Mercury Marquis Brougham Standard Flight Bench Interior

Mercury Interiors

Your '74 Mercury can be as luxuriously comfortable to ride in as it is to drive! The plush elegance, which is so much a part of the Marquis Brougham interior, beautifully supplements the superb ride and easy handling.

Shown above is the elegant Marquis Brougham optional Grand Marquis interior with Twin Comfort Lounge Seats in tan Velour bodycloth with vinyl seat facings. Each seat has its individual armrest and can be adjusted for maximum comfort. The Grand Marquis optional interior can also be selected in tan leather with vinyl facings.

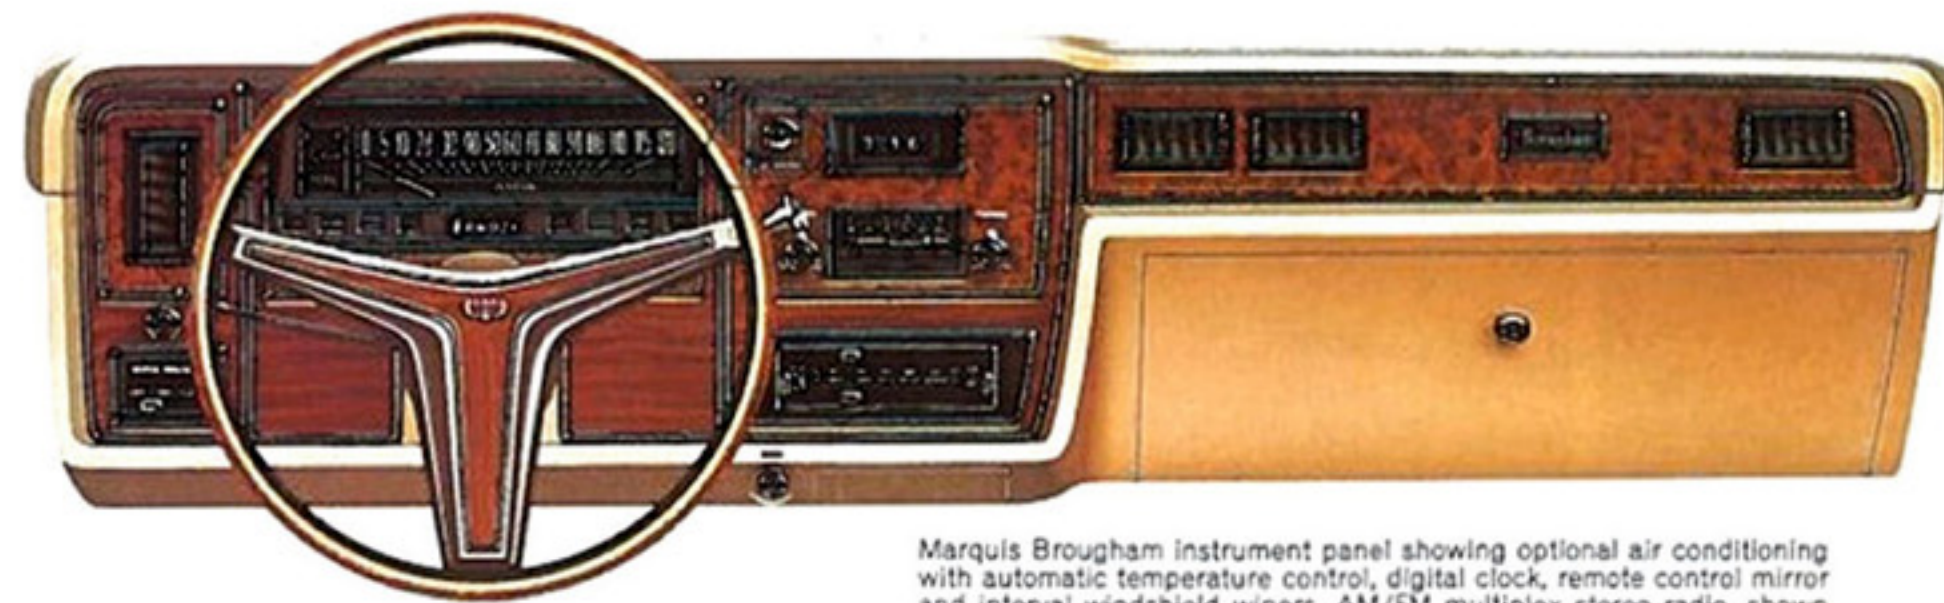

The smaller illustration shows the Marquis Brougham interior with standard flight bench seat in cloth-and-vinyl.

You can choose it in black, medium blue, medium green, beige, gold or saddle.

An optional flight bench seat with fold-down centre armrests is also available on Marquis models.

Mercury Marquis

One of the foundations of the full-size Mercury's fabulously smooth and steady ride is its advanced suspension design. It is specifically tuned for the steel-belted radial ply tires that are standard on this luxurious car. They contribute a positive sense of stability on the road. Although the comfort and richness of Marquis make it every bit a prestige car, you can equip it to your personal tastes so that its luxury is still well within your reach.

Standard features on Mercury Marquis with Custom Trim Option: 460-4V V-8 engine • Select-Shift automatic trans-

mission • Power front disc brakes • Steel-belted radial ply tires • Power steering • Impact absorbing bumpers • 3-Point Restraint System • Deluxe sound insulation • Concealed headlamps • Concealed windshield wipers • Power ventilation • Automatic parking brake release • Fender skirts • Electric clock • Loop-pile carpeting • Courtesy lights • Lighting in luggage compartment, glove box and instrument panel ashtray • Deluxe wheel covers • Ford Motor Company Safety Design Features • Note: Other equipment shown is optional.

Mercury Marquis.

Marquis' fine engineering qualities and design are combined with a Mercury smooth ride and effortless handling to make your driving experience a carefree pleasure. The plush, roomy Marquis interior further adds to your feeling of ease on the road, and contributes to an overall impression that this is indeed a luxury car. This year a distinctive new grille accents Marquis' already elegantly contoured exterior, adding to the car's stylish appearance. Among the standard features offered, 400-2V engine with Solid State Ignition System, Automatic Transmission, Power Steering and Power Front Disc Brakes. Cloth and vinyl seats, glove box and dome lights, and a new 15" steering wheel highlight the

interior standard features. Exterior standard features include deluxe wheel covers, wheel lip mouldings, rocker panel mouldings, and front side marker lights.

Mercury Marquis. An elegantly styled car that puts luxury well within your reach.

Overall width	79.6"	Luggage capacity	20.5 cu. ft.

The 1974 Mercury bumper systems must pass both the pendulum test and barrier impact tests. Specifically, in the pendulum test the bumper is hit three times on each bumper frontal area with a specially shaped pendulum equal to the car mass. Pendulum speed is 5 mph. Additionally one 3 mph hit is required at a 30 degree angle at either corner of the bumper. Specifically, the bumpers meet the 1974 Canadian Motor Vehicle Safety Standards for up to 5 mph frontal

impact protection and up to 5 mph rear impact protection straight into a flat, vertical fixed barrier without preventing normal operation of the car's lighting, latching, fuel, cooling and exhaust systems or of the propulsion, suspension, steering and braking systems. Tests show that, with bumper guards, no substantial damage to sheet metal should result from such a barrier impact at or below these speeds.

Ford Motor Company Safety Design Features

- Dual Hydraulic Brake System with warning light
- Glare-reduced instrument panel padding, windshield wiper arms, steering wheel hub, rearview mirror/mirror mounting and windshield pillars
