The Tough Americans.

Economical cars that are built to last are an American Motors tradition. For 1982, AMC Concord, Spirits, and the amazing 2-wheel drive/ 4-wheel drive American Eagles feature Ziebart® factory rust protection with galvanized steel in 100% of the exterior body panels, the industry's first 5-year No Rust-Thru Warranty and the famous AMC Buyer Protection Plan.®

Who in the World Knows More About 4-Wheel Drive?

Jeep® is the first name throughout the world in four-wheel drive technology with over 40 years of design and engineering experience. In that time, more than 4-million Jeep vehicles have established a tradition of toughness, performance and dependability...a tradition carried on beautifully in the 1982 Jeep CJ, Scrambler, Pickup, Cherokee and Wagoneer.

RENAULT

***Where Great Engineering
Lives in Great Design.***

For 1982, front wheel drive Renault Le Car and Renault 18i offer advanced technology and superb engineering. Renault's mastery of the science and art of automotive engineering have helped it to become the best selling car name in Europe. That mastery is reflected in the fact that Renault cars sold in America are now completely covered by the famous American Motors Buyer Protection Plan.*
