E-PROCESS

**Das Auto.**

## Keep all your options open.

The way we see it, nothing comes close to driving a convertible. You know, that feeling of pure exhilaration when the top is down. But when the weather is less than ideal, what choice do you have? With the Eos, you'd have a lot because it's the world's only automatic folding hardtop with a power sunroof.\* So if

conditions aren't calling for the full wind-in-your-hair experience, just open the sunroof to keep that endless blue sky above you. Then, top up or down, just step on the gas and let the 200-hp turbocharged engine take you anywhere. And leave you open for anything. That's the Power of German Engineering.

# Eos, by the numbers.

# 1

STYLE

page 05

With its bold design, the Eos has a real sense of style inside and out, top to bottom.

# 2

PERFORMANCE

page 09

A 200-hp turbocharged engine that really puts the wind in your hair when you put the pedal to the metal.

# 3

INTERIOR

page 11

Surprisingly roomy and spacious, this convertible seats four adults comfortably.

# 4

TECHNOLOGY

page 13

With a touchscreen and 8-speaker sound system, it's an entertainment center that totally revolves around you.

# 5

SAFETY

page 15

You'll find numerous safety measures, both active and passive, that will help provide immeasurable safety.

# 6

SPECS & ACCESSORIES

page 19

Colors. Trims. Wheels. All the things that make an Eos your Eos.

# The sky. Without limits.

## STYLE

With its stunning looks and impressive German engineering, there's no telling what you can do in your Eos. Show off those curves on a long straightaway. Turn heads at nearly every turn. Or just get your daily dose of Vitamin D. Really, it can go wherever the sky takes you.

# Top form.

## STYLE

A simple pull of a lever transforms the Eos from a coupe to a convertible in just 25 seconds for a quick change of scenery. So one moment the Eos is a gorgeous coupe with stunning lines. In the very next, it's an equally gorgeous convertible looking for the next stunning sunset.

Seen in all the right places. With LED taillights, LED lighting for the license plate, and foglights with a corner-illuminating feature, you definitely have a lot to look forward to.

**01** **Shining example.** Available Bi-Xenon headlights with the Adaptive Front-lighting System show off more of the road at night. And let you show off one of our coolest features.

**02** **Ah, leather.** The seats of the Eos are available with Vienna leather seating surfaces that are soft to the touch. Plus, they really do make that new car smell even better.

**03** **How's the view?** Simply beautiful with available power-folding side mirrors that have integrated turn signals, are heated, and can even dim automatically on the driver's side to help reduce headlight glare.

# 200 horsepower

## PERFORMANCE

**Fun worshipper.** When it comes to a good time, the Eos is ready to soak it all in. Look past those sleek lines and you'll see a 2.0L, 200-hp turbocharged engine underneath the hood that's ready to take on any highway, expressway, or long way home. Paired with the 6-speed DSG® automatic transmission with Tiptronic®, you can switch from fully automatic to manual shifting with just a simple tap. This means getting there is always twice the fun.

6-speed DSG automatic transmission with Tiptronic and Sport mode

Sport-tuned suspension\*

Electromechanical Power Steering (EPS)

Steering wheel-mounted paddle shifters\*

Executive shown in Salsa Red

**01 2.0L TSI® engine.** That wind in your hair doesn't just come out of nowhere. A lot of credit goes to the 207 lbs/ft of torque from a turbocharged engine designed to blow you away.

**02 Turbo.** That distinct whoosh you hear when you step on the gas is the turbocharger kicking in, pushing more air into the engine for a quick boost of power. And an even quicker rush of adrenaline.

## Roomy with a view.

### INTERIOR

Even when you're inside with the top up, you'll never leave the outside far behind. Open the panoramic sunroof to let all of that breathtaking sky in. Get nice and comfortable in the available 12-way power-adjustable front seats. Then turn on the dual-zone automatic climate control to maintain the perfect temperature for everyone. It's nice to know the Eos is always looking out for you.

### TECHNOLOGY

Go ahead and take any seat you like. Because no matter where you're sitting in the Eos, you're in the perfect position to take in the available crystal-clear HD Radio™ or your favorite iPod® playlist pumping out of 10 available premium speakers. Of course, if it's just you, call up some friends with the push of a button and a voice command to tell them you have some great seats for the next performance.\*\*

- 600-watt Dynaudio® premium sound system\*
- Touchscreen navigation
- Bluetooth® with audio streaming\*\*
- Media Device Interface (MDI) with iPod cable\*\*
- Rearview camera\*
- Park Distance Control\*
- Volkswagen Car-Net™ connected car features†
- SiriusXM® Satellite Radio with 3-month trial subscription

Information Provided by:

\*Feature available on select models. \*\*Requires compatible devices. †VW Car-Net services provided by Verizon Telematics, Inc. (VZI). Available only on select 2014 Volkswagen models. Automatic Crash Notification may be enabled for up to six months without activating a trial or paid subscription; Manual Emergency Call feature and all other VW Car-Net features require trial or paid subscription. ‡VW Car-Net services require vehicle cellular connectivity and availability of vehicle GPS signal. VW Car-Net includes services that may collect location information. See applicable Terms of Service available at vw.com/carnet for details.

