**MERCURY LYNX LTS**

LINCOLN-MERCURY DIVISION 

Mercury Lynx Luxury Touring Sedan in Pastel Academy Blue Metallic.

## ***POLISHED PERFORMER***

LTS. That's short for a Lynx long on comfort and responsiveness. The translation: Luxury Touring Sedan. The reality: a look and feel equally at home on cross-country treks or neighborhood errands.

This is a Lynx unlike any other. A functional five-door that sports a Clearcoat

metallic finish in a choice of four exterior colors, special blackout accent trim and dual color-keyed remote-control mirrors.

Lynx Luxury Touring Sedan pulls no punches below the beltline either. The tires are road-gripping Michelin TRX steel-belted radials. They're mounted on TR-Sport steel

wheels and work "hand in driving glove" with a standard handling suspension to make city streets as much fun as mountain roads.

Now examine the high-tech hardware responsible for the Luxury Touring Sedan's quick reactions. Up front is a standard 1.6 liter Higher Output overhead cam engine, or

you can order the optional electronically fuel-injected 1.6 liter engine. Each is connected to a standard five-speed manual transaxle that puts this power to the pavement via the front wheels. The steering is rack-and-pinion, the suspension fully independent at all four wheels. The results? Riding

comfort, plus road rally reflexes.

Now relax... in an interior you might mistake for a sporty two-door's. It could be the handsome cloth-covered reclining front seats, the four-spoke sport steering wheel or the full instrumentation group. No matter. Once inside you'll begin to appreciate the

admiring glances and the remarkable response that come standard with every Lynx Luxury Touring Sedan.
