

2009 E-Class

Mercedes-Benz

E 350 Sport shown in optional Iridium Silver metallic paint.

Nothing less than a master's lesson in driving pleasure. The E 350 Sedan and Wagon, the potent E 550, the clean-diesel E 320 BlueTEC and the elegantly extreme E 63 AMG are each remarkable combinations of power and poise. For 2009, aggressive bodystyling comes standard on Sport models and our landmark 4MATIC all-wheel drive is a no-cost option on Luxury models! Furnished with appointments including Burl Walnut wood trim, a power sunroof and a new COMAND system that includes Bluetooth® and a 6-disc CD/DVD changer, the 2009 E-Class is the only choice for those who insist upon both the bold and the boldly elegant. And you know who you are.

Equal parts sport
and sophistication.
Without equal.

E 350 Sport shown at left in Black paint.
Please see page 49 for Endnotes.

Car companies
make cars.
We make history.

The world's first automobile. The supercharged engine, diesel passenger car and fuel injection. The crumple zone, multilink rear suspension and pop-up roll bar—all were created by Mercedes-Benz. Yet while these and other Mercedes-Benz firsts read like a history of the automobile, just as important are recent innovations—advances like PRE-SAFE® and BlueTEC, the world's cleanest diesel engine—that point to its future.

E 350 Sport shown at left in Black paint.

Mercedes-Benz Firsts

- 1886 The first car
- 1911 The multivalve engine
- 1921 The supercharged engine
- 1931 Independent suspension
- 1936 The first diesel passenger car
- 1951 The crumple zone
- 1954 Fuel injection
- 1971 A patent for the air bag
- 1982 Multilink rear suspension
- 1983 Seat-belt Emergency Tensioning Device
- 1989 The pop-up roll bar
- 1990 4-wheel Electronic Traction System
- 1995 Electronic Stability Program (ESP®)
- 1996 Panorama Sunroof
- 1997 Low-emission SUV
- 1997 Brake Assist
- 1997 BabySmart™ system
- 1997 SmartKey
- 1997 Touch Shift
- 1998 Window Curtain Air Bags
- 1998 10-way air-bag protection
- 1999 Active Body Control
- 1999 AIRMATIC Semi-Active Suspension
- 2000 DISTRONIC Adaptive Cruise Control
- 2001 KEYLESS-GO
- 2002 Drive-Dynamic multicontour front seats
- 2002 PRE-SAFE
- 2002 Bi-turbo 5.5-liter V-12 engine
- 2002 Automatic brake drying
- 2002 Predictive Brake Priming
- 2003 7-speed automatic transmission
- 2004 High-output, high-efficiency V-6 engine
- 2006 BlueTEC
- 2006 Night View Assist
- 2007 AGILITY CONTROL suspension

Grace that can be
appreciated in the driveway.
And on the highway.

In the E-Class, elegance doesn't just speak to performance. It shouts across all five models, with 0-to-60 times that make a statement: 6.5² and 6.9 seconds² in the E 350 Sedan and Wagon and 6.6² in the E 320 BlueTEC. Want more? Just 5.4 seconds² in the E 550, and a mere 4.3² in the E 63 AMG. Advances like Predictive Brake Priming help keep all this power in check by automatically setting the pads closer to the discs for sharper brake response any time you step off the accelerator quickly.³ Stepping on it or standing still, either way you're in a state of bliss.

E 350 Sport shown at right in optional Iridium Silver metallic paint.
Please see page 49 for Endnotes.

All-wheel.
All weather.
All clear.

4MATIC with 4-ETS—our legendary all-wheel-drive technology—comes standard on E 350 Wagons, is available on E 350 and E 550 Sport Sedans and is now a no-cost option on the E 350 Luxury Sedan. This innovation distributes power to all four wheels individually, even if only one has grip, to keep you moving on clear pavement and snowy roads alike.⁴ E 550 and E 63 AMG Sedans feature an AIRMATIC Semi-Active Suspension with our Adaptive Damping System to smooth sharp turns via electronically controlled springs that adjust to changing road conditions. Cutting agility—it's great. So is peace of mind.

Brake Drying

When the wipers are on, the brakes periodically contact the discs to keep them dry. And more effective.³

Vehicle-speed-sensitive steering

At lower speeds, you get power assists for easy handling; at higher speeds, power adjustments for improved road feel.

Electronic Stability Program (ESP®)

Continually monitors vehicle motion to help keep you going in your intended direction, correcting wheelspin, understeer (plowing) and oversteer (fishtailing).⁴

4-ETS

Included on models with 4MATIC, our 4-wheel Electronic Traction System brakes wheels individually and provides power to the wheel or wheels with grip.⁴

AIRMATIC Semi-Active Suspension

Adjusts to changing speeds, road conditions and cargo or passenger weight with electronically controlled air springs for a level, comfortable ride.

E 350 4MATIC Sport shown at right in optional Iridium Silver metallic paint. Please see page 49 for Endnotes.

NET TORQUE
465 lb-ft @ 5,200 rpm

ACCELERATION
0-60 mph in 4.3 seconds²

Please see page 49 for Endnotes.

The science of making the spine tingle.

Each E-Class engine may have different specifications, but all share advanced, lightweight construction, as well as massive torque. Managing this power are driver-adaptive 5- or 7-speed automatic transmissions—with shift paddles on Sport models—for poised cruising and assertive passing. With horsepower ratings from an impressive 268 to an aggressive 507, the E-Class begs the question: Why wasn't science always this fun?

A host of standard features in a cabin that is anything but.

Entertain yourself. Completely. Our all-new COMAND system now comes equipped with Bluetooth® for hands-free calling⁵ and optional navigation. And maximum pleasure. The 12 speakers of the harman/kardon LOGIC7® surround-sound system use the same Dolby® Digital 5.1 technology found at the multiplex. A 6-disc CD/DVD changer can play DVDs on the 6.5" color-LCD screen any time you've parked. Enjoy a wide array of formats, too, including MP3 files. And options like SIRIUS® Satellite Radio and an iPod®/MP3 Media Interface for connecting electronic devices mean this interior sounds entertaining before you've even played a note.

