

2015 e-Golf

Das Auto.

e-Golf

It's e-lectrifying. This isn't your typical electric car. It's an all-new member of the Golf family. So you know it's just as fun to drive, has the same versatile cargo space, and looks every bit as iconic. And with an electric motor under the hood, you know it's going to put the "e" in efficient.* **Isn't it time for German engineering?**

The e-Golf vehicle will be available only at participating dealers in CA, CT, DC, ME, MD, NJ, NY, OR, RI, and VT.

*2015 e-Golf EPA estimates: 126 city/105 highway MPGe. Based on EPA formula of 33.7 kW/hour equal to one gallon of gasoline energy, EPA rated the e-Golf equivalent to 126 MPG measured as gasoline fuel efficiency in city driving and 105 MPG in highway driving. Actual mileage will vary and depends on several factors, including driving and charging habits, weather and temperature, battery age, and vehicle condition. Battery capacity decreases with time and use. See owner's manual for details. 2015 e-Golf EPA-estimated range is 83 miles. Actual mileage and range will vary and depends on several factors, including driving and charging habits, weather and temperature, battery age, and vehicle condition. Battery capacity decreases with time and use. See owner's manual for details.

Recharge yourself.

It's a technological marvel wrapped in a Golf body. The first Volkswagen electric vehicle in the U.S. has a powerful motor that delivers an impressive 199 lb-ft of torque. That's more torque than the Nissan Leaf, and almost as much torque as our standard 1.8T Golf engine.* And on a single full charge, the e-Golf can range up to 83 miles, getting an EPA-estimated 116 MPGe.** And since every mile in an e-Golf is a zero-tailpipe-emissions mile, you'll feel good for all the right reasons.

Three driving modes. Start the car and you'll experience full Golf performance in Normal mode. Switch to Eco mode for a happy medium of performance and efficiency. Or to help maximize your range, put it into Eco+ mode for more conservative battery usage. So pick a mode. Any mode.

Up to an 80% charge in 30 mins. The e-Golf comes with DC fast charging capabilities standard,† giving you access to some of the fastest charging stations out there. So when spontaneity calls, you and your e-Golf will be ready to go in no time.

Iconic Golf design. Take one look and you know it's a Golf. Take a closer look and you'll notice the aerodynamic front bumper, unique rear spoiler, C-signature LED DRL, and special alloy wheels. It's easy to see that the e-Golf looks as good as it is efficient.**

*Based on manufacturers' published data. Nissan Leaf is a registered trademark owned by or licensed to Nissan Motor Co. Ltd. and/or its North American subsidiaries. **2015 e-Golf EPA estimates: 126 city/105 highway MPGe. SEL shown in Titan Black leatherette

An energizing atmosphere.

The e-Golf is all new, yet all familiar at the same time. Sink into the leatherette seating surfaces and grab the multi-function, sporty steering wheel. You're instantly put right in the center of the all-electric action, especially with a touchscreen navigation system, dual-zone automatic climate control, and sporty gauges.† A premium interior like this immersed in an innovative icon is the kind of combination that just might boost your energy with every push of the start button.

e-Mobility features.* Connect with the e-Golf. The VW Car-Net® app with e-Golf functions lets you remotely monitor and control your car, like schedule charging times for off-peak hours or change your climate settings.**† It even provides information like your charge status, and it can help you locate the nearest EV charging stations.

Unique interior accents. Aside from the all-new interior across the entire Golf family, the e-Golf gets a few extra unique details. Like the blue accents on the shift knob and the e-Golf emblem in front of the shifter. Or the blue contrast stitching on the leather-wrapped steering wheel and shifter in the black interior. This goes to show you can be progressive in style.

Uncompromised cargo space. We engineered and designed the e-Golf to not invade the 52.7 cu. ft. of cargo space†† found in all Golf models, whereas most electric cars compromise interior space for their batteries. We weren't about to sacrifice your comfort and space. After all, it is a Golf that happens to be electric.

Keyless access with push-button start

Leather-wrapped multi-function steering wheel

LED headlights and Daytime Running Lights

5.8" touchscreen navigation system with proximity sensor display and energy monitor

Volkswagen Car-Net® connected car features with e-Golf functions†

Dual-zone automatic climate control

*Requires compatible device. **Requires VW Car-Net Mobile Application. Compatible iPhone® and Android® devices only. Standard text and data rates apply. †3 years of complimentary enhanced e-mobility features available after subscription to 6-month VW Car-Net trial. VW Car-Net services provided by Verizon Telematics, Inc. Automatic Crash Notification enabled for up to six months with no trial or paid subscription; Manual Emergency Call feature and all other features require trial or paid subscription. VW Car-Net services require vehicle cellular connectivity and availability of vehicle GPS signal; certain services may collect location information. See Terms of Service, Privacy Policy and other details at www.vw.com/carnet/info. Always pay careful attention to the road, and do not drive while distracted. ††With rear seats folded and adjustable cargo floor lowered. †Always pay careful attention to the road, and do not drive while distracted.

e-Golf Specs

Das Auto.

Design	SEL	Performance	SEL
Automatic headlights with Coming/Leaving Home feature	●	85 kW AC synchronous electric motor, 115 hp, 199 lb-ft (270 Nm) of torque	●
LED headlights with blue accents	●	24.2 kWh lithium-ion (Li-ion) battery	●
e-Golf front grille with blue accent	●	7.2 kW on-board charger	●
e-Golf design-integrated LED Daytime Running Lights (DRL)	●	Combined Charging System (CCS) with DC fast charging capability [†]	●
Heated power side mirrors with integrated turn signals	●	Electromechanical speed-variable power steering	●
Integrated rear spoiler	●	Single-speed automatic transmission	●
16" aerodynamic Astona alloy wheels with all-season low rolling resistance tires	●	Independent front MacPherson struts and independent rear 4-link suspension	●
Rain-sensing windshield wipers	●	3 driving modes: Normal, Eco, and Eco+	●
		3 selectable levels of regenerative braking	●
		Electric parking brake	●
		XDS [®] Cross Differential System	●
Technology	SEL	Safety	SEL
Navigation system with 5.8" touchscreen with proximity sensor display and voice control, MP3- and WMA-compatible in-dash CD player, 2 SD memory card readers, and 8 speakers	●	Crash-optimized front end	●
SiriusXM [®] Satellite Radio with 3-month trial subscription*	●	Driver and passenger front and side thorax airbag supplemental restraint system ^{††}	●
Bluetooth [®] with audio streaming for compatible devices	●	Side Curtain Protection [®] airbags, ^{††} front and rear	●
Media Device Interface (MDI) with iPod [®] cable	●	3-point safety belts for all seating positions, including safety belt pretensioners for driver and front passenger	●
Volkswagen Car-Net [®] connected car features with e-Golf functions**	●	LATCH (Lower Anchors and Tethers for CHildren) child seat anchor points	●
Rearview camera	●	Anti-lock Braking System (ABS), Electronic Brake-pressure Distribution (EBD), and Hydraulic Brake Assist (HBA)	●
Keyless access with push-button start	●	Automatic Post-Collision Braking System	●
Park Distance Control (PDC) system with front and rear proximity sensors	●	Intelligent Crash Response System (ICRS) [‡]	●
		Tire Pressure Monitoring System (TPMS)	●
		Electronic Stability Control (ESC), Anti-Slip Regulation (ASR), Electronic Differential Lock (EDL), and Engine Braking Assist (EBA)	●
