

RC

LEXUS 2018

Striking style.

Greater power.

More advanced technology.

Because performance this captivating
means nothing if it doesn't lead
to the experience of something greater.

The 2018 Lexus RC.

—
Experience Amazing

Options shown

RC 300

An aggressive body style, a 2.0-liter turbocharged engine delivering 241 horsepower,¹ a 7.3-second 0-60 time,^{1,2} and eight-speed Sport Direct-Shift transmission with paddle shifters and downshift throttle-blipping. Rear-wheel drive.

RC 300 AWD

Assertive styling with full-time all-wheel drive (AWD), a more powerful 260-horsepower¹ 3.5-liter V6 engine, a 6.3-second 0-60 time^{1,2} and six-speed transmission with paddle shifters.

RC 350

Athletic performance with a highly rigid body and lateral performance damper (RWD), a more powerful 311-horsepower¹ 3.5-liter V6, a 5.8-second 0-60 time (RWD);² and eight-speed (RWD) or six-speed (AWD) transmission with paddle shifters. Available rear-wheel drive or all-wheel drive.

RC F SPORT MODELS

Each model can be taken to the next level with more aggressive styling, plus a more dynamic F SPORT-tuned Adaptive Variable Suspension and an exclusively available limited-slip rear differential (RWD). Additional upgrades include front sport seats with enhanced bolsters, LFA-inspired instrumentation and 19-inch alloy wheels.³

Professional driver on closed course. Do not attempt.

RC shown in Atomic Silver // Options shown

RC F SPORT shown in Ultra White

With its muscular form and aggressive stance, the RC seamlessly balances eye-catching design with breathtaking performance. In front, the signature spindle grille and available Premium Triple-Beam LED headlamps announce its arrival. While strong character lines sweep toward its dramatic rear fascia, creating a bold appearance from every angle.

DESIRE, DISTILLED

—
A low profile and sleek, sculpted lines create double-take-worthy style.

RC FSPORT shown in Ultra White // Options shown

PRECISE IN EVERY DETAIL

From meticulous stitching to exclusive wood trim, the RC delivers an ideal combination of performance and luxury.

While every bit a performance cockpit, the interior of the RC envelops the driver and passengers with craftsmanship. Available perforated leather trim epitomizes distinctive style and sophistication, while Linear Espresso and Linear Dark Mocha wood accents offer unparalleled artistry. Individual settings for climate control allow the driver and front passenger to adjust their preferred temperatures. And, to ensure the cabin stays as fresh as it is beautiful, a smog-sensing system automatically switches into recirculation mode if it senses high levels of pollutants outside.

From the turbocharged RC 300 to high-performance F SPORT models, the RC puts responsiveness at your fingertips. In the V6-powered RC 300 AWD and RC 350, power has been increased, giving them peak output of 260 and 311 horsepower,¹ respectively. A highly rigid platform, double-wishbone front suspension design and multilink rear suspension provide crisp turn-in and poise through curves. An Adaptive Variable Suspension further sharpens the F SPORT's agility, to deliver handling that's as dynamic as its styling.

FULL-THROTTLE EXHILARATION

—
With more power, available all-wheel drive and an eight-speed transmission with paddle shifters, raw performance is in your hands.

RC F SPORT shown in Ultra White // Options shown

RC AWD shown in Silver Lining Metallic // Options shown

THREE FORMS OF POWER

RC 300 / RC 300 F SPORT

The RC 300 is powered by a 2.0-liter, twin-scroll-turbocharged and intercooled in-line four-cylinder engine with direct injection. The surge of power in the 241-horsepower¹ RC 300 doesn't let up—thanks to the Lexus engineers who spent years researching, developing and refining its turbocharger. The engine is paired to a rear-wheel drive system and an eight-speed automatic transmission, and is easy on fuel consumption with a 32-MPG highway fuel economy estimate.⁴

RC 300 AWD / RC 300 AWD F SPORT

The RC 300 AWD features a more powerful 3.5-liter V6 with peak output boosted to 260 horsepower¹. The V6 features Variable Valve Timing with intelligence, designed to provide added torque at lower speeds and greater horsepower at higher speeds. These refinements combine to generate 236 lb-ft of torque¹ from 2,000–4,800 rpm. The V6 is teamed with a six-speed automatic transmission.