E 350 Luxury shown with Black interior and optional Premium 1 Package.

With 3-position memory and adjustable lumbar support for both driver and front passenger.

Select the right temperature, airflow levels and more. Individually.

Warm up on cool days. Cool off on warm ones.

An invitation to remarkably large views of the sky.

10-way power seats

Dual- or 4-zone climate control

Heated and Active Ventilated Seats

Panorama Sunroof

An interior. And also an invitation. To the pleasures of power seats that adjust 10 ways, remember your three favorite settings and come with firm lumbar support. To appointments like Burl Walnut or Black Birdseye Maple wood trim and available leather upholstery. The fresh air and fresher perspectives of a power sunroof or optional Panorama Sunroof. The comforts of available Heated and Active Ventilated Seats and dual- or 4-zone climate control. Like the hair-trigger response of our engines, this cabin is clearly eager to please.

An interior that does more than welcome. It beckons.

E 350 Sport shown with optional Sahara Beige/Black leather interior and Premium 1 Package.

iPod®/MP3 Media Interface

Optional outlets that seamlessly connect multimedia devices like iPods and MP3 players to the new COMAND system.†

Enhanced Voice Control

Allows for convenient and safe operation of navigation, radio, telephone and 6-disc CD/DVD changer by simply speaking.

Rain-sensing wipers

Modulates wiper speed and frequency depending on the precipitation it detects.

Light-sensing headlamps

Your headlamps automatically light up any time you enter darkened areas like tunnels or garages.

**Technology
that makes a
difference. Not to
mention sense.**

Convenience is so key, there's no need for one. Using optional KEYLESS-GO, just touch the brakes, then a button to start your vehicle. The redesigned COMAND system integrates Bluetooth®, a 6.5" screen, a 6-disc CD/DVD changer, an SD-card slot and more. Our available new hard-drive-based Navigation System delivers real-time traffic updates, plus Zagat Survey® for finding restaurants. Optional navigation also includes a more advanced voice control system, Music Register with four gigabytes—1,000 songs—of MP3 or WMA downloads, and Gracenote® for song-title and artist information. In the E 350 Wagon, a button even opens and closes the tailgate. The real key to convenience? Innovation.

Safety systems that react before you do.

One advance stands above all others: our predictive occupant-protection system, Mercedes-Benz PRE-SAFE.[®] This landmark – no other automaker offers similar technology standard – unifies disparate safety elements, from adjusting the front-passenger-seat positioning to closing the sunroof,⁷ to help secure the cabin for a collision. Using Brake Assist and Electronic Stability Program (ESP[®]) sensors, PRE-SAFE can detect abrupt vehicle movements that suggest a potential collision and prepare – by closing the windows,⁸ for example, or tightening the front seat belts, instantly and automatically. As the automaker with more safety firsts than many cars have safety features, we're committed to revolutionizing safety design. Over and over again.

Active Front Head Restraints

Eight air bags offering 10-way protection

Automatic lamp substitution

Staggered engine components

Aluminum crash box module

Rollover sensor

Floorpan, doors and seat structures reinforced for side impact

Brake Assist

E 350 Sport Sedan |

Outside, aggressive Sport bodystyling. Inside, sophisticated style and technology, from a leather-trimmed sport steering wheel to 10-way power front seats. And the drive? Reach 60 mph in 6.5 seconds² with 268 horsepower. Feel the fluid gear changes of a 7-speed automatic transmission—or a 5-speed automatic on vehicles equipped with 4MATIC. Enjoy the harman/kardon LOGIC7[®] surround-sound system with Dolby[®] Digital 5.1 piping theater-quality audio through 12 speakers. Engineered with PRE-SAFE[®] to help prepare the cabin for a potential collision, the E 350 Sport Sedan is certain to deliver a singular experience.

3.5-liter V-6 engine
Sport bodystyling and AMG wheels²
Sport suspension
Available 4MATIC all-wheel drive
Sport steering wheel with shift paddles

Please see page 49 for Endnotes.

3.5-liter V-6 engine
4MATIC all-wheel drive (standard/no-cost option)
Dual-zone climate control
Up to 68.9 cu ft of cargo capacity¹⁰ (in E 350 Wagon)
Power tailgate (in E 350 Wagon)

E 350 Luxury Sedan and Wagon

A leather-trimmed gearshift, matching steering wheel and 10-way power front seats. Three signs of the unlimited pleasure ahead. And new 17" wheels blend substance and thrilling style. For thrills of another kind, 4MATIC all-wheel drive is a no-cost option on the sedan and standard on the wagon. Boasting 268 horsepower and 0-to-60 times of 6.5² and 6.9 seconds² for the sedan and wagon, both offer PRE-SAFE[®] to prepare for a potential collision before one occurs. The wagon also seats seven and features numerous cargo configurations.¹¹ The finest feature of all? All the luxurious fun to come.

E 350 Luxury shown at left in optional Iridium Silver metallic paint with optional Premium 2 Package. E 350 Wagon shown above right in optional Pewter metallic paint.

Please see page 49 for Endnotes.

| E 550 Sport Sedan

Beyond abundant luxury—leather upholstery, 4-zone climate control, a harman/kardon LOGIC7® surround-sound system with Dolby® Digital 5.1 and more—this sedan is about sheer performance. Racing-inspired Sport bodystyling comes standard, and a remarkable 382 horsepower flies you to 60 mph in only 5.4 seconds². Razor-like handling helps edge you through curves and around vehicles. The AIRMATIC Semi-Active Suspension with our Adaptive Damping System assists by automatically adjusting to changing road conditions. And Comfort and Sport settings give you the luxury of choice.

E 320 BlueTEC.
The power.
To make things better.

