

MONTE CARLO

1 9 8 6 C H E V R O L E T

Monte Carlo Luxury Sport Coupe.

CL Interior.

Monte Carlo LS not available at start of production. See your Chevrolet dealer for details.

Monte Carlo Luxury Sport Coupe. Personal Excitement, Classic Style.

Discerning drivers will quickly recognize the contemporary flair and timeless elegance of the 1986 Monte Carlo Luxury Sport. Up front, newly sculptured metal and a beautiful new headlamp design combine aerodynamics with classic style. New wide lower body side moldings and a refined rear treatment also add to the visual excitement that defines Monte Carlo LS.

Yet this is functional beauty, in a car built to deliver performance and comfort worthy of its artful

appearance. The energy comes from a 4.3 Liter V6 engine with Electronic Fuel Injection. Controlling this sophisticated standard powerplant is an on-board computer that fine-tunes the incoming air/fuel mixture more than 80 times per second. Standard 3-speed automatic transmission, power steering and power front disc/rear drum braking are designed to work with the engine to deliver confident driving and precise response.

Inside, Monte Carlo LS sur-

rounds you and your passengers with spacious, quiet comfort. Deeply padded seating creates an atmosphere of luxury. A rich seat fabric is new for 1986. The available CL interior features a contoured 55/45 front seat that provides individualized comfort. Thick, sound-absorbing insulation, full-frame construction and computer-tuned Full Coil suspension provide a smooth, quiet ride.

And by choosing available equipment ranging from lift-off

roof panels to front bucket seats, you can personalize the car to your precise specifications. In its every move Monte Carlo LS demonstrates the poise, performance and glamor that make it synonymous with

contemporary, personal luxury.

Also available for 1986, the Monte Carlo Sport Coupe combines traditional Monte Carlo styling with the interior luxury of LS.

Monte Carlo SS interior with available bucket seats.

Monte Carlo SS. Super Sport Excitement, Monte Carlo Style.

Performance enthusiasts, Chevy's still speaking your language. This is Monte Carlo SS, the street machine that's taken America by storm.

The SS practically demands spirited driving. Behind the distinctive sloping nose and air dam is a 5.0 Liter High Output version of the legendary small-block V8, an engine with more professional racing victories to its credit than any other production engine. A 4-speed automatic overdrive transmission and 3.73:1 axle bring the power down to earth and deliver it through wide, white-lettered Eagle GT radials.

But power's not the only thing that sets the SS apart. Go to work behind that padded Sport steering wheel and test the decisive handling of the F41 Sport Suspension. Firm nitrogen-pressured shock absorbers are standard equipment. At the same time, the personal luxury of Monte Carlo's interior keeps you riding in well-cushioned style.

If you respond to the feel of a serious road machine, you'll like the way Monte Carlo SS responds to you.

Monte Carlo SS.

Facts.

Look what Electronic Fuel Injection (EFI) gives you.

The Electronic Fuel Injection system in Monte Carlo Sport Coupe's standard 4.3 Liter V6 engine is designed to work with GM's Computer Command Control to give you the following advantages:

- Dependable operation that uses just six moving parts.
- Dependable cold starts without delays from pumping the accelerator.
- Dependable hot starts without vapor lock delays.
- Self-adjusting idle to help prevent stalling when cold and fuel waste when warm.
- Optimized engine performance between recommended service intervals.
- Automatic idle increase when accessories are engaged to help maintain battery charge.
- Efficient combustion for clean-running engine and emissions control.
- Automatic adjustment to changing elevation minimizes power loss and fuel waste.
- Reduced maintenance (no choke, carburetor, accelerator pump or needle valve adjustment required).
- Self-pressurizing system provides easy starts after refilling without "priming the carburetor" if you run out of gas.
- Positive fuel shutoff to help prevent "run-on" after ignition is switched off.

Safety Features Occupant Protection

- Manual lap/shoulder belts for driver and right front passenger (driver's side includes visual and audible warning system)
- Manual lap belts at each rear seat position (and center front, when applicable)
- Energy-absorbing steering column
- Energy-absorbing instrument panel
- Energy-absorbing front seat-back tops
- Laminated safety windshield glass and tempered safety side and rear window glass
- Safety interlocking door latches
- Passenger-guard inside door lock handles
- Inertia-locking, folding front seat-back
- Safety armrests
- Head restraints, driver and right front passenger (adjustable).