RC 350 / RC 350 F SPORT

Boasting direct and port fuel injection and an awe-inspiring exhaust note reminiscent of the LFA supercar, the 3.5-liter V6 in the RC 350 propels it from 0 to 60 in 5.8 seconds (RWD)^{1,2} and 6.0 seconds (AWD)^{1,2}. Performance has been enhanced, with peak output amplified to 311 horsepower¹. With all-wheel drive, the V6 is complemented by a six-speed automatic; with rear-wheel drive, it's paired to an eight-speed Sport Direct-Shift transmission. And in the RWD F SPORT, an available TORSEN[®] limited-slip rear differential⁵ helps maximize your ability to power out of corners.

ALL-WHEEL DRIVE

Make the most of all conditions with the enhanced control delivered by the all-wheel drive system on the RC 300 AWD and RC 350 AWD. By monitoring current conditions, the rear-biased system automatically distributes engine power up to 50/50 between the front and rear axles to help provide optimum traction—even in inclement weather or less-than-ideal road conditions.

30/70

front/rear differential power allocation

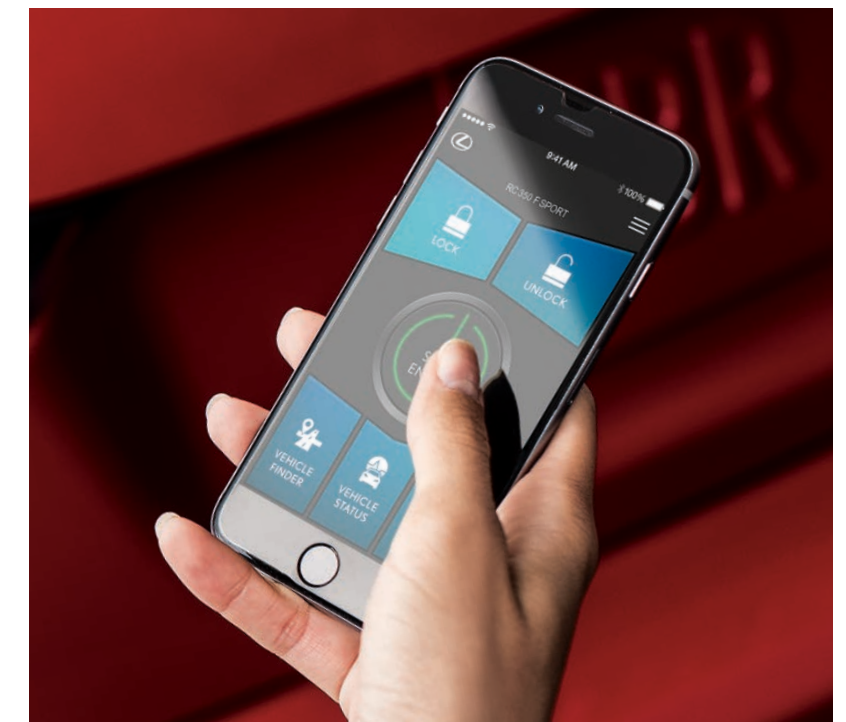

RC FSPORT shown with Rioja Red NuLuxe and Silver Performance interior trim // Options shown

CONTROL TAKES CENTER STAGE

Your connection to the road—and your passengers' connection to onboard Wi-Fi™—make the RC a true command center.

Lexus connected technologies introduce a whole new realm of possibilities, starting with onboard Wi-Fi.⁶ Available features like the expanded Remote Touchpad⁷ and larger, 10.3-inch multifunction screen provide access to audio and climate controls and various systems, including the next-generation voice-activated Navigation System.⁸ And with available Lexus Enform Remote,⁹ you can start your vehicle to heat or cool the cabin to its last settings, and much more.

INNOVATION AT THE LEADING EDGE

Multiple technological advancements push the driving experience further.

10.3-INCH MULTIMEDIA SCREEN WITH VOICE-ACTIVATED NAVIGATION

The new, available 10.3-inch high-resolution split-screen multimedia display provides immediate, simultaneous access to audio and climate controls and various systems, including the voice-activated Navigation System.⁸ On vehicles with the standard multimedia display, next-generation Scout[®] GPS Link^{10,11} introduces 3D functionality and moving maps. Driving instructions are provided turn by turn, with search features easily accessible via voice commands or the multimedia display. With subscription-free traffic and weather updates,¹² getting to your destination is easier than ever.