Zero to 60 mph in 6.6 seconds² 400 lb-ft of torque. Blistering off-the-line acceleration. It's not our latest high-performance engine. It is our latest entry in the race to create fuel-efficient vehicles. A BlueTEC V-6 has nearly 60% more torque than a comparably sized V-6 gasoline engine, while traveling up to an astonishing 675 highway miles on a single tank of gas!¹² The E 320 Sedan¹³ makes the most of BlueTEC—taking a Sedan that's already an unmatched combination of performance and poise and making it even better. For drivers. And the planet.

3.0-liter turbocharged V-6 engine
Up to 675 highway miles per tank¹²
30% more efficient than gasoline vehicles
V-8 power in a V-6

E 320 BlueTEC shown at left in optional Iridium Silver metallic paint.
Please see page 49 for Endnotes.

Happily, too much
of a good thing.

E 63 AMG

Drivetrain

Engine AMG-built DOHC 32-valve V-8
Power 507 hp @ 6,800 rpm
Torque 465 lb-ft @ 5,200 rpm
Displacement 6,208-cc
Compression 11.3:1
Transmission 7-speed automatic with
AMG SPEEDSHIFT.[®]
Acceleration 0-60 mph in 4.3 seconds²

Chassis

Suspension AMG-calibrated AIRMATIC
Semi-Active Suspension with
enlarged stabilizer bar and Adaptive
Damping System.
Wheels 18" AMG 5-spoke, 8.5x18/9.0x18
staggered²
Brakes 14.2" front-13.0" rear,
perforated/ventilated discs.

Armed with a hand-built V-8 that produces 507 horsepower and redlines at 7,200 rpm, the E 63 AMG is designed to invigorate. As you charge through seven gears using an AMG SPEEDSHIFT transmission with shift paddles drawn from professional racing, feel the AMG-calibrated AIRMATIC suspension with Adaptive Damping System stand up to sharp turns. Or the AMG high-performance brakes—4-wheel, perforated and multipiston—stop its 18" AMG wheels.² Amenities like AMG Premium Leather sport seats up front mean you're armed with one more good thing: a trip to 60 mph in 4.3 seconds²—in first class.

E 63 AMG shown at right in optional Iridium Silver metallic paint with optional Panorama Sunroof.

Please see page 49 for Endnotes.

3.5-liter V-6 engine

The dual overhead cam (DOHC) V-6 in E 350 models is efficient and exhilarating. It commands 268 horsepower and 258 lb-ft of peak torque to keep your adrenaline flowing. Continuously variable timing on both the intake and exhaust valves coupled with a dual-stage intake manifold helps the DOHC V-6 provide 100% of its peak torque from 2,400–5,000 rpm, ensuring immediate response with every throttle input.

BlueTEC clean diesel technology

The breakthrough powerplant in the E 320 BlueTEC reduces soot and emissions from prior diesels—without sacrificing power. An oxidation catalytic converter and diesel particulate filter efficiently lower hydrocarbon and particulate emissions, and Selective Catalytic Reduction and DeNOx catalytic converters reduce nitrogen oxides.¹⁴ The result is simply the cleanest production diesel engine available.¹³

AMG 6.3-liter V-8 engine

The most powerful naturally aspirated V-8 in our lineup has been mated to a 7-speed automatic transmission with AMG SPEEDSHIFT for ready access to that enormous strength. Feel a rush of euphoria as the engine develops a massive 507 horsepower and 465 lb-ft of torque to propel the E 63 AMG from 0 to 60 in just 4.3 seconds? And like all AMG engines, each is hand-built and signed by a single master technician.

7-speed automatic transmission

The Mercedes-Benz E-Class is the only car in its class to have a 7-speed automatic transmission as standard equipment. A wide range of closely spaced gears delivers the ideal gear ratio for virtually every driving condition, which means smoother cruising and immediate response for acceleration and passing, and even improved fuel efficiency on the highway. Clearly, our passion for advanced engineering isn't limited to our engines. (Not available on vehicles with 4MATIC all-wheel drive.)

7-speed automatic transmission with AMG SPEEDSHIFT™

Harness the phenomenal force of the E 63 AMG to the highest degree possible. Change gears rapidly using the AMG aluminum shift paddles on the steering wheel. Then choose any of three settings (S for Sport, C for Comfort and M for Manual) custom-tailored to the performance attributes of the AMG V-8 as well as whatever driving mood you're in.

Agility

4MATIC all-wheel drive with 4-wheel Electronic Traction System (4-ETS) ● ○ –

Whatever the season or road condition, 4MATIC all-wheel drive can provide an extra measure of confidence and control when you need it—or can enjoy it—most. Standard equipment on the E 350 Wagon and available on most E-Class models, 4MATIC raises traction in your E-Class to the power of four, putting every wheel to work for you and optimizing the available grip. Whether you're heading to the mountains for a weekend of skiing or merely enjoying the delights of your favorite two-lane highway, 4MATIC can make a difference that you'll appreciate any time—and every time—you get behind the wheel. The 4MATIC system is fully automatic: it's always engaged and sending torque to every wheel. And 4MATIC is integrated with our standard Electronic Stability Program (ESP®), which maximizes the effectiveness of 4MATIC in corners and in wet or slippery conditions. To help ensure that the driving power translates into control, 4MATIC incorporates our 4-wheel Electronic Traction System. 4-ETS monitors each wheel for the first sign of wheel slip to maintain the balance of power and, if necessary, reduce excess torque. By continually ensuring that power goes to the wheels with grip, 4MATIC can help get the vehicle moving—even if only one wheel has traction.⁴
Standard E 350 Wagon. Optional E 350 and E 550 Sedans. Not available E 320 BlueTEC and E 63 AMG.

Brakes ●

The E-Class's internally ventilated disc brakes¹⁵ deliver powerful, nearly fade-free stopping control. They also come equipped with Predictive Brake Priming. This dynamic feature sets the brake pads closer to the discs when the driver quickly releases the accelerator, for faster brake response. One of many other features is Brake Drying, which helps increase stopping performance in wet conditions by intermittently (and imperceptibly) pressing the brake pads against the rotors when the windshield wipers are in use in order to remove water on the rotors.³
Standard all models.