Accident Avoidance

- Side marker lights and reflectors
- Parking lamps that illuminate with headlamps
- Four-way hazard warning flasher
- Backup lights
- Center high-mounted stop lamp
- Directional signal control and lane-change feature
- Windshield defroster, washer and dual-speed wipers
- Inside rearview mirror with vinyl-bonded glass
- Outside left and right rearview mirrors
- Brake system with dual master cylinder and warning light
- Starter safety switch
- Dual-action hood-latch system
- Low-glare finish on instrument panel top, inside windshield moldings, wiper arms/blades, metallic steering wheel surfaces
- Illuminated heater and defroster controls
- Illuminated windshield wiper and washer controls
- Tires with built-in tread-wear indicators.

Theft Deterrence

- Audible reminder for ignition key removal
- Theft-deterrent steering column lock
- Visible vehicle identification number
- Inside hood release.

A Word About Assembly, Components and Optional Equipment in These Chevrolets.

The Chevrolets described in this catalog are assembled at facilities operated by General Motors or GM of Canada. These vehicles incorporate thousands of different components produced by car groups and various component divisions of General Motors and by various suppliers worldwide to General Motors. From time to time during the manufacturing process, it may be necessary, in order to meet public demand for particular vehicles or equipment, or to meet federally mandated emissions, safety and fuel economy requirements, or for other reasons, to produce Chevrolet products with different components or differently sourced components than initially scheduled. All such components have been approved for use in Chevrolet products and will provide the quality performance associated with the Chevrolet name.

With respect to extra-cost optional equipment, make certain you specify the type of equipment you desire on your vehicle when ordering it from your dealer. Some options may be unavailable when your car is built. Your dealer receives advice regarding current availability of options. You may ask the dealer for this information. GM also requests the dealer to advise you if an option you ordered is unavailable. We suggest that you verify that your car includes optional equipment you ordered or, if there are changes, that they are acceptable to you.

Important: A Word About This Catalog.

We have tried to make this catalog as comprehensive and factual as possible. However, since the time of printing, some of the information may have been updated. Also, some of the equipment shown or described throughout this catalog is available at extra cost. Your dealer has details and, before ordering, you should ask him to bring you up to date. The right is reserved to make changes at any time without notice, in prices, colors, materials, equipment, specifications and models. Check with your Chevrolet dealer for complete information.

Commitment to Excellence

Chevrolet enhances your ownership experience with its "Commitment to Excellence," a customer satisfaction program that brings you an extensive system of services and benefits.

- The program includes:
- Vehicle identification cards to speed your service request at the dealership.
 - Special rates and reservation service at participating hotels, motels and car rental agencies.
 - Hotel/motel and car rental guides.
 - Preregistered key return service.
 - A "Let's Talk" booklet of service signals.
 - A glove compartment organizer.
 - An improved delivery procedure that includes an inspection checklist and orientation drive.
- Chevrolet's "Commitment to Excellence" is another way Chevrolet takes care of you for as long as you own your car.

A Word About Updated Service Information.

Chevrolet regularly sends its dealers useful service bulletins about Chevrolet products. Chevrolet monitors product performance in the field. We then prepare bulletins for servicing our products better. Now you can get these bulletins, too. Ask your dealer. To get ordering information, call toll-free 1-800-551-4123.

A Word About Engines.

Chevrolets are equipped with engines produced at facilities operated by GM car groups, subsidiaries or affiliated companies worldwide.

Let's Get It Together... Buckle Up.

Every new 1986 Monte Carlo delivered by a Chevrolet dealer in the United States comes with a one-year, \$10,000 safety belt user insurance certificate from MIC General Insurance Corporation at no additional charge. \$10,000 will be paid to the estate of any occupant who suffers fatal injuries as a result of an accident involving that vehicle while wearing a GM safety belt. Buckle up every time you drive. At your Chevy dealer's, financing or leasing your new Monte Carlo can be as easy as saying GMAC.

Back cover: Monte Carlo Sport Coupe with available removable glass roof panels.