DYNAMIC VOICE COMMAND

With the ability to recognize millions more phrases than conventional voice-recognition systems, available Dynamic Voice Command¹³ offers greater accuracy, seamless address entry, and expanded points-of-interest searches. It also allows you to place compatible Bluetooth[®]-enabled¹⁴ phone calls, and operate climate, audio and navigation functions using even more natural speech. If you say “It’s too hot in here,” for example, the climate control will automatically lower the temperature by four degrees.

DRIVE MODE SELECT WITH CUSTOM MODE

Make your vehicle more responsive or efficient with the turn of a dial. Sport mode alters the powertrain for faster and more dynamic throttle response. Normal mode provides an optimal balance of fuel efficiency and engine performance. ECO mode moderates the throttle response, engine power and climate settings for increased fuel efficiency. On F SPORT models, Sport S+ mode provides the most performance-oriented setting, and the addition of a Custom mode lets you combine driving profiles for personalized response.

MARK LEVINSON[®] AUDIO

The available 17-speaker, 835-watt Mark Levinson Premium Surround Sound Audio System¹⁵ features patented, proprietary Clari-Fi[™] technology that restores audio quality from compressed music, resulting in crisp, clear, dynamic sound from any source. This, combined with technology designed to create an expansive “sweet spot” of audio, envelops every passenger in three-dimensional sound that rivals the finest home audio systems.

10.3-in
split-screen multimedia display
with full-screen map view

DELIVERY AND TECHNOLOGY SPECIALISTS

To help you get the most out of these and other Lexus features, a Vehicle Delivery Specialist will walk you through nearly every setting and function you desire. And to answer questions that arise after delivery, a Vehicle Technology Specialist can offer expert guidance in person or without you ever leaving the driveway via camera-enabled apps like FaceTime.¹⁶ Learn more about these complimentary services at lexus.com/specialists.

LEXUS ENFORM

From available onboard Wi-Fi to concierge access, this is our most sophisticated connectivity suite yet.

WI-FI

Take entertainment to go. Lexus Enform¹⁰ now includes onboard Wi-Fi.⁶ Up to five devices can connect—tablets, laptops, smartphones—dramatically extending tech capability for you and your passengers. Lexus Enform Wi-Fi includes a 4GB one-year complimentary trial.

APP SUITE 2.0

The new and improved Lexus Enform App Suite 2.0¹⁰ offers access to your favorite mobile applications through your vehicle's center-console display. After downloading the app on your compatible smartphone, you can search local listings, stream music, listen to live radio nationwide, check fuel prices, and keep tabs on your stocks and sports scores—all from the center-console display. And, with advanced voice recognition, accessing and controlling App Suite 2.0 features is easier than ever.

SERVICE CONNECT

Lexus Enform Service Connect¹⁷ offers remote access to information about your vehicle's status and maintenance needs. Easily accessed through LexusDrivers.com or the Lexus Drivers mobile app, you can get information on everything from your vehicle's fuel level and mileage to maintenance alerts and Vehicle Health Reports. Service Connect is complimentary for the first 10 years of ownership.

RC F SPORT shown with Rioja Red NuLuxe and Silver Performance interior trim // Options shown

DYNAMIC NAVIGATION

To help you get even more out of the available Navigation System,⁸ new available Lexus Enform Dynamic Navigation¹³ offers greater accuracy through continuous cloud-based updates. In addition to up-to-date maps, it can dynamically offer alternate routes based on conditions ahead, and can automatically sort Points of Interest results based on relevance. Lexus Enform Dynamic Navigation is complimentary for the first three years of ownership.

DESTINATION ASSIST

The available Lexus Enform Destination Assist¹⁰ offers convenient 24-hour access to a live response center agent to help you locate a specific business, address or point of interest. If you're searching for a restaurant, the agent can help you narrow your choices by distance or type of cuisine, and remotely send the destination to your vehicle's Navigation System.⁸ Destination Assist is complimentary for the first year of ownership.

SAFETY CONNECT

Lexus Enform Safety Connect¹⁸ offers you the peace of mind of knowing that Roadside Assistance¹⁹ can be there when you need it most. Whether you're involved in a collision and unable to call for help, your vehicle is stolen, or there is any other type of emergency, assistance can be sent directly to your vehicle's GPS location. Safety Connect is complimentary for the first 10 years of ownership.

REMOTE

Lexus Enform Remote⁹ mobile app can help you remotely lock and unlock doors, check the status of doors and windows as well as your fuel level, and can help find your vehicle's location in a parking lot. You can also remotely start the engine, which will warm or cool the interior based on the last climate-control settings. Should you loan your Lexus to another driver, you can receive instant alerts if, for example, a preset speed or mile limit is exceeded. Lexus Enform Remote is complimentary for the first year of ownership.

