

# 2016 Tiguan

# Tiguan

The compact SUV that has a lot to give. Take off for your next destination in a Tiguan and you'll have more turbocharged fun getting there. Fold down the rear seats and you'll see how versatile it can be. Add the latest touchscreen system and finely crafted details, and you've got a great view, no matter where you are. Because the Tiguan goes to show how far a little more can go.

SEL shown in Night Blue Metallic

## Sporting some serious sportiness.

From its unique and bold character lines to the off-road front bumper, which helps you stay confident through a variety of driving conditions, the Tiguan looks good and is crafted to stay that way. Take, for example, laser seam welding — a process that helps give the Tiguan a sleek and seamless exterior. Whether you're talking about the sleek and versatile roof rails or the available 19" alloy wheels, sport utility is its name and its game.

### STANDARD FEATURES

**Keyless access with push-button start.** The key fob does the job. Leave it in your pocket. You can automatically unlock the door of your Tiguan as you grip the door handle. Then, once you're inside, with the press of the brake and the push of the start button, your engine starts and you're ready to go.

**Power-operated, heated side mirrors with integrated turn signals.** When the weather drops to lower temperatures, the side mirrors can heat up to help keep them from fogging. And with a built-in turn signal, they'll also help you communicate when you're planning to turn or change lanes.

**Roof rails.** Sleek versatility. With these roof rails, you can have plenty of extra storage up top. Plus they not only look handy, but also make for a sturdy support for your outdoor equipment.

### AVAILABLE FEATURES

**Bi-Xenon headlights with LED Daytime Running Lights (DRL).** These headlights create bright beams of light to help improve visibility, lasting longer and using less energy than halogen bulbs. The LED Daytime Running Lights add style to your VW.

**Corner-illuminating foglights.** At lower speeds, these lights illuminate the direction you are turning, helping you get a more complete picture of what's coming up ahead. You may not know what's around every corner, but these lights might help you see it better.

## Big on versatility and features. Just the right size.

Whether it's luggage or sporting equipment you pack for your trip, or some souvenirs you bring back, the 40/20/40-split folding rear seats help make accommodating cargo a cinch. Even the front passenger seat can fold flat in certain models. Or, if you're just going out for a quick joyride, you'll find the Tiguan is loaded with plenty of features to help make each drive worthwhile and comfortable.

SEL shown in Sandstone leather

### STANDARD FEATURES

**Premium materials and design.** The Tiguan is a Volkswagen through and through — refined and refined again. From the leather-wrapped steering wheel to the front center armrest with storage, to the driver and passenger illuminated visor vanity mirrors.

**Versatile interior.** Get more into and out of your Tiguan with a spacious and well-thought-out interior. And with 40/20/40-split folding, sliding rear seats, you have the flexibility to arrange things however you like.

**V-Tex leatherette seating surfaces.** They don't just look great. They're also comfortable and easy to keep clean.

**Heated front seats.** Who's turning up the heat? Most likely you and your front-seat passenger. You each get three settings to help keep you both comfy and cozy when the cold wind blows.

**Glovebox with adjustable cooling feature.** Forgot your cooler? No worries. Just store your drinks in the glovebox. It's a pretty cool feature to have.

### AVAILABLE FEATURES

**Leather seating surfaces.** Discover what sitting in the lap of luxury is all about — with supple leather seating surfaces that offer premium feel and high-end aesthetics.

**Panoramic sunroof.** Enjoy headroom, or just enjoy the view with an expansive sunroof so large it's measured in square feet — 12.7 of them.

**Climatronic® dual-zone automatic climate control.** Some like it hot. Some like it cold. Thankfully, with dual-zone automatic climate control, you and your passenger can sit in your own comfort zone.

**12-way power-adjustable front seats.** Get the comfiest seat in the Tiguan by adjusting it to your liking. With just one finger, you can move your seat in not one, not two, but 12 possible ways.

## Let this new technology sync in.

Sync up and dial in. Your compatible smartphone makes a genius connection. The available Volkswagen Car-Net® connected car suite brings you many ways to connect to your Tiguan. Take for instance, VW Car-Net App-Connect, which can display select apps from your compatible smartphone onto your touchscreen.\* Once you plug your smartphone into the USB port, App-Connect lets you use your apps on the dash, using either Apple CarPlay™, Android Auto™, or MirrorLink®. Staying in touch has never been this easy.

### STANDARD FEATURES

**Composition Color touchscreen sound system.** Play it your way: CDs, USB audio, and your compatible smartphone tunes collection. You can access them through the touchscreen.

**Rearview Camera System.** Hindsight is now foresight. The rearview camera helps you see and avoid obstacles when backing up, and it can make parallel parking easier.

**Bluetooth® technology with audio streaming for compatible devices.** Connect your smartphone or other compatible device for talking and streaming. This way you can handle business without missing a beat.

