# POWER UP, BE IN CONTROL.

Corsa GSi sure packs a punch. It's powered by a 1.4-litre turbo engine that blends high-performance and agility with low-cost. What more could you ask for?

To take it up a notch, the standard turbo engine has been subtly re-calibrated – exclusively for the GSi – for more power and more control, especially at higher revs.

And with an insurance group of just 20E, finding the right cover could be a little less stressful than you might think.

Build & Price

## Highlights

- 1.4-litre turbo (150PS) engine and six-speed manual gearbox
- Performance enhanced by specific GSi tuning
- Koni Frequency Selective Damping
- Lowered sports suspension
- Switchable ESP and traction control
- 17-inch 5-spoke bi-colour alloy wheels

## Facts and figures

- 150PS and 220Nm of torque
- Acceleration: 0-62mph 8.9 seconds
- Top speed: 129mph

## Frequency selective damping

The Corsa GSi features specially commissioned Koni FSD dampers that adapt almost instantly to changes in road conditions and vehicle behaviour, for ultimate handling without sacrificing ride quality.

## Choice of alloys

Decide how you roll. 17-inch 5-spoke bi-colour alloys are standard fit. Up-size to the 18-inch 5-Y-spoke diamond-cut with a stunning Titan finish\*.