PEACE OF MIND, STANDARD

Introducing Lexus Safety System+, an integrated suite of class-leading standard active safety equipment.^{20,21}

PRE-COLLISION SYSTEM WITH PEDESTRIAN DETECTION

This system²² is engineered to detect a vehicle or a pedestrian²³ in the path of your Lexus under certain conditions. Should it determine a frontal collision is imminent, it's designed to automatically prepare Brake Assist²⁴ for increased brake force and, in some cases, can even automatically brake the vehicle to a stop.

LANE DEPARTURE ALERT WITH STEERING ASSIST

This system²⁵ utilizes a camera to monitor visible lane markings. If an inadvertent lane departure, or potential departure due to swaying, is detected at speeds above 32 mph, the system is designed to warn you so that you can steer back into the lane, and can even take corrective measures to help keep you within your visibly marked lane.

HIGH-SPEED DYNAMIC RADAR CRUISE CONTROL

This system²⁶ uses radar and camera technology to help you maintain a preset speed and following distance from the vehicle ahead. If you get closer than the preset distance, the throttle is automatically reduced and the brakes may be applied. As soon as the road ahead clears, your Lexus returns to its preset speed.

INTELLIGENT HIGH-BEAM HEADLAMPS

To help provide greater visibility for you as well as other drivers, intelligent high-beam headlamps²⁷ offer added illumination to help keep you focused on the road. When the road ahead is clear, the system defaults to high-beam mode, then temporarily switches to low beams when it senses the headlamps or taillamps of vehicles ahead.

LEXUS SAFETY SYSTEM +

RC shown in Silver Lining Metallic // Options shown

F SPORT PERFORMANCE

With upgraded components, 19-inch wheels³ and the addition of a Custom drive mode, F SPORT models take performance to the next level.

The RC F SPORT is an unflinching take on performance. It features race-inspired upgrades like a G-force monitor and Sport S+ and Custom drive modes. And the rear-wheel drive RC's available limited-slip rear differential distributes engine power to the rear wheel with the most grip to help optimize traction, handling and control in a variety of conditions.

DYNAMIC REAR STEERING

Class-exclusive available Lexus Dynamic Handling coordinates steering at the front and rear of the vehicle and elevates the RC 350 F SPORT (RWD) to another level. Variable Gear-Ratio Steering optimizes the front steering ratio to sharpen vehicle handling and control. And Dynamic Rear Steering adjusts the angle of the rear wheels by up to two degrees to help provide optimal agility and stability. The system makes calculations based on vehicle speed and driver input, and is designed to deliver what you desire: performance on demand.

RC F SPORT shown in Infrared^{2B} // Options shown

F SPORT STYLING

Beyond the striking lines of the coupe body, the interior of the RC F SPORT is a sleek, inspiring command center. Feel confidence through every curve with exclusive front sport seats, designed to hold you through even the most aggressive of turns. Featuring a unique foam-injected construction and designed to contour to the needs of the driver, these sport seats will have you wrapped from hip to shoulder—especially in high-G situations. Their low position helps place the driver’s hip point as close as possible to the vehicle’s center of gravity for a more dynamic driving experience.

F PERFORMANCE BRAKE CALIPERS

Delivering stopping performance as precise as its handling, the rear-wheel drive RC F SPORT models feature massive 14-inch, two-piece front brake rotors with four-piston calipers. Engineered exclusively for the F SPORT, they feature high-friction pads²⁹ and a unique multistage booster for optimized control, response and feel. Opt for the bright-orange F SPORT calipers and boldly announce your presence wherever you go.

EXCLUSIVE SILVER PERFORMANCE TRIM

Exclusive trim highlights race-inspired features, including an F SPORT-badged steering wheel, a perforated leather-trimmed shift knob, aluminum sport pedals, Silver Performance accents and the exclusive option of bold Rioja Red NuLuxe trim with unique stitching.

WARRANTY Four-year/50,000-mile Lexus Limited Warranty, Six-year/70,000-mile Powertrain Warranty, Six-year/unlimited-mileage Corrosion Perforation Warranty. All warranties with zero deductible. See the *RC Warranty and Services Guide* at your Lexus dealer for details.

