf)
- Light group (includes dome map light, two courtesy lights, glove box light, engine compartment light, rear door switches on 4-door sedans and wagons, trunk light on sedans and liftgate dome light switch on wagons and SX/4 models)
- Convenience group (includes lighted passenger visor mirror, lights-on buzzer and intermittent windshield wipers)
- Gauge package (includes tachometer, clock, volt and oil gauges and vacuum pressure gauge)

- Quartz digital clock
- Tinted glass
- Rear window defogger
- Rear window wiper and washer (SX/4, kammback and wagon)
- Pop-up sun roof
- Dual horns
- Cruise control (automatic transmission only)
- Tilt steering wheel
- Roof rack (wagon and kammback)
- Tailgate air deflector (kammback)
- Floor shift console (required with gauge package)
- Halogen headlamps
- Halogen fog lamps
- Parcel shelf
- Remote control outside sport mirrors (SX/4 and kammback)
- Remote control outside chrome mirrors
- Electric control dual outside chrome mirrors
- 10-inch day/night mirror

Appearance

- Woodgrain bodyside panels (wagons only)
- Rear spoiler (with SX/4 Sport Package only)
- Eagle SX/4 Sport Package includes the following equipment:
 - Interior** — color-keyed sport steering wheel and floor shift console
 - Exterior** — low gloss black Kraton™ wheel flares; rocker panel and wheel flare trap moldings; color-coordinated inserts on bodyside moldings, bumper nerf strips and hood molding; black bumpers and bumper guards; blackout treatment around taillamps; black accents on taillamp lens; black grille insert, headlamp bezels and liftgate moldings; black door frames, "B" pillar and dual remote sport mirrors; "Sport" nameplates

Factory Approved AMC Parts/Accessories

Always insist on the use of genuine AMC replacement parts to help maintain the high standard of quality built into all AMC vehicles.

And, be sure you select from the vast line-up of factory-approved accessories for dealer installation to personalize your vehicle to suit your driving needs. Because AMC parts and

accessories are designed and engineered specifically for AMC vehicles, they will fit correctly, perform properly and give long-lasting satisfaction. Genuine AMC parts and accessories are available only through your local AMC dealer. Ask him for the latest copy of the AMC Accessory Catalog.

Functional — P195/75R15 BSW Arriva steel radial tires; halogen headlamps and fog lamps

■ Eagle 2-door sedan/wagon Sport Package includes the following equipment:
Interior — color-keyed leather sport steering wheel with woodgrain hub
Exterior — low gloss black Kraton™ wheel flares; rocker panel and flare trap moldings; color-coordinated inserts on bodyside moldings, bumper nerf strips and hood molding; black bumpers and bumper guards; silver "4X4" graphics on doors; black accents on taillamp lens; black grille insert, headlamp bezels, windshield moldings; black door frames, "B" pillar and dual remote sport mirrors; "Sport" nameplates; black quarter window insert (sedan only)

Functional — P195/75R15 BSW Arriva steel radial tires; halogen headlamps and fog lamps

Protection

- Protection group (includes bumper guards, door edge guards and floor mats)
- Bumper guards
- Extra quiet insulation
- Locking gas cap
- Bodyside scuff moldings
- Front suspension skid plate
- Retractable cargo area cover (wagons only)

Heavy Duty

- Light-duty trailer towing package (sedan and wagon models only). Includes bumper-mounted hitch, 5-conductor wiring harness and vehicle-to-trailer wiring kit. For trailers up to 2000 pounds.
- Medium-duty trailer towing package (sedan and wagon models only). Includes equalizing hitch, 7-conductor wiring harness, vehicle-to-trailer wiring kit and auxiliary transmission oil cooler. For trailers up to 3500 pounds.
- Extra duty suspension package
- Automatic load leveling air shocks (sedans and wagons only)
- Cold climate group (includes engine block heater, heavy-duty battery and extra coolant protection)
- Heavy duty battery
- Altitude option
- 4-cylinder heavy-duty cooling (includes heavy-duty radiator and viscous drive fan)
- 6-cylinder maximum cooling (includes special maximum duty radiator)