# Safety that's easily transparent.

## SAFETY

Beneath that attractive Eos exterior, you'll find even more attractive features designed to help keep you safe. Numerous active safety features, such as Electronic Stability Control (ESC) and Hydraulic Brake Assist (HBA) systems, help reduce the likelihood of an accident occurring in the first place. And should the unthinkable become unavoidable, we've implemented multiple passive safety systems to do our very best to help protect you and your passengers, including adaptive airbags that can vary their operation based on crash severity.\* The Eos even looks out for you after a crash with its Intelligent Crash Response System (ICRS).\*\* With everything the Eos does to help protect you, it has a focus on safety that's clear to see.

**01 Rollover support.** Every Eos is equipped with a rollover support system that automatically deploys hidden steel beams behind the rear head restraints. It helps provide additional protection in rollovers, for additional peace of mind.

**02 Tire Pressure Monitoring System (TPMS).** The TPMS lets you know when the pressure of one of your tires is low, which can help improve overall safety, tire life, handling, and even fuel economy.†† Good reasons why the Eos tirelessly monitors your tire pressure.

**03 Seven active stability-enhancing systems.** The Eos features seven active stability systems to help enhance control when accelerating, braking, and while cruising. And it can help enhance your sense of confidence on the road as well.

**04 Adaptive airbags.** For enhanced protection, the front airbags can tailor their operation based on crash severity and even the weight of the occupants. And pressure sensors within the doors help accelerate the side airbags' response time in side impacts. All to provide an extra cushion of safety.\*

**05 Safety cage.** Front and rear crumple zones help absorb crash energy, while a rigid safety cage helps deflect it away from the occupant compartment. Hot-formed anti-intrusion side beams and A-pillars help prove the Eos not only has your back, but your sides too.

**06 Intelligent Crash Response System (ICRS).** In the event of a collision that activates the vehicle's airbags,\* the ICRS will automatically disable the fuel pump, unlock all the doors, and turn on the hazard lights.\*\* It's how your Volkswagen looks out for you when you need it most.

Information Provided by:

Dramatization.†

\*Airbags are supplemental restraints only and will not deploy under all crash circumstances. Always use safety belts and seat children only in the rear, using restraint systems appropriate for their size and age. \*\*The Intelligent Crash Response System (ICRS) will only activate in a collision where the airbags deploy or safety belt pretensioners activate. ††This is a dramatization and does not depict what will happen in a collision. All airbags will not inflate in real-world crashes, and if multiple airbags do deploy, they will be in various stages of inflating/deflating and will never all be inflated at the same time. †See www.fueleconomy.gov for EPA estimates. Your mileage will vary and depends on several factors, including your driving habits and vehicle condition.

# Our environment.

Building cars comes with responsibilities—not just to you, but to the environment. And this starts before our cars are even built, like at our LEED® Platinum-certified plant in Chattanooga. It follows our “Think Blue. Factory.” philosophy by taking a holistic approach to our ecological activities. Our goal is to reduce the environmental impacts from the Volkswagen brand’s production operations by 25% per vehicle by 2018 by improving resource efficiency and reducing emissions. As you can see, this sort of thinking really does come second nature to us. **Think beyond green. Think Blue.**

## Our commitment to the environment

Encouraging eco-conscious behavior

The first LEED Platinum auto plant

Partnering with other progressive thinkers like MoMA, the Surfrider Foundation, and PeopleForBikes

# Your enjoyment.

Driving a fuel-efficient\* vehicle shouldn’t mean sacrificing performance. There are just too many fun, curvy roads out there, which is why Volkswagen makes a variety of fun-to-drive engines, including a high-range TDI® Clean Diesel engine with enough grin-inducing torque to pin you back in your seat. Our TSI® engine uses direct injection to be both powerful and efficient, and our Jetta Hybrid sports a turbocharger under its hood, which is the first of its kind in its class. Who knows, this could account for all the happy VW drivers out there. Quite honestly, nothing would make us happier.

## Our commitment to your driving enjoyment

TDI technology uses less fuel and provides more torque than comparable gas engines\*

TSI engines use turbocharging and direct injection to be more powerful and efficient\*

The 48 highway mpg Jetta Hybrid is the first turbocharged hybrid in its class\*\*

**Think Blue.®**

VOLKSWAGEN FAMILY

**Why VW.** It's not a question. It's our philosophy behind why we think everyone deserves a better car. No matter where they are or where they're headed, people should have a quality car they can feel good about and enjoy for a long time. Today, we have ten different models

to choose from—all engineered with this same belief. And it's why we have the most vehicles on the road with over 100,000 miles.\* Because Why VW is all about making sure that the VW you have today will still be the one you love to love tomorrow.