DISCLOSURES 1. Ratings achieved using the required premium unleaded gasoline with an octane rating of 91 or higher. If premium fuel is not used, performance will decrease. 2. Performance figures are for comparison only and were obtained with prototype vehicles by professional drivers using special safety equipment and procedures. Do not attempt. 3. 18- or 19-inch performance tires are expected to experience greater tire wear than conventional tires. Tire life may be substantially less than 15,000 miles, depending upon driving conditions. 4. Preliminary mileage estimates determined by Lexus. EPA mileage estimates not available at time of publishing. Actual mileage will vary. 5. TORSEN® is a registered trademark of Zexel Torsen, Inc. 6. Lexus Enform Wi-Fi is available on select 2018 Lexus vehicles. Visit lexus.com for vehicle availability. Verizon Wireless is the network provider for Lexus Enform Wi-Fi, which uses Verizon's 4G LTE network to transmit data. Data usage applies. Coverage not available everywhere; see vzw.com. See verizonwireless.com/bestnetwork for details. LTE is a trademark of ETSI. Other terms apply. Up to five devices can be supported using in-vehicle connectivity. Verizon Wireless data subscription required upon end of 12-month trial period or use of 4 GB data (whichever comes first). Use of Lexus Enform Wi-Fi is subject to Verizon Wireless' Customer Agreement (verizonwireless.com/legal/notices/customer-agreement/), Privacy Policy (verizon.com/about/privacy/privacy-policy-summary), and data use policies (verizonwireless.com/support/vz-email-legal/). 7. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. 8. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Availability & accuracy of the information provided by the Navigation System is dependent upon many factors. Use common sense when relying on information provided. Services & programming subject to change. Services not available in every city or roadway. Updates may be available from your dealer at an additional cost. See *Owner's Manual* for details. 9. Use only if aware of circumstances surrounding vehicle and it is safe to do so (e.g., do not remotely start engine if vehicle is in an enclosed space). Functionality depends on many factors, such as vehicle and smartphone connectivity. Registration and app download are required. Subscription purchase required after trial. See usage precautions and service limitations in *Owner's Manual*. 10. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps & services subject to change. See lexus.com/enform for details. 11. Availability & accuracy of the information provided by Scout® GPS Link is dependent upon many factors. Use common sense when relying on information provided. Services & programming subject to change. Services not available in every city or roadway. See lexus.com/enform for details. Scout® is a registered trademark of Telenav, Inc. 12. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. HD Radio™ Technology manufactured under license from iBiquity Digital Corporation U.S. and Foreign Patents. HD Radio™ and the HD, HD Radio, and "Arc" logos are proprietary trademarks of iBiquity Digital Corp. 13. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Availability & accuracy of the information provided by the Dynamic Navigation System and Dynamic Voice Command is dependent upon many factors. Use common sense when relying on information provided. Services & programming subject to change. Services not available in every city or roadway. Subscription required after end of 3-year complimentary service. See *Owner's Manual* for details. 14. Concentrating on the road should always be your first priority while driving. Do not use the hands-free phone system if it will distract you. The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Lexus is under license. A compatible Bluetooth-enabled phone must first be paired. Phone performance depends on software, coverage & carrier. 15. Mark Levinson® is a registered trademark of Harman International Industries, Inc. 16. FaceTime® is a registered trademark of Apple Inc. All rights reserved. 17. Information provided is based on the last time data was collected from the vehicle and may not be up to date. System functionality depends on vehicle connectivity. 18. Contact with the response center may not be available in all areas. Service Agreements required. A variety of subscription terms available; charges will vary. See lexus.com/enform for details. 19. Roadside Assistance coverage is for 48 months from your vehicle's in-service date, regardless of mileage. Coverage is provided 24 hours a day, 365 days a year, for vehicles operated in the continental U.S. and Canada. Assistance is administered through the American Automobile Association. See Lexus dealer for details. 20. 2018 RC vs. 2017/2018 competitors. Information from manufacturers' websites as of 8/4/2017. 21. Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. System effectiveness is dependent on many factors including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. 22. The Lexus Safety System+ Pre-Collision System is designed to help avoid or reduce the crash speed and damage in certain frontal collisions only. It is not a substitute for safe and attentive driving. System effectiveness is dependent on many factors including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. 23. The Pedestrian Detection System is designed to detect a pedestrian ahead of the vehicle, determine if impact is imminent and help reduce impact speed. It is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrians and weather, light and road conditions. See *Owner's Manual* for additional limitations and details. 24. Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper vehicle maintenance, tire and road conditions. See *Owner's Manual* for additional limitations and details. 