Tires

- P195/75R15 fiberglass radial WSW (base model SX/4 and kammback)
- P195/75R15 Arriva steel radial BSW
- P195/75R15 Arriva steel radial WSW
- P215/65R15 Eagle GT steel radial OWL

- A Power door locks and power lift side windows
- B Premium audio system
- C 6-way power driver's seat
- D AM/FM/CB stereo radio
- E Retractable cargo area cover
- F Vinyl luggage carrier and roof rack
- G Remote sport mirror
- H Rear window wiper/washer
- I Power antenna
- J Pop-up sun roof
- K Cruise control and tilt steering wheel
- L Leather-wrapped sport steering wheel
- M Gauge package and automatic T-bar shift lever

Eagle Standard Features

Eagle standard model sedans and wagons, and base model SX/4 and kammback offer the following standard equipment:

Functional

- 2.5 liter, 4-cylinder engine
- 4-speed manual transmission
- Automatic 4-WD transfer case with skid plate
- Power front disc brakes
- Power steering
- P195/75R15 radial WSW tires (sedans and wagon)
- P195/75R15 radial BSW tires (SX/4 and kammback)
- 22-gallon fuel tank (sedans and wagon)
- 21-gallon fuel tank (SX/4 and kammback)
- Extra quiet insulation (sedans and wagon)
- High level ventilation
- Heater defroster system
- Front stabilizer bar
- Compact spare tire
- Dual horns (sedans and wagon)

Exterior

- Landau vinyl roof (2-door sedan)
- Full vinyl roof (4-door sedan)
- Integrated lower body Kraton™ treatment
- Black lower bodyside scuff moldings
- Bumper rear strips
- Styled rectangular headbands

1981 AMC Full 12-Month/12,000-Mile New Automobile Warranty

When you buy a new 1981 AMC automobile from an AMC dealer, American Motors Corporation** warrants to you that for 12 months or 12,000 miles* from the date of delivery or first use, whichever comes first, it will, except for tires, pay for the repair or replacement of any part that supplies with components defective in material or workmanship.

All we require is that the automobile be properly maintained and cared for under normal use and service in the fifty United States or Canada and that warranty repairs or replacements be made by an authorized AMC dealer.

Except for other written warranties issued by American Motors apply

Ziebart Factory Rust Protection and Full Five (5) Year Perforation from Corrosion Warranty

When you buy a new 1981 AMC automobile with Ziebart® Factory Rust Protection from an authorized AMC dealer, American Motors Corporation warrants to you that it will pay for the repair or replacement of any part it supplies, except exhaust system components, which prevent normal use and service to have developed perforation from corrosion within five (5) years from the date of delivery or first use, whichever occurs first. There is no mileage limitation.

All we require is that the automobile be properly maintained in accordance with the conditions set forth in the Owner's Manual. All repairs and parts replacements under this warranty must be performed by an authorized AMC dealer. You must notify your dealer as soon as you are aware of perforation due to corrosion.

Corrosion other than perforation which is due to defective factory materials or workmanship is covered by the full 12-month or 12,000-mile (20,000 km) AMC New Automobile warranty.

Perforation from corrosion due to accident, damage, abuse or vehicle alteration is not covered under this warranty.

Collision-damaged panels must be repaired or replaced with new factory-approved or authorized parts and rust-protected within two (2) months to be included in this warranty.

For service under this warranty, you must take your automobile to an AMC dealer for examination and approval by a service representative of American Motors prior to repair or replacement of any part.

Except for other written warranties issued by American Motors applicable to AMC automobiles, no other warranty is given or authorized by American Motors.

cable to AMC vehicles no other warranty is given or authorized by American Motors. American Motors shall not be liable for loss of use, loss of time, inconvenience or other incidental or consequential damages. Some states and provinces do not allow limitation or exclusion of incidental or consequential damages so the above

exclusion and limitation may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state or province to province.

*In Canada: (20,000 km)
**In Canada: American Motors (Canada) Limited

AMC automobiles incorporate thousands of different components produced by American Motors Corporation, affiliated companies and various independent suppliers. From time to time during the manufacturing process, it may be necessary to produce AMC automobiles with different components or differently sourced components than initially scheduled. All components must meet the standards of American Motors Corporation and will provide the performance expected from AMC automobiles.