Multilink suspension ●

The E-Class uses a 4-wheel multilink suspension¹⁶ for exceptional poise and control, even under severe braking. The 5-arm rear multilink design—a Mercedes-Benz innovation—controls rear-wheel movement with outstanding precision. For more dynamic handling, the front axle assembly, front suspension and steering gear are all preassembled along with the engine and transmission on an extraordinarily rigid steel subframe. The use of lightweight/high-strength aluminum suspension components helps reduce unsprung weight and improve handling.
Standard all models.

AIRMATIC Semi-Active Suspension ● –

For a balanced, comfortable ride, the AIRMATIC system employs electronically controlled air springs that adjust to changing driving conditions. The system also lowers the ride height at higher speeds for improved aerodynamics. To help compensate for additional cargo or passenger weight, AIRMATIC automatically levels the vehicle.
Standard E 550 Sport Sedan and E 63 AMG. Not available E 350 Sedan, E 350 Wagon and E 320 BlueTEC.

Adaptive Damping System (ADS-II) ● –

Part of the AIRMATIC Semi-Active Suspension, found on V-8 models, our Adaptive Damping System lets you tailor your driving experience with three selectable driving modes—two for Sport and one for Comfort—at the touch of a button. ADS-II continually optimizes ride and handling by individually adjusting each wheel's shock-absorption rate every time the wheel changes its direction of up-down travel.
Standard E 550 Sport Sedan and E 63 AMG. Not available E 350 Sedan, E 350 Wagon and E 320 BlueTEC.

Mercedes-Benz safety philosophy

At Mercedes-Benz, safety goes well beyond engineering vehicles that help protect you in an accident. Our safety philosophy takes a proactive approach to many aspects of driving safety: active safety systems, such as the Electronic Stability Program and Brake Assist, help you avoid a potentially dangerous situation; PRE-SAFE enables the vehicle to anticipate and make adjustments to prepare for certain potential collisions; passive safety features include air bags and seat-belt tensioners; and post-collision features like automatic engine cutoff are designed to reduce the risk to occupants in the immediate aftermath of an accident, help prevent worsening of the situation and facilitate rapid assistance by rescue workers. No other automaker has a more complete view of safety than the one that invented crumple zones and other safety advancements.

PRE-SAFE® ●

Mercedes-Benz originated this landmark system, and it's still the only manufacturer to offer it standard. PRE-SAFE acts decisively to prepare for a possible accident. PRE-SAFE uses sensors from two of the active safety systems already inside the vehicle: Brake Assist and our Electronic Stability Program (ESP®). If system sensors detect certain vehicle movements that indicate an accident is possible, PRE-SAFE takes action to help protect the vehicle's occupants. Electric tensioners tighten the seat belts of the front-seat occupants. PRE-SAFE adjusts the occupied front passenger's seat to a more favorable position for air-bag and seat-belt effectiveness. In the event of severe skidding, which indicates that a rollover is likely, PRE-SAFE will close the sunroof⁷ and windows⁸. If no accident occurs, the tensioners loosen and you simply readjust your seat, open the sunroof and continue on your way.
Standard all models.

Brake Assist (BAS) ●

Research has shown that drivers rarely apply the brakes hard enough, soon enough during an emergency situation. BAS monitors pedal application speed to sense emergency braking and, in such cases, can deliver maximum stopping power.³
Standard all models.

Integrated Restraint System ●

Our 8-air-bag system offers 10-way protection, including dual-stage front air bags, front- and 2nd-row side-impact air bags and full-length Window Curtain Air Bags along the sides of the vehicle. (E 350 Wagon Window Curtain Air Bags extend only to the 2nd row.) With properly worn seat belts, Window Curtain Air Bags help protect outboard occupants from head injury and broken glass in certain side impacts or rollovers that exceed the deployment threshold.¹⁷
Standard all models.

Active Front Head Restraints ●

In the case of a rear impact exceeding a preset threshold, the Active Front Head Restraints move forward and slightly upward, reducing the distance between the head restraint and the front-seat occupants' heads. This action helps limit the rearward travel of their heads, thus reducing the possibility or severity of whiplash-type neck injuries.
Standard all models.

Electronic Stability Program (ESP®) ●

This advance continually monitors your vehicle's motion to help keep you going in your intended direction. If it detects wheelspin, severe understeer (plowing) or oversteer (fishtailing), ESP can brake individual wheels and reduce engine power to help bring the vehicle under control.⁵ Mercedes-Benz pioneered this safety landmark in 1995 and has continued to refine its exacting performance ever since.
Standard all models.

Body structure ●

A range of precision safety elements work together to protect you and your passengers in the event of a collision. While High-Strength/Low-Alloy steel in important areas of the vehicle helps to form an exceptionally rigid structure, advanced front and rear crumple zones deform progressively to help absorb the energy of an impact. A front bulkhead also helps channel some of the forces of a frontal impact under, over and around the cabin.
Standard all models.

Seat belts ●

Equipped with Emergency Tensioning Devices (ETDs) and belt force limiters,¹⁸ seat belts are arguably our most important passive safety feature. If a collision exceeds a preset threshold, the ETDs instantly remove slack from the seat belts. Belt force limiters allow a slight amount of give in the seat belts and reduce the peak seat-belt forces on the occupant.
Standard all models.

Protection

Amenities

All-new COMAND system ● Bluetooth™

Your center for easy mastery over audio, video, hands-free calling and optional navigation functions. Our upgraded Cockpit Management and Data (COMAND) system lets you not only change stations, choose tracks and adjust the volume, but also make calls, because now it comes equipped with Bluetooth® connectivity. Beyond traditional music sources, there's also available SIRIUS Satellite Radio and an SD memory card slot. For compressed audio files, the Music Register offers four gigabytes of CD-downloading capability. Further customize your music with the available iPod/MP3 Media Interface to explore the contents of compatible electronic devices. All on a 6.5" color-LCD screen, all accessed via steering-wheel or head-unit controls.