25. Lane Departure Alert with Steering Assist is designed to read visible lane markers under certain conditions. It provides a visual and audible alert and slight steering force when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. 26. Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on road, weather and traffic conditions. See *Owner's Manual* for additional limitations and details. 27. Intelligent high beams operate at speeds above 25 mph. Factors such as a dirty windshield, weather, lighting and terrain limit effectiveness, requiring driver to manually operate the high beams. See *Owner's Manual* for additional limitations and details. 28. Ultrasonic Blue Mica 2.0, Infrared and Flare Yellow available for an additional charge. 29. High-friction brakes require periodic inspection and measurement as outlined in the *Warranty and Services Guide*. The pads and rotors are expected to experience greater wear than conventional brakes. Pad life may be less than 20,000 miles, and brake rotor life may be less than 50,000 miles depending on driving conditions. It is an inherent characteristic of materials and design of brake pads used in this high-performance brake system that brake noise/squeal may result. 30. The SmartAccess system may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. 31. The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a SmartAccess fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle's immobilizer. Because the transponder chip is embedded in the key/fob, it can be costly to replace. If you lose a key or fob, your Lexus dealer can help. Alternatively, you can find a qualified independent locksmith to perform high-security key services by consulting your local *Yellow Pages* or by contacting www.waloo.org. 32. The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See *Owner's Manual* for additional limitations and details. 33. Always drive safely, obey traffic laws & focus on the road while driving. Siri® is available on select iPhone/iPad models & requires Internet access. Siri® is not available in all languages or all areas & features vary by area. Some Siri® functionality & commands are not accessible in the vehicle. Data charges may apply. See Apple.com & phone carrier for details. Siri® is a registered trademark of Apple Inc. 34. Vehicle Dynamics Integrated Management (VDIM) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether VDIM will be effective in preventing a loss of control. See *Owner's Manual* for additional limitations and details. 35. All the airbag systems are Supplemental Restraint Systems. All airbags (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions. To decrease the risk of injury from an inflating airbag, always wear seatbelts and sit upright in the middle of the seat as far back as possible. Do not put objects in front of an airbag or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. See *Owner's Manual* for further information & warnings. 36. Do not rely exclusively on the Blind Spot Monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection and range of the monitor. See *Owner's Manual* for additional limitations and details. 37. Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection and range of the system. See *Owner's Manual* for additional limitations and details. 38. Intuitive Parking Assist (IPA) is designed to assist drivers in avoiding potential collisions at speeds of 9 mph or less. Certain vehicle and environmental factors, including an object's shape and composition, may affect the ability of the IPA to detect it. Always look around outside the vehicle and use mirrors to confirm clearance. See *Owner's Manual* for additional limitations and details. 39. F SPORT Accessories are warranted for 12 months from the date of installation or for the balance of the new-car or Certified Pre-Owned (CPO) warranty in force at the date of installation, whichever is greater, when installed by an authorized Lexus dealer. F SPORT Accessories installed by anyone other than an authorized Lexus dealer are warranted for 12 months from the date of purchase only, and the warranty coverage is limited to the replacement value of the F SPORT Accessories. These warranties do not cover maintenance services such as replacement of brake pads/linings and clutch linings or noise, vibration, cosmetic conditions and other deterioration caused by normal wear and tear. Part failure caused by improper installation by anyone other than an authorized Lexus dealer may void the F SPORT Accessories warranty, the new-vehicle warranty or both. F SPORT is a trademark of Toyota Motor Corporation. Products available through participating Lexus dealers. 40. Lexus received the highest numerical score among 12 luxury brands in the J.D. Power 2017 U.S. Customer Service Index (CSI) Study, based on 70,342 total responses, measuring customer satisfaction with dealer and non-dealer service during the first 3 years of ownership, surveyed October–December 2016. Your experiences may vary. Visit jdpower.com.

Lexus strives to build vehicles to match customer interest, and thus they typically are built with popular options and option packages. Not all options/packages are available separately, and some may not be available in all regions of the country. See lexus.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. Specifications, features, equipment, technical data, performance figures, options, and color and trim are based upon information available at time of printing, are subject to change without notice, and are for mainland U.S.A. vehicles only. Some vehicles shown with available equipment. See your Lexus dealer for details. Lexus reminds you to wear seatbelts, secure children in rear seat, obey all traffic laws and drive responsibly. For more information, call 800-USA-LEXUS (872-5398) or visit lexus.com. To learn more about your financing options, contact your Lexus dealer or call Lexus Financial Services at 800-874-7050.