### AVAILABLE FEATURES

**Volkswagen Car-Net App-Connect.** VW Car-Net App-Connect lets you link your compatible smartphone with Apple CarPlay, Android Auto, or MirrorLink to use select apps on the touchscreen display of your Volkswagen.\* From streaming music and mobile maps, it can be accessed on the touchscreen.

**Volkswagen Car-Net Guide & Inform.** With easy access to gas prices, weather, sports scores, and more through SiriusXM Travel Link™ services with 3-month trial subscription, and a 4-year trial subscription to SiriusXM Traffic™, which offers real-time traffic information, you get your info front and center.\*\*

**Volkswagen Car-Net Security & Service.** Provides a seamless link from almost any of your compatible devices—your smartphone, computer, or tablet—to your Volkswagen. VW Car-Net Security & Service can call for help in an emergency, monitor speed and boundary alerts, check the status of your VW when you're away, and much more.†

\*Always pay careful attention to the road, and do not drive while distracted. App-Connect features require compatible device, operating system, and mobile app. Standard text and data usage rates apply. See mobile app provider for terms and privacy. Apple CarPlay is a trademark of Apple Inc. Android Auto is a trademark of Google Inc. \*\*Vehicle includes 3-month no-charge SiriusXM Travel Link trial subscription, which has separate terms and conditions. See [www.siriusxm.com/infotainment](http://www.siriusxm.com/infotainment) for details; 4-year trial subscription for SiriusXM Traffic applies to original owner only. †VW Car-Net Security & Service services provided by Verizon Telematics, Inc. Available on select trims. Trial or paid subscription required. VW Car-Net Security & Service services require vehicle cellular connectivity and availability of vehicle GPS signal; certain services may collect location information. See Terms of Service, Privacy Policy, and other details at [www.vw.com/carnet](http://www.vw.com/carnet). Always pay careful attention to the road, and do not drive while distracted.

## Handles like a dream, if you're dreaming of cars.

With a turbocharged direct injection engine under its hood and available 4MOTION® all-wheel drive, it's no wonder the Tiguan feels surprisingly fun to drive. Especially if you add the available sport suspension, which will give you a tighter feeling when taking on those curvy roads. It's got the heart of a sports car with an SUV body.

**200**  
HORSEPOWER\*

**207**  
LB-FT OF TORQUE

### 2.0L TSI® engine

This turbocharged direct injection engine is powerful. And efficient.\*\* The turbocharging technology forces cooled air into the engine, giving you increased performance, with 200 hp\* and 207 lb-ft of torque. Direct injection delivers fuel right into each cylinder, helping to maximize fuel efficiency.\*\*

### 4MOTION® all-wheel drive

With this available all-wheel-drive system in place, your Tiguan can help you navigate a variety of road conditions with ease. When the system senses that the wheels aren't rotating equally, it delivers more torque to the wheels with traction for better grip, handling, and peace of mind.

SE shown in Pepper Gray Metallic

Dramatization.\*

## Helping keep precious cargo precious.

We want you to enjoy your drive in a Tiguan, and we also want to help protect you and your passengers. That's why we gave this compact SUV robust features, like a rigid safety cage with advanced 2-zone B-pillars and seven active stability-enhancing systems.

### SAFETY FEATURES

**Safety cage.** The safety cage for the Tiguan has been designed to help protect you during front, rear, or side impacts. In addition, advanced thermoformed steel B-pillars offer strong reinforcements on top.

**Intelligent Crash Response System (ICRS).** In the event of a collision that activates the vehicle's airbags, the Intelligent Crash Response System can automatically disable the fuel pump, unlock all the doors, and turn on the hazard lights.\*\*

**Adaptive airbags.** Our airbags have been engineered to adapt to crash severity, and special door sensors will deploy Side Curtain Protection® airbags in the event of a side impact.†

**Seven stability-enhancing systems.** From Electronic Brake-pressure Distribution (EBD), which helps maintain appropriate stopping power during a hard-braking situation, to Electronic Stability Control (ESC), which adjusts engine throttle and applies corrective forces to the wheels that need it most, there are seven systems in total to help you stay in control.

**Tire Pressure Monitoring System (TPMS).** The right amount of tire pressure is needed to help maximize your riding comfort. Thanks to this feature, you'll be alerted when your tire pressure is low and air needs to be added.

**Brake disc drying.** When you turn on your windshield wipers, you're also turning on your brake wipers. This helps to keep your brakes dry during wet conditions, in order to help maximize your stopping power.

\*This is a dramatization and does not depict what will happen in a collision. All bags will not inflate in real-world collisions, and if multiple bags do deploy they will be in various stages of inflating/deflating and will never all be inflated at the same time. \*\*The Intelligent Crash Response System (ICRS) will only activate in a collision where the airbags deploy or safety belt pretensioners activate. †Not all collisions cause airbags to deploy or safety belt pretensioners to activate. ‡Airbags are supplemental restraints only and will not deploy under all crash circumstances. Always use safety belts and seat children only in the rear, using restraint systems appropriate for their size and age.