Standard all models.

iPod®/MP3 Media Interface ● ○

Mercedes-Benz has a long history of incorporating the latest consumer electronics into our automobiles. That tradition continues with the available iPod/MP3 Media Interface, a series of outlets that connects to the new COMAND system. This feature unlocks the key to enjoying a host of devices and functionality, from PDAs to audiovisual players. A wealth of information, too, as song-title and artist information pop up right on the COMAND screen.⁶

Standard E 63 AMG. Optional all other models.

Navigation System ○

Using a hard drive built into the new COMAND system and GPS satellites to locate your position, this option displays the route to your destination and suggests Points Of Interest along the way—hotels, ATMs, Mercedes-Benz dealerships and more—in more vivid detail than ever before. It can also issue real-time traffic reports and even find restaurants using Zagat Survey® Maps and other visual aids appear on-screen; voice instructions play through the audio system!⁹ And you? You simply enjoy the journey.

Optional all models.

Mercedes-Benz Tele Aid²⁰ ●

Three buttons conveniently located in the cockpit put a multitude of services at system subscribers' fingertips:

- SOS button: Push in an emergency for a Mercedes-Benz Tele Aid Response Specialist who can notify police or other emergency personnel of your vehicle's location. The system also automatically activates when an air bag or seat-belt Emergency Tensioning Device deploys.
- Wrench button: For Mercedes-Benz Roadside Assistance. Service personnel will help you identify the trouble and dispatch roadside assistance as needed.²¹
- i-button: Contact the Customer Assistance Center or your Mercedes-Benz dealer, receive Route Assistance²² and access available services such as our Concierge service and Mercedes-Benz Tele Aid's Traffic Information.^{23,24}

Standard all models.

Enhanced Voice Control ○

Make calls, receive calls and even access select phone books²⁵ through the new COMAND system. Once your compatible phone²⁶ is synched up to the system, leave it in your pocket and talk hands-free all you like,²⁷ through a sound system worthy of the multiplex. With Enhanced Voice Control, you no longer need to spell out a destination when using the optional Navigation System. Just saying "Toledo" or "Tallahassee" is sufficient. This voice control is so sophisticated, it can even screen out "ums" and "ahs" and understand "yeah" for "yes." Yes, indeed.

Optional all models.

HD Digital Radio® ● ○

Beyond remarkably clear audio that gives AM stations the crispness of FM radio and FM stations CD-grade sound, HD Digital Radio also offers a larger bandwidth—great for increasing the number of channels available to you.

Standard E 63 AMG. Optional all other models.

SIRIUS Satellite Radio ● ○ SIRIUS SATELLITE RADIO

Enjoy a 6-month subscription to SIRIUS with over 130 channels including 69 channels of 100% commercial-free music, plus news, talk, entertainment, traffic, weather and data. SIRIUS is also home to live play-by-play broadcasts of the biggest sports—NFL, NASCAR®, NBA and games from over 150 college sports teams. SIRIUS is sure to be one of your favorite cabin appointments.²⁸

Standard E 63 AMG. Optional all other models.

harman/kardon LOGIC7®

surround-sound system with

Dolby® Digital 5.1²⁹ ●

Now more powerful than ever, this digital surround-sound system fills the cabin with 510 watts of beautifully balanced sound. Twelve optimally placed speakers and theater-quality, 5.1-channel Dolby Digital deliver an enthralling surround-sound experience from a variety of music sources, including the standard 6-disc CD/DVD changer. Digital Dynamic Volume Control helps maintain sound balance in varying driving conditions.

Standard all models.

PARKTRONIC system ○ –

When parking, ultrasonic sensors in the front and rear bumpers detect nearby objects within the system's field of view. Audible signals and illuminated displays, visible in both the instrument cluster and rearview mirror, help you maneuver with confidence. This system helps you avoid obstacles that might be outside your field of vision when parking in tight spaces.

Optional all E-Class Sedans. Not available E 350 Wagon.

Bi-Xenon headlamps with Active Curve Illumination ○

See better around corners at night using these advances that turn along with your steering wheel. They provide a clearer view into corners by increasing usable illumination by up to 90% over conventional fixed headlamps. Bi-Xenon headlamps deliver superior visibility over halogen headlamps because their brighter, whiter light is much closer to natural sunlight.

Optional all models.

Panorama Sunroof ○ –

A large dual-panel glass Panorama Sunroof provides both front- and rear-seat passengers with a view of the sky. The front panel can either tilt open or slide over the rear panel to open completely. And if you feel like limiting the amount of sunlight coming in, independently operated interior power sunshades cover both glass roof panels.

Optional all E-Class Sedans. Not available E 350 Wagon.

Distronic Adaptive Cruise Control ○ –

Available on the E 63 AMG, this radar-based system monitors the vehicle ahead and adjusts your speed to help maintain your chosen following distance.³⁰ If the vehicle ahead suddenly slows or abruptly stops and calculated closing speed indicates that you haven't taken appropriate braking action, the system illuminates a red light in the instrument cluster, sounds an alarm signal and applies up to 20% of the vehicle's braking power to slow your vehicle to a stop.³¹ Ideal for long journeys, as there is less need to adjust the cruise control setting.

Optional E 63 AMG. Not available all other models.

Dual-zone climate control ● –

Both the driver and front-seat passenger can select his or her own level of heating or cooling, thanks to individual controls for each on the dashboard. An advanced electrostatic dust and pollen filter helps clean incoming air and a humidity/dewpoint sensor reduces window fogging in damp weather.

Standard E 350 Sedan, E 350 Wagon and E 320 BlueTEC. Not available E 550 Sport Sedan and E 63 AMG.

4-zone climate control ● –

Here, four individual temperature and airflow controls treat the driver, front and rear passengers to all the features of the dual-zone climate control system plus rear-cabin air vents in the center console and adjacent to the rear doors. When set to the Auto position, the system monitors sunlight intensity and seat occupancy to determine which side of the car requires greater cooling, and adjusts the temperature and airflow accordingly.