1981 Buyer Protection Plan[®]

Warranty Coverage

This warranty gives you 12-month or 12,000-mile (20,000 km), whichever comes first, coverage on many items not covered by most warranties. It covers wiper blades, brake linings, light bulbs — everything we put on the automobile except tires. If any part American Motors supplies is wrong on your 1981, you won't have to pay for the parts or the labor. You are responsible to see that your automobile is maintained, at your expense, according to the 1981 Owner's Manual and Maintenance Schedule booklet.

Service Adjustments

Any needed service adjustments required during the first 12 months or 12,000 miles (20,000 km) of normal use, whichever comes first, and which are not required as part of normal scheduled maintenance will be performed by an authorized AMC dealer without charge to the customer.

Warranty Service For owners Who Move or Travel

If you move or are traveling, any AMC dealer in the fifty United States or Canada will perform warranty repairs for you.

Warranty Coverage For Subsequent Owners

Subsequent owners of an AMC automobile are eligible for a one-year warranty coverage. A subsequent owner need simply present the warranty folder (properly filled out) to an authorized AMC dealer to obtain warranty repairs.

Tire Policy

The tire manufacturer provides a limited warranty for the tires supplied with your new automobile. Specific warranty information and tire adjustments are handled directly with owners by the tire manufacturer's distributors, dealers or retail stores. Your AMC dealer will assist if you need help in securing an adjustment.

Pre-Delivery Service

Your AMC dealer has serviced and tested your automobile for starting, handling, and braking and overall performance in accordance with AMC's Dealer Pre-Delivery Service Procedure. In addition, many other checks, inspections, adjustments and final clean-up services have been performed to assure your auto meets the quality standards of AMC products.

A Loaner Automobile

If your automobile needs warranty repair work and "same day" (morning to evening) service cannot be completed as promised or if warranty repairs require that it be kept overnight, your AMC dealer will provide you with a free loaner automobile until your auto is ready. To qualify, you must comply with your dealer's work schedule.

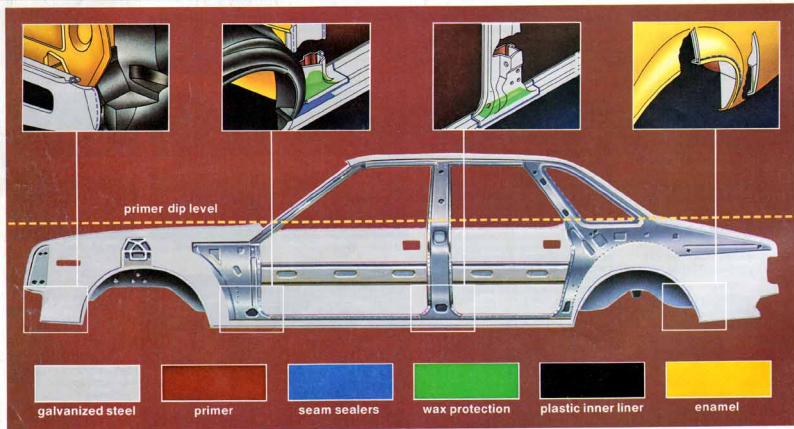

Special Trip Interruption Protection

If you're 100 miles (160 km) or more from home and a servicing AMC dealer can't provide "same day" warranty repairs for your automobile, interrupting your trip, we will reimburse you for reasonable extra lodging and meal costs up to \$150, based upon your actual expenses. Submit receipts to the AMC dealer who serviced your automobile. He'll handle the paperwork that generates a direct reimbursement from American Motors to you.

Ziebart[®] Factory Rust Protection

American Motors gives you a full five (5) year warranty which covers perforation due to corrosion for five years from date of delivery or first use, whichever comes first. As the illustration below indicates, American Motors makes extensive use of galvanized steel — a zinc-coated steel that provides excellent protection against corrosion.

Only American Motors has galvanized steel inside all exterior body panels as part of Ziebart[®] Factory Rust Protection

Built to last