Standard E 550 Sport Sedan and E 63 AMG. Not available E 350 Sedan, E 350 Wagon and E 320 BlueTEC.

KEYLESS-GO ○

A leap in ease and efficiency, this option lets you open or lock any door or the trunk while leaving your vehicle's SmartKey in your pocket. To start the vehicle, simply step on the brake pedal and push the Start button, located on the gearshift lever. You can also start the vehicle the conventional way by inserting the SmartKey in the ignition.

Optional all models.

Power rear sunshade ○ –

The optional power rear sunshade is a very helpful feature of all E-Class Sedans. A fine-mesh curtain, it screens the sun's rays in the rear window without blocking the driver's view. The E 350 Wagon includes manually operated rear side window shades instead of a rear sunshade.

Optional all E-Class Sedans. Not available E 350 Wagon.

Heated seats ● ○

For added convenience and year-round comfort, heated front seats are available. Three levels of heating can be selected via buttons on the center console.

Standard E 63 AMG. Optional E 350 Sedan, E 350 Wagon and E 320 BlueTEC.

Heated and Active Ventilated Seats ○ –

In addition to staying toasty inside when it's cold outside with heated seats, enjoy the extra benefits of Active Ventilated Seats. These are designed to keep you cool during warmer months by gently circulating air through perforations in the seat and backrest, which also helps eliminate perspiration buildup. Using the ventilation and heating features simultaneously can even help keep you warm and dry on cold and rainy days.

Optional E 550 Sport Sedan and E 63 AMG. Not available E 350 Sedan, E 350 Wagon and E 320 BlueTEC.

Color and Trim

Design an E-Class all your own

Choose from a variety of metallic and non-metallic exterior paints. Then add your favorite available upholstery color. To keep your vehicle's exterior looking its best for a long time, Mercedes-Benz uses nanotechnology—specifically, microscopic ceramic nano-particles. Each ceramic nano-particle is tens of thousands of times thinner than a human hair, but when joined together they are incredibly durable. When the clearcoat is applied, the nano-particles float around freely in the liquid paint. The resulting finish offers considerably greater and longer-lasting resistance to fine scratches—such as those caused by car washes and environmental factors—than conventional paint finishes, for an enduring deep gloss. With this many smart choices, there's bound to be a design combination for you.

Not available E 350 Wagon and E 320 BlueTEC. ^d Optional at extra cost on E 350 Sedan, E 350 Wagon and E 320 BlueTEC. ^e Not available with Cognac Brown/Black upholstery. ^f Optional *designo* paint subject to special-order charge.

Service & Support

Mercedes-Benz Tele Aid^a

Three buttons put a multitude of services at system subscribers' fingertips: emergency response (SOS button), roadside assistance (Wrench button) and even information services (*i*-button).^b Enhance your sense of security with Remote Door Unlock and Stolen Vehicle Recovery. Enhance your control with features like real-time traffic updates. With an active Mercedes-Benz Tele Aid subscription, you may be eligible for a discount from your insurance provider.

Mercedes-Benz Search & Send

The Internet is a great tool for planning trips and vacations, and Search & Send makes it even more effective. Use Yahoo!® Local Maps and Google™ Maps to plan routes and attractions, then send that information directly to your vehicle's Navigation System. Information can also be sent to you while you're traveling, so friends can forward tips on great things to do and see, or the best way to go.

Mercedes-Benz Concierge

Expand your privileges with access to a Personal Concierge that fulfills your requests for nearly "anything, anytime, anywhere" and an Online Concierge for accessing your Personal Concierge via your computer or PDA wherever Internet access is available, as well as Traffic Information^c and Route Assistance.^d

24-hour Roadside Assistance

The first of its kind and still the only one that remains in effect for the life of the vehicle. Our Roadside Assistance technicians draw on years of experience and training to get you back on the road as quickly as possible.^e

Mercedes-Benz Limited Warranties

Our New Vehicle Limited Warranty runs for 48 months or 50,000 miles, whichever comes first. And anytime during the new vehicle warranty coverage, you can purchase a Mercedes-Benz Extended Limited Warranty that will extend protection after the New Vehicle Limited Warranty expires.^f

Mercedes-Benz Maintenance System

Routine service intervals are fixed and predictable at every 10,000 miles or one year, whichever occurs first.^g About one month before service is due, your vehicle will remind you via a dashboard display that your next service is approaching. You may also pay for required maintenance in advance with Prepaid Maintenance and enjoy the convenience of having the cost included in your monthly lease or finance payment.^h

Complimentary Tire Rotation

Stop by your Mercedes-Benz Center's Service Department for a no-charge first tire rotation anytime before 5,000 miles.ⁱ

24-hour Customer Service

Our Customer Assistance Center is your one-stop source for answers. Whether you need to know how to use your audio system, find the nearest Mercedes-Benz dealer, get pricing or learn about personal and automotive accessories, just call 1-800-FOR-MERCEDES or press the Mercedes-Benz Tele Aid *i*-button in your vehicle.

Sign and Drive service

Our legendary Roadside Assistance service includes bringing you some fuel if you've run out, replacing a flat tire with your spare or jump-starting your car if the battery dies. All at no charge, and all for as long as you're driving a Mercedes-Benz — even somebody else's! Help is as close as your vehicle's Wrench button (for Mercedes-Benz Tele Aid subscribers) or just a phone call away at 1-800-FOR-MERCEDES.

Trip Interruption benefits

In the unlikely event that a breakdown covered by your MBUSA New Vehicle Limited Warranty occurs more than 100 miles from your home, leaves your Mercedes-Benz inoperable or unsafe to drive and requires overnight repairs at a Mercedes-Benz Center, you'll be reimbursed up to \$300 per day for any documented expenses—for up to three days—including meals, lodging and substitute transportation.

Dealer Alternate Transportation Program

Whenever you bring your vehicle into an official Mercedes-Benz Center for servicing during the warranty period, ask about your dealer's Alternate Transportation Program—so you can maintain your busy schedule while your dealer maintains your vehicle.^k

Mercedes-Benz Financial

Mercedes-Benz Financial offers a wide and impressive array of flexible and convenient financing options. To determine whether purchasing or leasing is right for you and to estimate the monthly payment of your next Mercedes-Benz, visit MercedesBenzFinancial.com.

European Delivery Program

With our factory delivery program, enjoy a honeymoon with your new Mercedes-Benz as you savor the delight of driving it in the land where it was built—while you enjoy a 7% savings on many models! Also take advantage of the optional Rally Package, which takes you through the Black Forest and the Alps, then on to Munich, staying at luxurious, historic hotels all along the way.

To learn more about these and many other services—including dealer locations and financing options—visit us at MBUSA.com today.

^a Mercedes-Benz Tele Aid equipment is standard on all E-Class models. First year's Mercedes-Benz Tele Aid service provided at no additional cost with subscription. Subscription and acquaintance call required for service to be active. Service operates only where cellular and GPS coverage are available and requires adequate power supply. Owner must authorize vehicle tracking by providing passcode and a valid stolen vehicle police report number. Passcode required to activate Remote Door Unlock. See dealer for details of telematics services. ^b Concierge service available only with Mercedes-Benz Concierge. Traffic Information and Route Assistance use is included as part of Mercedes-Benz Concierge and is available at an additional per-use charge when used with the Mercedes-Benz Tele Aid service. See dealer for details. ^c Performance of the automated voice system varies depending on the noise level in and around the vehicle. Traffic Information is based on available broadcast data, not available in all areas and only provided for routes that have been personalized on the Mercedes-Benz Tele Aid website (up to five routes) or are within a specified radius of your vehicle's present location. See Mercedes-Benz Tele Aid section of MBUSA.com for available cities. ^d Route Assistance is available for an additional charge with the Mercedes-Benz Tele Aid service and included as part of Mercedes-Benz Concierge. ^e Vehicle must be accessible from main roads. Roadside Assistance repairs may involve charges for parts, service and towing. Depending on the circumstances, these services may be provided by an outside service, courtesy of Mercedes-Benz Roadside Assistance. For full details of the Roadside Assistance Program, please see your dealer. ^f Please see your dealer for warranty details as well as for terms, conditions and pricing for extended warranty options. A surcharge for extended warranties may apply if purchased more than 30 days after the vehicle is purchased. ^g Requires use of 229.5-spec oil and high-performance fleece oil filter for gasoline engines and 229.51-spec oil for diesel engines. Driver is responsible for monitoring fluid levels and tire pressure between service visits. See Maintenance Booklet for details. ^h Prepaid Maintenance only covers items that are critical to ensuring the long-term performance of your vehicle. Ask your dealer for a brochure containing details regarding coverage and terms. ⁱ On models with different-sized front and rear tires, which cannot be rotated, dealer will inspect tires and set inflation pressure. Follow tire manufacturer's recommendations. ^j For full details of Sign and Drive service, as well as the Roadside Assistance Program, please see your dealer. ^k Certain restrictions may apply. Terms, conditions and dealer participation may vary. ^l European Delivery discount available on select models. Please see your dealer for details.

Accessories

A Mercedes-Benz is the definition of luxury and performance. It can also be a statement of personal style. So take a moment to survey our genuine accessories. Each is designed, engineered and tested to the same exacting standards as your vehicle. Which is to say, to your own high standards.

Chrome accents

Enhance the elegance of your E-Class exterior with our high-sheen chrome mirror housings and chrome door-handle inserts. The latter addition even helps protect your finish from scratches.

Illuminated door sills

Made of stainless steel, these glowing blue door sill panels say "Mercedes-Benz" in more ways than one. Radiantly.

Light-alloy wheels

Either of our 18" wheels enhances your vehicle splendidly. One is an exclusive multispoke design revealing a two-tone finish of high-sheen polish and anthracite; the other, a 5-spoke style finished in sterling silver. Need we say more?

Cargo management

Transport a large assortment of items securely while maintaining the elegance of your E-Class. This carrier can be enhanced with available components to accommodate bicycles, ski and snowboard racks, and more. Optional cargo containers— aerodynamic and lightweight, yet exceptionally durable—let you add significant storage space for sports equipment and luggage.^{ll}

ENDNOTES

- 4MATIC all-wheel drive optional at extra cost on E350 Sport and E550. Not available E 320 BlueTEC and E 63 AMG.
- Stated rates of acceleration are based upon manufacturer's track results and may vary depending on model, environmental and road surface conditions, driving style, elevation and vehicle load.
- Braking effectiveness also depends on proper brake system maintenance, and tire and road conditions.
- No system, regardless of how advanced, can overcome the laws of physics or correct careless driving. Please always wear your seat belt. Performance is limited by available traction, which snow, ice and other conditions can affect. Always drive carefully, consistent with conditions. Best performance in snow is obtained with winter tires.
- BLUETOOTH® INTERFACE DOES NOT PROVIDE PHONE CHARGING OR EXTERNAL ANTENNA. PHONE BOOK DOWNLOAD AND VOICE INTERACTIVITY FEATURES ARE DEPENDENT ON SELECTED HANDSET. VISIT MBUSA-MOBILE.COM FOR DETAILS.
- iPod is a registered trademark of Apple Computer, Inc. All iPod devices are sold separately. Feature not compatible with iPod Shuffle. See dealer for details.
- A small gap is left near the full-close position.
- PRE-SAFE closes the side windows when the system's sensors detect side movements that suggest a possible rollover.
- Lower aspect ratio tires and accompanying wheels provide substantially increased treadwear, increased tire noise and reduced ride comfort. Serious wheel and tire damage may occur if the vehicle is operated on rough or damaged road surfaces or upon encountering road debris or obstacles. These tires are not designed for use on snow and ice. Winter tires mounted on appropriately sized and approved wheels are recommended for driving in those conditions.
- With 2nd- and 3rd-row seats folded. Unsecured cargo can become hazardous in a collision. Always secure cargo using floor-mounted tie-downs.
- Unsecured cargo can become hazardous in a collision. Always secure cargo using floor-mounted tie-downs.
- Estimate based on 21.1-gallon fuel tank capacity and estimated highway fuel economy. Your actual highway mileage may be less than the highway estimate.
- The E 320 BlueTEC does not meet emissions requirements for California, Connecticut, Maine, Massachusetts, New Jersey, New York, Oregon, Pennsylvania, Rhode Island, Vermont or Washington and is not available in these states.
- Requires the use of ultra-low-sulfur diesel fuel. Mercedes-Benz approves the use of B5 bio diesel (approved diesel fuel with a maximum 5% bio diesel content) in all BlueTEC engines. The only approved bio diesel content is one that both meets ASTM D6751 specifications and has the oxidation stability necessary to prevent deposit-/corrosion-related damages to the system (min. 6h, proven by EN 14112 method). Please see your service station for further information. If the B5 bio diesel blend does not clearly indicate that it meets the above standards, please do not use it. The Mercedes-Benz limited warranty does not cover damage caused by non-Mercedes-Benz-approved fuel standards.
- The E 320 BlueTEC uses solid rear disc brakes.
- Rear-wheel-drive models use a 4-link front suspension. 4MATIC models use a double wishbone front suspension.
- WARNING: THE FORCES OF A DEPLOYING AIR BAG CAN CAUSE SERIOUS OR FATAL INJURIES TO A CHILD UNDER AGE 13. THE SAFEST SEATING POSITION FOR YOUR CHILD IS IN THE REAR SEAT, BELTED INTO AN APPROPRIATE, PROPERLY INSTALLED CHILD SEAT, OR CORRECTLY WEARING A SEAT BELT IF TOO LARGE FOR A CHILD SEAT. SEE OPERATOR'S MANUAL FOR ADDITIONAL WARNINGS AND INFORMATION ON AIR BAGS, SEAT BELTS AND CHILD SEATS.
- Front and rear outboard seats only. Front-seat belt force limiters are adaptive.
- While the Navigation System provides directional assistance, the driver must remain focused on safe driving behavior, including paying attention to traffic and street signs. The driver should utilize the system's audio cues while driving and should only consult the map or visual displays once the vehicle has been stopped in a safe place. Maps do not cover all areas or all routes within an area.
- Mercedes-Benz Tele Aid equipment is standard on all E-Class models. First year's Mercedes-Benz Tele Aid service provided at no additional cost with subscription. Subscription and acquaintance call required for service to be active. Service operates only where cellular and GPS coverage are available and requires adequate power supply. Owner must authorize vehicle tracking by providing passcode and a valid stolen vehicle police report number. Passcode required to activate Remote Door Unlock. See dealer for details of telematics services.
- Vehicle must be accessible from main roads. Roadside Assistance repairs may involve charges for parts, service and towing. Depending on the circumstances, these services may be provided by an outside service, courtesy of Mercedes-Benz Roadside Assistance. For full details of the Roadside Assistance Program, please see your dealer.
- Route Assistance is available for an additional charge with the Mercedes-Benz Tele Aid service and included as part of Mercedes-Benz Concierge.
- Concierge service available only with Mercedes-Benz Concierge. Traffic Information and Route Assistance use is included as part of Mercedes-Benz Concierge and is available at an additional per-use charge when used with the Mercedes-Benz Tele Aid service. See dealer for details.
- Performance of the automated voice system varies depending on the noise level in and around the vehicle. Traffic Information is based on available broadcast data, not available in all areas and only provided for routes that have been personalized on the Mercedes-Benz Tele Aid website (up to five routes) or are within a specified radius of your vehicle's present location. See Mercedes-Benz Tele Aid section of MBUSA.com for available cities.
- Certain Mercedes-Benz-approved phones support voice interactivity, but not the phone book download feature, with Bluetooth technology. See dealer for details.
- See dealer for a list of approved compatible phones.
- Always plug the phone into the cradle for use inside the vehicle or use the Bluetooth interface. Otherwise operating a non-approved phone or radio transmitter with its own attached or built-in antenna while the engine is running can interfere with the vehicle's electronic systems. For safety reasons, the driver should not use a mobile phone while the vehicle is in motion. We encourage the driver to stop the vehicle in a safe location before answering or placing a call. See your Mercedes-Benz dealer or visit MBUSA-mobile.com for current handset availability. Not all approved phones support all system features. See dealer for details.

- Distronic Adaptive Cruise Control is no substitute for active driving involvement. It does not react to stationary objects, nor recognize or predict the curvature and lane layout of the road or the movement of vehicles ahead, and can only apply a maximum of 20% of vehicle braking power. It is the driver's responsibility at all times to be attentive to traffic and road conditions, and to provide the steering, braking and other driving inputs necessary to retain control of the vehicle.
- Drivers are cautioned not to wait for the Distronic Proximity Warning System before braking, as that may not afford sufficient time and distance to brake safely.
- Standard E 350 Sport.
- Optional or part of an Option Package. See optional equipment listing on page 48.
- Only for timing use on roads and in conditions where high-speed driving is permitted. Racing on public roads is prohibited under all circumstances and posted speed limits should always be obeyed.
- When equipped with this feature.
- OCCUPANT CLASSIFICATION SYSTEM (OCS) IS DESIGNED TO TURN THE FRONT PASSENGER'S FRONT AIR BAG OFF WHEN THE SYSTEM SENSES THE WEIGHT OF A TYPICAL CHILD 12 MONTHS OLD OR LESS PLUS THE WEIGHT OF A STANDARD APPROPRIATE CHILD RESTRAINT. SEE OPERATOR'S MANUAL FOR IMPORTANT ADDITIONAL INFORMATION ON THIS SYSTEM AND FOR FURTHER INFORMATION REGARDING THE TRANSPORTATION OF CHILDREN HEAVIER THAN A TYPICAL 12-MONTH-OLD.
- Please obey all speed laws.
